Discipline And Discord The Politics Of Managerial Control In The Labour Party 1951 87:

The Battle of Ideas in the Labour Party Dimitri Batrouni, 2020-04-22 From Attlee to the birth of New Labour and the advent of Corbynism this book gives a lively account of the ideological developments and dramas in the Labour Party in recent decades Batrouni delves into the totemic battles between hard and soft left examining the destructive and creative elements of key periods of Labour's ideological exhaustion and ideational confusion Providing powerful insights from interviews with some of the most influential thinkers advisors and MPs in the party he goes on to examine the phenomenal emergence of Corbynism the impact of Brexit and what lies ahead for the party *Discipline and Discord in the Labour Party* Eric Shaw, 1988 **The Labour Party and the World, Volume 1** Rhiannon Vickers, 2003 Part of a set tracing the evolution of the Labour Party's foreign policy during the 20th century this text assesses the development and evolution of Labour's world view and follows its foreign policy during World War I the Russian Revolution the Spanish Civil War World War II and the Cold War Leaders of the Opposition T. Heppell, 2012-03-27 Timothy Heppell brings together a renowned group of contributors to consider the role of the Leader of the Opposition in British Politics The book argues that the neglect of opposition studies needs to be addressed especially given the increasing importance attached to the performance the Leader of the Opposition in the British political system **James Callaghan** Kevin Hickson, Jasper Miles, 2020-11-03 In November 1980 James Callaghan retired as leader of the Labour Party He had been on the front line of British politics for many years and was the only person to hold all of the four great offices of state However his premiership is seen as a failure the last gasp of Keynesian social democracy being smothered by the oncoming advent of Thatcherism This book offers a timely reappraisal of Jim Callaghan's premiership and time as Leader of the Opposition in 1979 80 Evolution of the British Party System Robert C. Self, 2014-07-30 By the end of the nineteenth century reform and development of the British electoral system had inaugurated a new style of mass politics which fundamentally transformed the face of the British party system This book traces the evolution of recognisably modern parties from their roots in the 1880s through half a century of dramatic change in organisational structure electoral competition and constitutional thought In the House of Commons the Labour Party replaced the Liberals as the radical answer to the Conservative Party In the country at large the complex web of Victorian social regional and religious allegiances gave way to a cruder but more dynamic model of modern political loyalties The transformation at Westminster and in the constituencies is surveyed in relation to changes to the franchise including the vote for women class consciousness political organisation and doctrine The comprehensive account explains the varying fortunes of the parties in the face of mass democracy collectivism the First World War and economic uncertainty It also provides a critical insight into the debates and conflicts of interpretation which surround this pivotal period in British political history Routledge Handbook of European Politics José Magone, 2014-12-17 Since the Treaty of the European Union was ratified in 1993 the European Union has become an important factor in an ever increasing number of regimes of

pooled sovereignty This Handbook seeks to present a valuable guide to this new and unique system in the twenty first century allowing readers to obtain a better understanding of the emerging multilevel European governance system that links national polities to Europe and the global community Adopting a pan European approach this Handbook brings together the work of leading international academics to cover a wide range of topics such as the historical and theoretical background the political systems and institutions of both the EU and its individual member nations political parties and party systems political elites civil society and social movements in European politics the political economy of Europe public administration and policy making external policies of the EU This is an invaluable and comprehensive resource for students scholars researchers and practitioners of the European Union European politics and comparative politics

