Jim Murray's Whisky Bible 2021 Jim Murray, 2020-11-26 This is the most comprehensive and thoroughly researched guide to the world's whiskies ever produced. Honest, forthright and proudly independent, Jim Murray has for this 18th edition tasted and rated over 4,500 whiskies, shedding light on more than 1,800 Scottish single malts, nearly 400 blended Scotches and in excess of 900 American whiskies. Jim Murray's Whisky Bible provides an unrivalled and invaluable source of reference to the consumer, the whisky industry and the drinks trade alike. In terms of whisky, this is the gospel. **Jim Murray's**

Whiskey Bible 2022 Jim Murray, 2022-02 Thanks to industry guru Jim Murray and his internationally acclaimed annual Whiskey Bible, the Japanese are now running out of their own single malt and people have fought in Toronto liquor stores to grab the last bottle of his World Whisky of the Year. Rye, Irish Pot Still and Bourbon have all seen a massive resurgence in recent years, not least thanks to the visionary campaigning of the world's first ever full-time professional whisky writer. Murray has tasted nearly 20,000 different whiskies for the Whiskey Bible since it first hit the shelves in 2003. For this 2022 edition, he reflects on over another 1,200. The 4,700 whiskies included in this 2022 edition range from Scottish Single malts to Australian, from Canadian to Austrian. The whiskies from over 30 different countries are included and evaluated in his forthright, honest, amusing, fiercely independent and non-pretentious style. Democratizing Luxury Annika A.

Culver, 2023-12-31 Democratizing Luxury explores the interplay between advertising and consumption in modern Japan by investigating how Japanese companies at key historical moments assigned value or luxury to mass-produced products as an important business model. Japanese name-brand luxury evolved alongside a consumer society emerging in the late nineteenth century with iconic companies whose names became associated with quality and style. At the same time, Western ideas of modernity merged with earlier artisanal ideals to create Japanese connotations of luxury for readily accessible products. Businesses manufactured items at all price points to increase consumer attainability while starkly curtailing production for limited editions to augment desirability. Between the late nineteenth and twenty-first centuries, control over family disposable income transformed Japanese middle-class women into an important market. Growth of purchasing power among women corresponded with Japanese goods diffusing throughout the empire and globally after the Asia-Pacific War, 1931-1945. This book offers case studies that examine affordable luxury consumer items often advertised to women, including drinks, beauty products, fashion, and timepieces. Japanese companies have capitalized on affordable luxury since a flourishing domestic mercantile economy began in the Tokugawa period, 1603-1868, showcasing brand-name shops, renowned artisans, and mass-produced woodblock prints by famous artists. In the late nineteenth century, personalized service expanded within department stores like Mitsukoshi. Shiseido cosmetic counters and designer boutiques. Shiseido now globally markets invented traditions of omotenashi, Japanese values of hospitality expressed in purchasing and consuming its products. In postwar times, when a thriving democracy and middle class were tied to greater disposable income and consumerism, companies rebuilt a growing

consumer base among cautious shoppers democratizing luxury at reasonable prices and maintaining business patterns of accessibility high quality and exemplary service Nationalism amid economic success soon blended with myths of unique Japanese identity in a mass consumer society suffused by commodity fetishism with widely available brand names As the first comprehensive history of iconic Japanese name brands and their unique connotations of luxury and accessibility in modern Japan and elsewhere Democratizing Luxury explores company histories and reveals strategies that lead customers to consume these alluring commodities
