Journalism For B A In Urdu:

Media, War and Terrorism Shoma Munshi, Peter van der Veer, 2004-07-31 This collection of essays covers the media and public debate dimension of the events of 9 11 and beyond from the point of view of Middle Eastern and Asian countries The first part of the book deals with the use of the media as an instrument of warfare the growing significance of religion the emergence of transnational media and a transnational public sphere and the relationship between the West and the rest of the world The second part of the book contains nine case studies relating to different parts of the Middle East and Asian world all with a strong empirical focus while at the same time elaborating the book s theoretical concerns **Mass Media in India 1992** Publications Division, 2017-09-15 This book gives a fair picture of the Mass Media as it operates at national level down to the grassroots level where DFP s network operates shoulder to shoulder with rural masses in the area of inter personal communication The whole volume has been divided into five chapters comprising articles by veteran practitioners of mass media of various shades **Possibility of Politics in India** Akshat Jain, 2025-09-01 This book is an attempt to find new ways of inter disciplinary theorisation about this moment when both the unitary idea of the Indian nation and the bureaucratic dream of a centralised Indian state are falling apart At this juncture the Indian state has two choices Either it can recognise the political nature of the struggles confronting it and radically re imagine itself or it can wage a losing war against the democratic aspirations of people It is essential that political movements in the subcontinent let go of their differences and organise together to agitate for modernisation By bringing these disparate struggles together this book explores the possibility of an alliance between them such that they are able to inform each other against a colonial state Taken together this book is thus an experiment in politics rather than being about specific events The chapters in this book were originally published in various Taylor Francis journals **Handbook of Universities** Ashish Kumar, 2006 The Most Authentic Source Of Information On Higher Education In India The Handbook Of Universities Deemed Universities Colleges Private Universities And Prominent Educational Research Institutions Provides Much Needed Information On Degree And Diploma Awarding Universities And Institutions Of National Importance That Impart General Technical And Professional Education In India Although Another Directory Of Similar Nature Is Available In The Market The Distinct Feature Of The Present Handbook That Makes It One Of Its Kind Is That It Also Includes Entries And Details Of The Private Universities Functioning Across The Country In This Handbook The Universities Have Been Listed In An Alphabetical Order This Facilitates Easy Location Of Their Names In Addition To The Brief History Of These Universities The Present Handbook Provides The Names Of Their Vice Chancellor Professors And Readers As Well As Their Faculties And Departments It Also Acquaints The Readers With The Various Courses Of Studies Offered By Each University It Is Hoped That The Handbook In Its Present Form Will Prove Immensely Helpful To The Aspiring Students In Choosing The Best Educational Institution For Their Career Enhancement In Addition It Will Also Prove Very Useful For The Publishers In Mailing Their Publicity Materials

Even The Suppliers Of Equipment And Services Required By These Educational Institutions Will Find It Highly Valuable
