Managing Digital Charles Betz,2018 About This Book This book Managing Digital Concepts and Practices is intended to guide a practitioner through the journey of building a digital first viewpoint and the skills needed to thrive in the digital first

world. As such this book is a bit of an experiment for The Open Group. It is structured as a traditional standard or guide. Instead, it is structured to show the key issues and skills needed at each stage of the digital journey, starting with the basics of a small digital project, eventually building to the concerns of a large enterprise. So feel free to digest this book in stages. The section Introduction for the student is a good guide. The book is intended for both academic and industry training purposes. This book seeks to provide guidance for both new entrants into the digital workforce and experienced practitioners seeking to update their understanding on how all the various themes and components of IT management fit together in the new world.

About The Open Group Press The Open Group Press is an imprint of The Open Group for advancing knowledge of information technology by publishing works from individual authors within The Open Group membership that are relevant to advancing The Open Group mission of Boundaryless Information Flow. The key focus of The Open Group Press is to publish high quality monographs as well as introductory technology books intended for the general public and act as a complement to The Open Group Standards Guides and White Papers. The views and opinions expressed in this book are those of the author and do not necessarily reflect the consensus position of The Open Group members or staff.

Be More Chill Ned Vizzini, 2019-07-23 The groundbreaking novel that inspired the Tony nominated Broadway musical. Jeremy Heere is your average high school dork. Day after day he stares at beautiful Christine, the girl he can never have, and dryly notes the small humiliations that come his way. Until the day he learns about the squip, a pill-sized supercomputer that you swallow. The squip is guaranteed to bring you whatever you most desire in life. By instructing him on everything from what to wear to how to talk and walk, the squip transforms Jeremy from geek to the coolest guy in class. Soon he is friends with his former tormentors and has the attention of the hottest girls in school. But Jeremy discovers that there is a dark side to handing over control of your life, and it can have disastrous consequences. This modern-day classic by New York Times best-selling author Ned Vizzini contains photos from the Broadway musical, an introduction by the Broadway showcreators Joe Iconis and Joe Tracz, and an afterword by New York Times best-selling author David Levithan.