The Two Majorities and the Puzzle of Modern American Politics Byron E. Shafer, 2003 Where did the Era of Divided Government come from What sustains split partisan control of the institutions of American national government year after year Why can it shift so easily from Democratic or Republican presidencies coupled with Republican or Democratic Congresses How can the vast array of issues and personalities that have surfaced in American politics over the last forty years fit so neatly within indeed reinforce the sustaining political pattern of our time These big questions constitute the puzzle of modern American politics The old answer a majority and a minority party plus dominant and recessive public issues will not work in the Era of Divided Government Byron Shafer a political scientist who is regarded as one of the most comprehensive and original thinkers on American politics provides a convincing new answer that has three major elements These elements in combination not divided government as a catch phrase are the real story of politics in our time The first element is comprised of two great sets of public preferences that manifest themselves at the ballot box as two majorities The old cluster of economic and welfare issues has not so much been displaced as simply joined by a second cluster of cultural and national concerns The second element can be seen in the behavior of political parties and party activists whose own preferences don't match those of the general public That public remains reliably left of the active Republican Party on economic and welfare issues and reliably right of the active Democratic Party on cultural and national concerns The third crucial element is found in an institutional arrangement the distinctively American matrix of governmental institutions which converts those first two elements into a framework for policymaking year in and year out In the first half of the book Shafer examines how dominant features of the Reagan first Bush Clinton and second Bush administrations reflect the interplay of these three elements Recent policy conflicts and institutional combatants in Shafer's analysis illuminate this new pattern of American politics In the second half he ranges across time and nations to put these modern elements and their composite pattern into a much larger historical and institutional framework In this light modern American politics appears not so much as new and different but as a distinctive recombination of familiar elements of a political style a political process and a political conflict that has been running for a much much longer time

Bolshevism and the British Left: Labour legends and Russian gold Kevin

Morgan,2006 Morgan goes far beyond the question of Russian gold to dig beneath a host of myths and misconceptions He shows that Labour s parliamentary advance was itself inconceivable solely on the basis of the workers and trade union pennies with which it is usually identified In addition to the virtual market that developed in Labour s parliamentary nominations there was almost always a need to cultivate private benefactors not excluding Russian ones Thus as Morgan shows George Lansbury drew on a wide variety of financial sponsors to create the space both for his own political career and for Labour s daily newspaper the Daily Herald As for the communist party itself Russian subsidies often gave rise to fierce internal conflict and controversy it was certainly regarded as mixed blessing by many Kevin Morgan has uncovered some fascinating new material on this period of left history and through his insightful analysis a much more complex picture than hitherto emerges both of Labour communist relations and those between the CPGB and the Comintern

Labour History Review Society for the Study of Labour History,2000

The ILP on Clydeside, 1893-1932 Alan McKinlay,1991 Text and photographs explore the vast array of unusual creatures still to be found in the Galapagos Islands

Politics and Power Lisa Martineau,2000

The Journal of Regional and Local Studies ,1989

The Politics of the Thatcher Revolution Geoffrey K. Fry,2008-04-17 The Thatcher era was the most dramatic period in British politics since the 1940s The Keynesian order established then was falling apart thirty years later and the time had come for radical change As Conservative Prime Minister Margaret Thatcher proved to be the Iron Lady at home and abroad Trade union power was crushed as her Governments strove to bring about an economic renaissance and to reshape the Welfare State the Civil Service and local government This book analyses the politics of the Thatcher era in an incisive and challenging manner

The Retreat of Social Democracy John T. Callaghan,2000 This book examines policy and program in the key social democratic parties of Britain France Germany and Sweden since the 1970s and seeks to situate change in the context of capitalist restructuring It examines mass unemployment faltering economic performance rising inflation and strain on welfare states Callaghan shows how the radical Left within social democracy initially responded to the unfolding crisis of the post war order and why it was ultimately defeated Callaghan s analysis also reveals the extent of the divergence between British Labour s subsequent ideological evolution and that of its sister parties in continental Europe

Labor's Loss Jytte Klausen,1991

Principles and Politics in Contemporary Britain Mark Garnett,2006 This is a comprehensive account of the influence of ideology on contemporary British politics It examines the extent to which parties can be considered to have pursued ideological objectives and analyses the relationship between theory and practice

Paperbound Books in Print ,1992

Hugh Gaitskell Brian Brivati,1996 This biography which explores Gaitskell the man as well as the politician draws on new material from Cabinet papers interviews by the author memoirs and new secondary works published in the last decade

Smear! Stephen Dorril,Robin Ramsay,1991 This book is a revisionist biography of Harold Wilson The authors assert that although Wilson was previously perceived as a villain and egotist unexamined subtext now shows that his behaviour was

intelligible and intelligent and that he was one of the cleverest men of his generation

Whispering the Techniques of Language: An Psychological Quest through **Discipline And Discord The Politics Of Managerial Control In The Labour Party 1951 87**
