Lovelock, 1991 Significantly revised restructured and updated to reflect the challenges facing service managers in the 21st

century this book combines conceptual rigor with real world examples and practical applications Exploring both concepts and techniques of marketing for an exceptionally broad range of service categories and industries the Sixth Edition reinforces practical management applications through numerous boxed examples eight up to date readings from leading thinkers in the field and 15 recent cases For professionals with a career in marketing service oriented industries corporate communication advertising and or public relations Achieving Service Excellence C. M. Chang,2013-11-20 As the service sectors play an increasingly important role in all economies worldwide service executives and professionals are well advised to recognize two main pathways to achieving sustainable success in services The first path requires enhancing the strategic differentiation and operational excellence of their service enterprises the second requires that these executives and their employees develop the knowledge and skills needed to achieve such success Specifically this book discusses actionable methodologies needed to generate creative ideas including deciding on which ones to pursue on how to justify projects financially on how to manage the development projects for innovative services and on how to reach out to customers and offer them superior service support *Internal Marketing* Tatsuya Kimura,2017-04-21 Establishing developing or promoting a brand or product in a market stems from aligning of divisions within an organization with the perspective of providing value to customers an idea which is known as internal marketing Unlike external marketing internal marketing ensures that organizational divisions are aligned in the marketing strategies so that the resultant external marketing is effective and not impeded by internal shortcomings This book provides a comprehensive review of internal marketing research and illustrates the role of internal marketing in enhancing the capabilities of a company s internal resources Putting forward a guiding principle for business practices by considering such questions from a multilateral perspective this book is a must read for practitioners and academics alike *The Digital Transformation of Banking* Bilal Sucubaşı,Andrijana Bojadzievska Danevska,Savica Dimitrieska,Elena Parnardzieva Stanoevska,2025-08-28 The banking sector is evolving rapidly due to technological advancements regulatory changes and shifting customer expectations This book addresses these changes by comprehensively analysing key areas where technology intersects with banking It provides a detailed and insightful examination of how technological advances have historically impacted and continue to shape the banking sector It offers an up to date analysis of emerging trends such as Central Bank Digital Currencies CBDCs and artificial intelligence AI helping stakeholders make informed decisions It presents practical insights and strategies for bank marketing and risk management in the contemporary environment Further it underscores current and future trends and highlights the opportunities ethical considerations and challenges when banking and advanced technology meet The book employs frameworks and models applicable across multiple disciplines for example using risk management frameworks that incorporate both financial and technological risks making the analysis more holistic By engaging with a wide range of stakeholders including reports from policymakers financial institutions consultancies and technology providers the research addresses practical concerns and is

grounded in real world challenges and opportunities Finally the use of case studies from different countries and industries provides practical examples that illustrate how interdisciplinary concepts are applied in real world scenarios This method helps bridge theoretical knowledge with practical applications The book proposes specific policy recommendations based on the analysis of CBDCs and risk management practices and the research findings and insights contained in it are accessible and actionable for a broad audience including academics researchers and students as well as policymakers financial institutions and technology providers

Service Quality Roland T. Rust, Richard L. Oliver, 1994 The importance of service and service quality has been growing in the world economy since the late 1970s Establishing new levels of sophistication and rigor as well as a broad set of approaches Service Quality presents the latest research and theory in customer satisfaction and services marketing
