Anupama, 2025-09-22 This edited volume comprehensively explores narrative survival in Indigenous film and literature forging a literary and transitional approach to native writing It navigates the evolution of Indigenous voices spanning the oral tradition and literary forms from colonial times to the present It covers a range of issues related to indigenous inequalities and diversities in film and literature With chapters from global perspectives including North America Canada New Zealand and South Asia it ensures an inclusive exploration of indigenous narratives The diverse chapters address topics such as the aboriginal experience residential school legacy the invisible nation of Algonquins tribal songs decolonial futures caste survival narrative trauma and other marginalized groups such as low castes linguistic minorities and Adivasis tribals The book focuses on innovative concepts to understand the study of a particular indigenous group in isolation from others and more than the conventional comparative study of different indigenous groups It deals with the challenges of achieving local indigenous rights and identities It is a valuable resource for social science and humanities scholars particularly for indigenous scholars development professionals and administrators interested in the issues related to social diversity and indigeneity in a global setting *A Remarkable Political Movement* V. Shanmuganathan, 2014-01-01 This concise book portrays the vignettes of what I call A Remarkable Political Movement It draws upon my experiences in social and political activism This remarkable movement anchored to Indian view of nationalism captivated my imagination Subsequently it became the preoccupation of my life While still young I came across an extraordinary letter written by Pandit Deendayal Upadhyay to his maternal uncle The letter succinctly explains why the ideologue of Jana Sangh wanted to dedicate his life for the cause of the nation Pt Upadhyay says Any individual may achieve a very high degree of progress but that has no significance unless his motherland too registers corresponding progress We are nowadays interested only in reaping the harvest and have forgotten to provide the field with manure Can we not forego a few worthless ambitions for the protection and benefit of our own people The letter turned a refreshing chapter in my life It was an exposition that giving makes one nobler than taking It was in 1951 that Dr Syama Prasad Mookerjee launched the Bharatiya Jana Sangh The BJP is continuing the work of the Jana Sangh with a missionary zeal to make Bharat the greatest country in the world The book also contains some articles on India's rich cultural spiritual and literary life **White Elephant** Jeyamohan, 2026-07-21 A dazzling postcolonial inversion of Heart of Darkness set during the Great Indian Famine of 1878 that recounts its devastating cost to both life and human dignity It is 1878 and Aiden Byrne an Irish police officer in Madras a patnam loyal servant to the crown and Queen Victoria knows that there is no danger that he ought to fear in this heatblasted and famine devastated land But when he discovers two laborers from Tudor Ice Company being brutally whipped in the countryside he is dragged into a world whose surface he has only skimmed before He sees the horrific conditions under which the local workers members of the lowest rung of the caste system process the

mammoth blocks of ice that are carved out of frozen New England lakes and transported to India for use in the drinks and iceboxes of the colonial forces When the two workers disappear presumably killed Byrne is approached by Kathavarayan a charismatic young activist belonging to a lower caste who is looking to put things right He sets Byrne off on a journey that brings him face to face with the bloody toll of the famine raging through the country one that would kill more than eight million people before it was done and forces him to grapple with his own precarious and complicated role in the machinery of the British empire In White Elephant Jeyamohan uses surreal prose and vivid imagery to deliver a searing account of a crucial moment in the history of a nation a city and a people The Abyss Jeyamohan,2025-07-15 Pothivelu Pandaram is

known as a successful God fearing man about town he has a loyal wife three daughters and money to pay for their dowries However it s an open secret that his success is fueled by a trade that is as profitable as it is cruel he owns and breeds a group of physically deformed beggars and places them outside temples to collect money There is Mangandi Samy with just one arm no legs and a little head on top who only speaks in divine songs he himself invents Ahmedkutty an intellectual whose testicles hang to the floor like two great pumpkins Muthammai mother to eighteen children To Pandaram they are only items to be bought and sold like cattle But when he makes an impulsive trade his luck turns Written with an unflinching eye and suffused with a deep existential longing The Abyss is an extraordinary novel for its terrain its fundamental questions about humanity and its depiction of human suffering and liberation Jeyamohan s body of work has shaped modern Tamil literature raw tender and darkly comic The Abyss is widely considered his masterpiece *The Book Review* ,2006 **Plop! Abilash,2019-09-30 If thinking for Descartes is proof of Being I think therefore I am writing to many of us is an act of intense suffering In fact suffering is integral to thinking as well Bertrand Russell s sarcastic comment most people would rather die than think and many of them do perhaps reflects his disdain for the lowly existence of such non thinkers Thinking and writing are interrelated Writing is a natural corollary of the act of thinking While thinking involves sincerity open mindedness flexibility and curiosity writing entails discipline focused and uninterrupted attention not easily available in today s world That would explain why there are very few good writers amidst us However the crux of the matter is this without doubting and questioning there can be no new knowledge and for Descartes the founder of the Rationalist School of philosophical thought therefore doubting and questioning are absolutely important virtues These two acts are constant reminders and indicators of human existence Plop Notes on Heidegger is an outcome of the aforementioned virtues an artistic expression that is creative and critical at once Life is all about trying to make sense of the seemingly nonsensical Meanings are to be made of our everyday life joys sorrows friends enemies and every relationship that we form in this temporal world What is that unifying factor that binds all these the is ness that was crucial to Heidegger It s interesting to learn that this work is born out of such a curiosity a curiosity to understand and make meanings out of certain phenomena perhaps even the most common ones which yet may have gone unnoticed or conveniently ignored all the while As the book is a critique of Heidegger

