we embrace as supportive of young children's literacy learning are pervasive. Teachers of young children are asked to teach to the test in ways that take away opportunities for holistic, thoughtful, play-oriented practices that allow children to construct knowledge through contextualized and purposeful experiences. In 2009 the Early Childhood Assembly was formed by a group of early childhood educators to provide a home at the National Council for Teacher of English for all who work with young children. Perspectives and Provocations in Early Childhood Education is a publication of the ECEA. The publication is intended to support teachers of young children and those interested in studying about early literacy by putting on offer texts with a strong emphasis on promoting thoughtful practices that enhance the teaching and learning of young children within and across diverse communities. All royalties from the book go to the ECEA to help the organization advance its goals of providing scholarships for early childhood teachers to participate in conferences and professional development events.

The Assignment Jill M. Slawson, 2022-11-04. THE ASSIGNMENT. When Brina Louise Grant, recent graduate of Cyclops their equivalent of West Point, accepted a one-way mission from her 25th century world into the wild west of their mid-1800s, she had no idea it would take her on a journey far and beyond what her wildest imagination could concoct. With a mystical entity by her side, Brina's assignment is to follow the assassin Jesse Loame to the past, tracking him down with orders to kill. Brina's story takes her through a time of personal wonderment, awe, appreciation, and growth. A time of dedication to her cause, an inner conflict to stay true to survive it all, and to win. In the midst of it all, she traverses through times of gun slingers, outlaws, deviates, hired guns, cowboys, town folk, country folk, spiritual beings, ancestors, peace officers, and horses. Those indigenous to the region, chiseled from the core of their own western frontier, struggle to survive. Others, not of that time period, are on their own quest. They have their own agenda, their own assignments. Orders to kill. To kill Brina Louise Grant before she gets to Jesse.

Shawnee Heritage II Don Greene, 2014-12-02. This is the second volume in the series of Shawnee Heritage books by Don Greene. In this volume, Don traces the lineages of some prominent Shawnee, including Cornstalk, Tecumseh, and many others. His research reveals relationships by intermarriage and adoption of the Shawnee with a number of other Native American nations, such as the Powhatan, Cherokee, and Creek. This work pulls together the entries from Shawnee Heritage I, updates them, and puts them in a coherent genealogical framework. This is a valuable book for those with Native American roots, an interest in all things Shawnee, or as an aid in scholarly research. Several appendices provide a linguistic, cultural, and historical context and present Don's view of the rich Heritage of the Shawnee.
