Gambhirananda,2021-01-01 As a young person of 23 years or so Swami Vivekananda spoke to the Master in this strain I want to remain immersed in samadhi for three or four days continuously breaking it only for a little food But the Master reprimanded him Shame on you You are seeking such an insignificant thing There is a state higher than that even Is it not you who sing Thou art all that exists I thought you would be like a banyan sheltering thousands from the scorching misery of the world But now I see you seek your own liberation A few days later however Shri Ramakrishna blessed him with the experience of Nirvikalpa Samadhi When the beloved disciple came back from that state the Master said Now then the Mother has shown you everything Just as a treasure is locked in a box so will this realization be hidden from you and the key shall remain with me You have work to do When you have finished it the treasure will be unlocked again and you will know everything then just as you do now And thus the beloved disciple of the Master worked on incessantly for the next 16 years with a zeal that one rarely sees surmounting mountain high and unthinkable obstacles not even caring for his own liberation on the way till his body broke down under the stress of intense work at the relatively young age of 39 years and five months And a work was set into motion that laid a strong foundation once more for Hinduism to stand on a firm footing this time against the onslaught of narrow mindedness and sectarianism and bigotry on the one hand and western and modern science on the other hand and thereby vindicating Sri Krishna s teaching that the Lord manifests his power again and again to protect the Eternal Religion Mahatma Gandhi, the Journalist [by] S.
