In *Reading Amplified* Digital Tools That Engage Students in Words Books and Ideas you can look over Lee Ann's shoulder at her computer screen or into her classroom as she guides students to deeper reading and engagement with digital tools ranging from the Google Book search concordance feature to comic strip software. Spillane seeks to take the tedium out of routine tasks we need to teach. By now we've all seen examples of Wordle the technology app that converts chunks of text into a word cloud featuring words of different sizes according to their prevalence in the text. But you haven't seen the real power of Wordle until you've seen Lee Ann Spillane's high school students use it to analyze patterns and symbolism in *The Great Gatsby*. In *Reading Amplified* Digital Tools That Engage Students in Words Books and Ideas you can look over Lee Ann's shoulder at her computer screen or into her classroom as she guides students to deeper reading and engagement with digital tools ranging from the Google Book search concordance feature to comic strip software. Spillane seeks to take the tedium out of routine tasks we need to teach. Her instruction is infused with technology that energizes students but her focus is always on deep learning that motivates them to become passionate and independent readers. It's about the teaching not the tool she reminds us. I do a lot of learning right beside my students. **American Book Publishing Record**, 2005. Teaching English in Rural Communities Robert Petrone, Allison Wynhoff Olsen, 2021-04-01. Showcasing the voices perspectives and experiences of rural English teachers and students. *Teaching English in Rural Communities* promotes equity diversity and inclusivity within rural education. Specifically this book develops a Critical Rural English Pedagogy CREP which draws attention to issues of power representation and justice related to rurality. Based on the assumption that rurality is a social construct CREP critiques deficit laden stereotypes and renderings of rural places and people that circulate in media popular discourse and even education at times. In doing so CREP opens up possibilities for educators and students to use the English classroom as a space to better understand the complex issues they face as rural people and ways to promote more nuanced

and comprehensive representations of rurality In particular this book highlights English rural classrooms whereby students examine representations of rurality in literary and media texts decenter dominant settler colonist narratives of rural spaces places and people develop understandings of Indigenous perspectives and cultural practices particularly related to land stewardship and engage in local outreach to promote inclusivity within rural communities This book also gives special attention to ways race and racism may factor into literacy education in rural contexts and possibilities for rural educators to attend to these issues
