Colorado Medicine ,1907 The Friend Samuel Chenery Damon,1922 *The Art of Post-Dictatorship* Vikki Bell,2014-06-20 Since the end of the last dictatorship in 1983 Argentina s visual artists and art activists have been central to campaigns to demand the criminal prosecution of those initially granted amnesty and to a variety of commemorative projects In *The Art of Post Dictatorship Ethics and Aesthetics in Transitional Argentina* Vikki Bell examines this involvement and intervention She argues that the problematics that arise within the aesthetic realm cannot be understood solely through an art historical approach instead they must be understood as a constitutive part of a broader collective endeavour In this sense the art of post dictatorship is not something that belongs to art or the artists themselves but is about how the subjectivities and imaginations of new generations are constituted and entwined with questions of response ethics and justice It concerns how people align themselves between the past and the future This book will be an invaluable resource for those studying the law politics art and sociology of contemporary Argentina as well as those concerned more widely with transitional justice and the politics of memory
