

8. What can we expect from you in your first 90 days?

Ideally the answer to this should come from the employer: they should have plans and expectations for you.

But if you're asked, use this general framework:

- You'll work hard to determine how your job creates value -- you won't just stay busy, you'll stay busy doing the right things.
- You'll learn how to serve all your constituents -- your boss, your employees, your peers, your customers and suppliers and vendors...
- You'll focus on doing what you do best -- you'll be hired because you bring certain skills, and you'll apply those skills to make things happen.
- You'll make a difference -- with customers, with other employees, to bring enthusiasm and focus and a sense of commitment and teamwork...
- Then just layer in specifics that are applicable to you and the job.
