

FROM THE DAIRY OF ANNE FRANK

~Summary~

Anne Frank's First Entry in the Diary

Anne Frank, a thirteen year old girl, was gifted a diary by her father. So, she decided to write in her diary which she considered to be her best friend in loneliness and named it 'Kitty'. She began writing in June 1942. In her first entry, she expressed her desire to confide everything to the diary as she hadn't been able to do so to anyone else. She felt that paper had more patience than people. Secondly she thought that nobody would be interested in her diary as she was a small girl.

Her Childhood and Family

Anne called her father the most adorable person. He was 36 when he married her mother, who was just 25. She had an older sister Margot.

She had about 30 people around her but she had no true friend. They lived in Frankfurt for sometime but as they were Jewish, they had to migrate to Holland for refuge.

Anne's Schooling

She was sent to a Montessori nursery school. She stayed there until she was six. At her farewell, she and her headmistress Mrs Kuperus had tears in their eyes.

Her Grandmother's Death

In the summer of 1941, her grandmother fell ill. She had to be operated upon but she died in January 1942. It gave Anne a shock and she did not write her diary in that period, but after that she wrote again as she thought of her grandmother's love and affection.

Her View About Teachers

Anne was not good at Maths so she and her friends were always worried about it, but she was sure that she would go to the next class. She always considered teachers to be the most unpredictable creatures on the earth. So she told her friends not to lose hope.

coolest educational trends Understanding by Design Grant P. Wiggins, Jay McTighe, 2005 What is understanding and how does it differ from knowledge How can we determine the big ideas worth understanding Why is understanding an important teaching goal and how do we know when students have attained it How can we create a rigorous and engaging curriculum that focuses on understanding and leads to improved student performance in today's high stakes standards based environment Authors Grant Wiggins and Jay McTighe answer these and many other questions in this second edition of Understanding by Design Drawing on feedback from thousands of educators around the world who have used the UbD framework since its introduction in 1998 the authors have greatly revised and expanded their original work to guide educators across the K 16 spectrum in the design of curriculum assessment and instruction With an improved UbD Template at its core the book explains the rationale of backward design and explores in greater depth the meaning of such key ideas as essential questions and transfer tasks Readers will learn why the familiar coverage and activity based approaches to curriculum design fall short and how a focus on the six facets of understanding can enrich student learning With an expanded array of practical strategies tools and examples from all subject areas the book demonstrates how the research based principles of Understanding by Design apply to district frameworks as well as to individual units of curriculum Combining provocative ideas thoughtful analysis and tested approaches this new edition of Understanding by Design offers teacher designers a clear path to the creation of curriculum that ensures better learning and a more stimulating experience for students and teachers alike
