The Briefing Sean Spicer, 2018-07-24 NOW A NATIONAL BESTSELLER Wall Street Journal Bestseller USA Today Bestseller Publisher's Weekly Bestseller Conservative Book Club Bestseller One of the best reads of 2018 Sean Hannity The book is well worth your time Megyn Kelly A story told with both heart and knowledge Really good go get it President Donald J Trump No job is more of a pressure cooker than being a White House press secretary especially in this White House For more than two decades Sean Spicer had been a respected political insider working as a campaign and communications strategist But in December 2016 he got the call of a lifetime President elect Donald J Trump had chosen him to be the White House press secretary And life hasn t been the same since When he accepted the job Spicer was far from a household name But then he walked into the bright lights of the briefing room and the cameras started rolling His every word was scrutinized Every movement was parodied Every detail became a meme And that s just the public side Behind the scenes things were almost as difficult in an administration plagued by leaks that frustrated and angered both Spicer and the president Not to mention the extraordinary pressures on Spicer's family and his faith Now in his provocative and enlightening political memoir The Briefing Spicer reveals the truth behind some of the biggest news stories of our time and he offers a glimpse into what it s like to stand at the press secretary s podium and how he got there The Briefing is the first insider account written by someone who worked on the Trump campaign with the Trump transition team and in the Trump White House and has seen Donald Trump rallying voters building an administration and making crucial policy decisions Spicer's riveting and personal account makes The Briefing the must read political memoir of the year Conspiracy Ryan Holiday, 2019-06-25 An NPR Book Concierge Best Book of 2018 A Sunday Times of London Pick of the Paperbacks A stunning story about how power works in the modern age the book the New York Times called one helluva page turner and The Sunday Times of London celebrated as riveting an astonishing modern media conspiracy that is a fantastic read Pick up the book everyone is talking about In 2007 a short blogpost on Valleywag the Silicon Valley vertical of Gawker Media outed PayPal founder and billionaire

investor Peter Thiel as gay Thiel s sexuality had been known to close friends and family but he didn t consider himself a public figure and believed the information was private This post would be the casus belli for a meticulously plotted conspiracy that would end nearly a decade later with a 140 million dollar judgment against Gawker its bankruptcy and with Nick Denton Gawker's CEO and founder out of a job Only later would the world learn that Gawker's demise was not incidental it had been masterminded by Thiel For years Thiel had searched endlessly for a solution to what he d come to call the Gawker Problem When an unmarked envelope delivered an illegally recorded sex tape of Hogan with his best friend s wife Gawker had seen the chance for millions of pageviews and to say the things that others were afraid to say Thiel saw their publication of the tape as the opportunity he was looking for He would come to pit Hogan against Gawker in a multi year proxy war through the Florida legal system while Gawker remained confidently convinced they would prevail as they had over so many other lawsuit until it was too late The verdict would stun the world and so would Peter s ultimate unmasking as the man who had set it all in motion Why had he done this How had no one discovered it What would this mean for the First Amendment For privacy For culture In Holiday's masterful telling of this nearly unbelievable conspiracy informed by interviews with all the key players this case transcends the narrative of how one billionaire took down a media empire or the current state of the free press It s a study in power strategy and one of the most wildly ambitious and successful secret plots in recent memory Some will cheer Gawker's destruction and others will lament it but after reading these pages and seeing the access the author was given no one will deny that there is something ruthless and brilliant about Peter Thiel s shocking attempt to shake up the world
