Introduction to Traditional Islam, Illustrated Jean-Louis Michon,2008-07-30 Behind the clamorous headlines of militant and political Islam lies a more serene and cultivated form of traditional Islam Jean Louis Michon a UNESCO advisor tasked with preserving the architectural and artistic heritage of Islam unveils this lesser known dimension of the world s second largest religion **The Historiography of Persian Architecture** Mohammad Gharipour,2015-08-27

Historiography is the study of the methodology of writing history the development of the discipline of history and the changing interpretations of historical events in the works of individual historians Exploring the historiography of Persian art and architecture requires a closer look at a diverse range of sources including chronicles historical accounts travelogues and material evidence coming from archaeological excavations The Historiography of Persian Architecture highlights the political cultural and intellectual contexts that lie behind the written history of Persian architecture in the twentieth century presenting a series of investigations on issues related to historiography This book addresses the challenges complexities and contradictions regarding historical and geographical diversity of Persian architecture including issues lacking in the 20th century historiography of Iran and neighbouring countries This book not only illustrates different trends in Persian architecture but also clarifies changing notions of research in this field Aiming to introduce new tools of analysis the book offers fresh insights into the discipline supported by historical documents archaeological data treatises and visual materials It brings together well established and emerging scholars from a broad range of academic spheres in order to question and challenge pre existing historiographical frameworks particularly through specific case studies Overall it provides a valuable contribution to the study of Persian architecture simultaneously revisiting past literature and advancing new approaches This book would be of interest to students and scholars of Middle East and Iranian Studies as well as Architectural History including Islamic architecture and historiography **The Patterns of Architecture** Mark Garcia,2009-12-21 Pattern making is ubiquitous in both the natural and manmade world The human propensity for pattern recognition and fabrication is innate Encompassing the historical vernacular and parametric this title explores the creation materialisation and theorisation of some of the world s most significant and spectacularly patterned spaces It investigates how interiors buildings cities and landscapes are patterned through design production and manufacturing use time accident and perception It also brings into focus how contemporary advanced spatial practices and CAD CAM are now pushing patterns to encompass a greater range of structural programmatic aesthetic and material effects and properties Extending patterns far beyond the surface notion of style and decoration Patterns of Architecture assesses how and why the deployment of patterns is shaping the future of architecture Analysed through a multidisciplinary and international series of essays and designs from architects engineers

academics researchers and expert professionals in the field Key contributors include Hanif Kara Patrik Schumacher and Alejandro Zaera Polo
