Speak Laurie Halse Anderson, 2011-05-10 The groundbreaking National Book Award Finalist and Michael L Printz Honor Book with more than 3.5 million copies sold *Speak* is a bestselling modern classic about consent, healing, and finding your voice. *Speak up for yourself* we want to know what you have to say. From the first moment of her freshman year at Merryweather High, Melinda knows this is a big lie, part of the nonsense of high school. She is friendless, an outcast because she busted an end-of-summer party by calling the cops. Now nobody will talk to her, let alone listen to her. As time passes, Melinda becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back and refuses to be silent. From Astrid Lindgren Memorial Award laureate Laurie Halse Anderson comes the extraordinary landmark novel that has spoken to millions of readers. Powerful and utterly unforgettable, *Speak* has been translated into 35 languages, was the basis for the major motion picture starring Kristen Stewart, and is now a stunning graphic novel adapted by Laurie Halse Anderson herself with artwork from Eisner Award winner Emily Carroll. Awards and Accolades for *Speak*: A New York Times Bestseller, A National Book Award Finalist for Young People's Literature, A Michael L Printz Honor Book, An Edgar Allan Poe Award Finalist, A Los Angeles Times Book Prize Finalist, A TIME Magazine Best YA Book of All Time, A Cosmopolitan Magazine Best YA Book, Everyone Should Read Regardless of Age.

3 University of Paderborn Institut für Anglistik und Amerikanistik course Essay Writing language English abstract One cannot not communicate Of course communication does require words that are spoken but there is more to it than that such as intonation the speed of your language breaks laughter sighs your appearance and your body language According to Paul Watzlawick any kind of behavior belongs in the category of communication Since it is not possible to not behave it is also impossible to not communicate even without words Needless to say the spoken word is what most conversations depend on and which represents a major part of communication However language is not innocent and has often been used by many people to manipulate or offend someone else People with a low self esteem often appear quiet and hardly share their actual opinion They fear the negative consequences that could occur after saying something critical Also they neither believe in themselves nor that anyone cares about what they say The issue of a low self perception forms a major idea of Young Adult Fiction which is the genre that particularly addresses the youth as it copes with subject matters adolescents can relate to The author of *Speak* Laurie Halse Anderson positions the main character Melinda very clearly towards communication in the beginning of the book with the following statement It is easier to not say anything Shut your trap button your lip can it All that crap you hear on TV about communication and expressing feelings is a lie Nobody really wants to hear what you have to say Not speaking even if you were able to means breaking up with the ability of communication and severing all your contacts This is how the character Melinda completely isolates herself from her surroundings when she is not speaking which is a consequence to the trauma she suffers after being raped Anderson makes Melinda avoid most trouble and public embarrassments and puts her into a state of shock Although Melinda's inner voice often appears very sarcastic and humorous she hardly speaks to other people around her Still the reader is a witness to the events in Melinda's everyday high school life and learns a lot about her life only from the images that Anderson is describing in each chapter Through a reference structure the author makes sure that the reader constantly perceives Melinda's wellbeing on different levels when she creates images and atmosphere rather than telling the actual meaning of certain subjects **Speak: the Graphic**
