Jeyamohan Kaadu Novel :

A Remarkable Political Movement V. Shanmuganathan, 2014-01-01 This concise book portrays the vignettes of what I call A Remarkable Political Movement It draws upon my experiences in social and political activism This remarkable movement anchored to Indian view of nationalism captivated my imagination Subsequently it became the preoccupation of my life While still young I came across an extraordinary letter written by Pandit Deendayal Upadhyay to his maternal uncle The letter succinctly explains why the ideologue of Jana Sangh wanted to dedicate his life for the cause of the nation Pt Upadhyay says Any individual may achieve a very high degree of progress but that has no significance unless his motherland too registers corresponding progress We are nowadays interested only in reaping the harvest and have forgotten to provide the field with manure Can we not forego a few worthless ambitions for the protection and benefit of our own people The letter turned a refreshing chapter in my life It was an exposition that giving makes one nobler than taking It was in 1951 that Dr Syama Prasad Mookerjee launched the Bharatiya Jana Sangh The BJP is continuing the work of the Jana Sangh with a missionary zeal to make Bharat the greatest country in the world The book also contains some articles on India's rich cultural spiritual and literary life *Authorship, Activism and Celebrity* Sandra Mayer, Ruth Scobie, 2023-06-15 Since long before the age of celebrity activism literary authors have used their public profiles and cultural capital to draw attention to a wide range of socio political concerns This book is the first to explore through history criticism and creative interventions the relationship between authorship political activism and celebrity culture across historical periods cultures literatures and media It brings together scholars industry stakeholders and prominent writer activists to engage in a conversation on literary fame and public authority These scholarly essays interviews conversations and opinion pieces interrogate the topos of the artist as prophet and acute critic of the zeitgeist analyse the ideological dimension of literary celebrity and highlight the fault lines between public and private authorial selves pure art political commitment and marketplace imperatives In case studies ranging from the 18th century to present day controversies authors illuminate the complex relationship between literature politics celebrity culture and market activism bringing together vivid current debates on the function and responsibility of literature in increasingly fractured societies □□□□ □□□□□□□□, 2003 Novel survival love and romance without restrictions and barriers
