Developing Professional Practice 7-14 Wilson, Viv, Sue Kendall-Seatter, 2010

This is a very impressive text. Though covering a great deal of relevant research, this is far from being a dry read. The authors write in a flowing style that engages the reader whilst offering challenge. Terry Hudson, Teach First Yorkshire and Humber and Sheffield Hallam University, UK, a rich resource for developing a well-informed and critical approach to the subject of Professional Practice. Dr Yvonne Hill, Keele University, UK. This comprehensive guide to teaching ages 14-19 starts with the context of teaching this age group, then explores learning styles and assessment methods before guiding the reader into reflective teaching and inclusive practice. Finally, the book looks at the wider remit of a teacher from extending partnerships to management and leadership. CPD for the Career Development Professional Siobhan Neary, Claire Johnson, 2016-10-14

The career development sector is continually evolving in line with changes in society, technology and the needs of clients. Maintaining and developing the skills and knowledge to practise effectively in any part of the sector is a cornerstone of professional practice. Yet in straitened times, the funding and time to undertake Continuous Professional Development can be difficult to find. This unique handbook contextualises CPD for the sector, examines why it is important and to whom, offers practical insights on practitioner research and reflective practice, and then provides a wealth of information on the many ways in which CPD can be undertaken by both those who are employed and self-employed. With many practical activities, reflection points and case studies throughout, readers will be able to identify their own needs and develop CPD solutions that will support them in developing skills and knowledge to further enhance their own practice. For practitioners who want to own and direct their professional development, this is a must-read guide. **Wider Professional Practice in Education**

and Training Sasha Pleasance, 2016-05-10. Developing an understanding of professional practice is essential for anyone training to teach in the further education and skills sector. This go-to guide will give you a clear understanding of the major topics covered in the mandatory Wider Professional Practice and Development unit of the Level 5 Diploma in Education and Training and more broadly explores the value of professionalism to all aspects of further education. Key coverage includes: Understanding learners and attitudes to learning; How to do action research; Professional observation and development; Making sense of education policy; Teacher expectations; Challenges to equality and diversity; The inclusive curriculum. These topics are discussed within a wider political and socio-economic context and are supported by insightful case studies and activities. This is essential for anyone studying the Diploma in Education and Training and recommended reading for related courses in the further education and skills sector. *Introduction to Professional Practice* Darnice R. Langford, 1996-08

Professional Practice in Health, Education and the Creative Arts Joy Higgs, Angie Titchen, 2008-04-15. Society is rapidly changing its expectations of professionals in all arenas. In this book, we focus on changing patterns of professional practice in health, education and the creative arts. In each of these areas, professional practice is undergoing major reform in a complex and rapidly changing environment. This multi-authored text explores professional practice in four key dimensions: doing, knowing, being and becoming. These concepts have been chosen to represent professional practice as much more than

applying learned knowledge in practice situations The authors present professional practice as a lived and dynamic experience as well as a process a service for and with others and a way of being and behaving The text explores the essential unity of knowledge and practice through discourse narrative imagery and critical debate This is a book for all those seeking to learn and to improve practice Reflection in Learning & Professional Development Jennifer A. Moon,2006

Exploring Education and Professional Practice Kathleen Mahon,Susanne Francisco,Stephen Kemmis,2016-12-20
This book was written to help people understand and transform education and professional practice It presents and extends the theory of practice architectures and offers a contemporary account of what practices are composed of and how practices shape and are shaped by the arrangements with which they are enmeshed in sites of practice Through its empirically based case chapters the book demonstrates how the theory of practice architectures can be used as a theoretical analytical and transformational resource to generate insights that have important implications for practice theory policy and research in education and professional practice These insights relate to how practices are shaped by arrangements and other practices present in specific sites of practice including early childhood education settings schools adult education and workplaces They also relate to how practices create distinctive intersubjective spaces so that people encounter one another in particular ways a in particular semantic spaces b that are realised in particular locations and durations in physical space time and c in particular social spaces By applying such insights readers can work towards changing practices by transforming the practice architectures that make them possible The Handbook for Enhancing Professional Practice Charlotte Danielson,2008