s philosophy and in their objective to be faithful to his huge breadth of works the authors have discussed a vast gamut of topics ranging from everyday commonplace phenomena to art and culture from freedom to media and technology politics philosophy and education Philosophy is both inclusive and eclectic and this book too reflects that It is also quite heartening to know that our faculty and students have such critical insights and more importantly they are brought to the fore through such creative initiatives I take this opportunity to congratulate the team and also appreciate their efforts A great work indeed from a small team All the essays have been well conceived well researched and written in a way any one can not only understand the philosophical underpinnings of Heidegger s thoughts but also appreciate the relevance of Philosophy as a discipline itself Dr Abilash Chandran is from the Department of English Ms Neha Aggarwal is from Department of Psychology and Mr Ayush is a student of Science So here is an instance of Humanities Social Science and Science bonding to create a new paradigm and for CHRIST which is focused on inter and multi disciplinary approaches to learning this connection is extremely significant As illustrated through the work the possibilities of one s being are limitless and my best wishes to the team to continue to exploring the possibilities by doubting questioning introspecting and reflecting In all this have the courage to be self critical of your own work ideas and practices and that is yet another explicit sign of one s being Best Wishes Dr John J Kennedy Professor and Dean Humanities and Social Sciences Stories of the True Jeyamohan,2025-08-12 A riotous masterful and tender portrait of the real modern India as seen through the truth refracting fiction of Tamil literature s greatest living storyteller A stunning new literary vision of India In these dozen minutely observed stories Jeyamohan juxtaposes the great themes of Indian life politics religion caste violence in illuminating relation to the quiet internal machinery of his characters In A Hundred Armchairs a bureaucrat receives the news that his mother has been found in a hospital for the indigent As he rushes to her side he is visited by memories of his nomadic youth with her of her violence and mania her wild fear for his safety his forced adoption and education by a local guru In Elephant Doctor a young man spends a restive night at an elephant camp waiting for a call from the office of the president he has spent months advocating for an award for his idol Dr Krishnamurthy one of the country s preeminent conservationists But in the still hours of the morning he s haunted by questions about the doctor s enigmatic ways and the strange magic of this dark corner of the forest The tales in Stories of the True live in the shadowland between truth and fiction blending real life with the prismatic effect of Jeyamohan s volatile and incisive prose The result is a collection that shimmers with life and wisdom and a truth greater than truth all on its own Conversations with Mani Ratnam Baradwaj Rangan,2013-12-10 Mani Ratnam s Nayakan is among Time s 100 Best Movies Ever and Roja launched A R Rahman This book unique to Indian cinema illuminates the genius of the man behind these and eighteen other masterly films For the first time ever Mani Ratnam opens up here to Baradwaj Rangan about his art as well as his life before films In these freewheeling conversations candid witty pensive and sometimes combative many aspects of his films are explored Ratnam elaborates in a personal vein on his choice of themes from the

knottiness in urban relationships Agni Natchatiram to the rents in the national fabric Bombay his directing of children Anjali his artful use of songs his innovative use of lighting as also his making of films in Hindi and other languages There are fond recollections of collaborations with stalwarts like Balu Mahendra P C Sreeram Thotta Tharrani and Gulzar among many others And delectable behind the scenes stories from the contrasting working styles of the legendary composer Ilaiyaraaja and Rahman to the unexpected dimensions Kamal Haasan brought to the filming of Nayakan to what Raavan was like when originally conceived In short like Mani Ratnam s films Conversations surprises entertains and stimulates With Rangan s personal and impassioned introduction setting the Tamil and national context of the films and with posters script pages and numerous stills this book is a sumptuous treat for serious lovers of cinema as well as the casual moviegoer looking for a peek behind the process
