

# THE DATA LANDSCAPE WAS SPARSE 20 YEARS AGO

In the early 1990s, few countries had high quality data on the situation of children and women.

**Iodized salt consumption**  
**Only 12 of 99 countries had data**

**Data on children in primary school**  
**Nearly 10 years old on average**

**Data on underweight children**  
**Over 8 years old on average**

 **MICS** was developed in response to countries' need for data.

## MICS HAS CONTRIBUTED TO THE DRAMATIC RISE IN AVAILABLE DATA

**As of 1990: 28 low- and middle-income countries with trend data on malnutrition**

**2015: 119 low- and middle-income countries with trend data on malnutrition**

These maps are stylized and not to scale. They do not reflect a position by UNICEF on the legal status of any country or territory or the delimitation of any frontiers.

*Combating Child Labour A Review of Policies* OECD, 2003-09-07 This important book seeks to answer fundamental questions about child labour's economic causes the working conditions children endure implications of their labour for the economic outlook of the countries concerned and actions and policies to combat it

Water Policy, 2008      The Department of Labor's 2001 Findings on the Worst Forms of Child Labor, 2002      Guidance for monitoring healthy diets globally World Health Organization, Food and Agriculture Organization of the United Nations, United Nations Children's Fund, 2024-06-27 It is vital for countries to monitor their population's diets to inform actions toward improving the health of people and the planet The healthiness of diets must be tracked in global frameworks such as the Sustainable Development Goals SDGs to help monitor how the world's population is faring Currently few countries regularly assess diets and there are no dietary indicators in global monitoring frameworks Recognizing the importance of diets for health and the lack of consensus on how to measure and monitor healthy diets at scale FAO UNICEF and WHO joined forces to chart a way forward via the Healthy Diets Monitoring Initiative HDMI The joint mission of the HDMI is to enable national and global decision makers and stakeholders

to monitor and achieve healthy diets for people and the planet The current guidance document is focused on healthy diets for healthy people This version of the document provides an overview of the range of purposes for measuring the healthiness of diets and offers examples of the dietary assessment methods and types of dietary intake data surveys and metrics that are currently available to monitor healthy diets International Handbook of Population Policies John F. May, Jack A.

Goldstone, 2022-07-01 This Handbook offers an array of internationally recognized experts essays that provide a current and comprehensive examination of all dimensions of international population policies The book examines the theoretical foundations the historical and empirical evidence for policy formation the policy levers and modelling as well as the new policy challenges The section Theoretical Foundations reviews population issues today population theories the population policies framework as well as the linkages between population development health food systems and the environment The next section Empirical Evidence discusses international approaches to design and implement population policies on a regional level The section Policy Levers and Modelling reviews the tools and the policy levers that are available to design implement monitor and measure the impact of population policies Finally the section New Policy Challenges examines the recurrent and emerging issues in population policies This section also discusses prospects for demographic sustainability as well as future considerations for population policies As such this Handbook provides an important and structured examination of contemporary population policies their evolution and their prospects **The Department of Labor's ...**

**Findings on the Worst Forms of Child Labor**, 2001 *Prioritizing Development* Bjorn Lomborg, 2018-06-07 This book is a unique guide to making the world a better place Experts apply a critical eye to the United Nations Sustainable Development agenda also known as the Global Goals which will affect the flow of 2.5 trillion of development aid up until 2030 Renowned economists led by Bjorn Lomborg determine what pursuing different targets will cost and achieve in social environmental and economic benefits There are 169 targets covering every area of international development from health to education sanitation to conflict Together these analyses make the case for prioritizing the most effective development investments A panel of Nobel Laureate economists identify a set of 19 phenomenal development targets and argue that this would achieve as much as quadrupling the global aid budget **Multiple Indicator Cluster Survey (1999)** Nigeria.

Federal Office of Statistics, 1999 *Child Welfare in Developing Countries* John Cockburn, Jane Kabubo-Mariara, 2010-08-09 to establish impact attributing observed changes in welfare to the intervention while identifying key factors of success Impact evaluations are aimed at providing feedback to help improve the design of programs and policies They also provide greater accountability and a tool for dynamic learning allowing policymakers to improve ongoing programs and ultimately better allocate funds across programs Such a causal analysis is essential for understanding the relative role of alternative interventions in reducing poverty The papers in this section again adopt a variety of techniques The first two impact evaluation studies employ propensity score matching to establish ex post a valid control group to assess the impact on child schooling

outcomes among beneficiaries of various interventions in Kenya and Ethiopia The third chapter carries out an ex ante evaluation of alternative cash transfer programs on child school attendance in Uruguay The final paper further carries out in depth macro modeling and micro regression analysis to simulate the impacts of the food crisis and various policy responses including food subsidies and cash transfers on various dimensions of child poverty in Mali Though using different approaches the studies are generally in agreement concerning the positive impact of the cash transfer program on child schooling and labor market outcomes The studies from Kenya and Uruguay both find that the schooling interventions are progressive
