Assessment for Learning Rita Berry, 2008-09-01 Assessment is an important part of effective teaching and learning It allows achievements to be recognized and helps both teachers and learners to reflect on and review their performance and progress While assessment has long been an end of learning activity to measure what learners can do the outcome oriented approach does not always foster learning motivation effectively A new perspective now encourages ongoing appraisal in the classroom to improve learning This book reflects current thinking of assessment with a stated focus on assessment for learning AfL It informs teachers about the latest developments and provides teachers with important tools for integrating assessment in the classroom The discussions on assessment theories are in depth and the examples used for illustrating the concepts are plentiful

School Leadership in the Context of Standards-Based Reform Louis Volante, 2012-05-16 Although standards based reform emerged in the United States and the United Kingdom the idea has spread across the world as an approach to systemic reform It might appear that there is a world wide tsunami of standards based reform that will standardize and homogenize the educational system across the globe This volume makes it very clear however that there is no one approach to standards based reform and countries change there is a danger in paying attention to its evolution and impact in only one context That's what makes this volume so valuable Louis Volante has drawn together

descriptions from a wide range of countries all involved in large scale reform and using standards and assessments as part of their process What becomes very obvious is that the language may be the same but the words reflect different contexts and can represent very different ideals values and processes I m sure you will find this book as interesting and challenging as I have a gem that pushes your thinking and does not allow readers to remain neutral Lorna Earl **Daily Giving Service**

Moir M. W. Chan-Yeung,2022-11-11 In Daily Giving Service A History of the Diocesan Girls School Hong Kong Moira M W Chan Yeung and her fellow contributors present a comprehensive history of one of Hong Kong s oldest girls schools As an alumna of the school Chan Yeung traces the history of her alma mater from its establishment in 1860 its development over the last 150 years until the recent decade Having experienced stability and turbulences in Hong Kong in the twentieth century the school has become one of the most prominent girl s schools in the city In several chapters written by other alumni various aspects of school life of different eras are reconstructed and remembered The author and other contributors focused on the postwar era in which Hong Kong grew from a small city to a global metropolitan The expansion of the Diocesan Girls School largely followed this trend The history of the school has also long been connected with the socio economic development of Hong Kong society sharing its happiness and sadness This book is likely to become the gold standard against which all future school histories in Hong Kong are judged Comprehensive insightful and full of fascinating anecdote the inspiring story of DGS is told both chronologically in Moira Chan s main text and thematically in the specialist chapters contributed by her co authors This is a school history that tells us much about the larger story of education in Hong Kong while focusing on a single educational institution Peter Cunich Director Centenary History Project The University of Hong Kong The history of DGS reinforces my observation that Hong Kong schools form an unusual system that combines the best of East and West in the philosophy and practice of education The younger schools in Hong Kong that mushroomed later were basically modelled after schools such as DGS That accounts for the excellence envied by many Cheng Kai ming SBS JP Professor Emeritus The University of Hong Kong The history of DGS reveals how the path taken by the school over the years reflects the very qualities that define a person DGS like our home Hong Kong has witnessed in equal measure challenges disasters and triumphs and has dealt with them with equanimity Dignity respect tolerance courage fairness honesty and of course excellence underpinned by pastoral care represent those essential qualities that have had to be called upon As we now know they have become the minimum tools expected of her students to realise fully their true potential in life and properly contribute to our community This is their story The Honourable Mr Geoffrey Ma Tao li GBM Former Chief Justice of the Court of Final Appeal 2010 2021 **Making Sense of Education in Post-Handover Hong Kong** Thomas Kwan-Choi Tse,Michael H. Lee,2016-11-10 Since 1997 when Hong Kong became a Special Administrative Region of the People s Republic of China a string of education reforms have been introduced to improve the quality of education and maintain Hong Kong s economic competitiveness in the age of globalization This book provides a comprehensive and critical analysis of

major issues and challenges faced by the education system ranging from pre school to higher education It analyses the prospects for educational development in Hong Kong It further addresses how the Hong Kong government has responded to the perceived challenges of the external environment and internal forces and explains the rationales for the actions taken Not only does it review how the reform initiative challenges have been dealt with it also reviews how effective these initiatives are and its implications on future directions 中國大學香港中文大學,2006 *Hong Kong Soft Power* Frank Vigneron,2018-03-15 In late 2014 the prodemocracy demonstrations that were called the Umbrella Movement revealed to the world that Hong Kong was not the moneyobsessed society it had often been portrayed as Hong Kong Soft Power is a description of the complex relationship the artists and activists of this city have had with the country it has been part of since 1997 Trying to understand all the varied forms of art practices possible in the Special Administrative Region by locating them within a relational model and situating them within the dynamic and changing art ecosystem that has developed over the last decade Hong Kong Soft Power describes the local art field as a site of struggle where the connections with Chinese Mainland institutions and art practices play a fundamental role This is not to say that this influence has entirely dominated the local art field and this book also emphasizes how the artists of the city have engaged in practices ranging from the most personal to the most sociallyoriented With the analysis of the works of about fifty local art practitioners and a representative range of art institutions Hong Kong Soft Power is the portrait of a culture going through the trials and tribulations of rapid political and economic changes in both its negative and positive effects

Controversies in Medium of Instruction Reform Shek Kam Tse,Wing Wah Ki,Mark Shiu Kee Shum,2021-10-25 The book is an in depth and comprehensive analysis of the case of language in education reform and language policy controversies of Hong Kong over the initial two decades after 1997 It is a scholarly monograph of conscientious educators and researchers who have been active during the education reform collaborating with different parties on school development and classroom teaching experiments This book provides a multiple perspective investigation into the education and language matters Besides socio political perspectives this book also emphasizes the frontline educational and practical perspectives The book explores the benefits and effective methods of mother tongue and multi lingual teaching that have emerged in the period Based on the problematic experience of language purism and bifurcation in the reform the book argues for an inclusive multilingual education policy with mother tongue as the core This book provides potential solutions and good practices to tackle the complex issues brought about by medium of instruction policy reforms in post colonial times

Researching Chinese Language Education Mark Shiu-kee Shum,Peter Mikan,2018-09-13 The culmination of more than a decade of research this compelling volume offers a fresh approach for applying functional linguistics to assess student performance to inform the teaching and learning of Chinese and to design curriculum and teaching materials Documenting authentic systemic functional linguistics SFL studies in researching and teaching Chinese as a first or second language this research is set in the

multilingual settings of Hong Kong and Australia The experiences of SFL and genre teaching in English have been well demonstrated as valid viable and practical in different contexts however this volume covers the relatively new domain of research into the applications of SFL to the teaching of Chinese Using SFL as the research framework the authors cover three major areas in Chinese language education effective pedagogies curriculum and material design and text analysis Covering major local curriculum reforms and the rapid growth of International Baccalaureate programmes worldwide this book will be of interest to linguists language teachers and teacher educators and those involved in the teaching and learning of Chinese around the world *Hong Kong* ,1990 **Immersion Education** Diane J. Tedick, Donna Christian, Tara Williams Fortune, 2011 This volume showcases the practice and promise of immersion education through in depth investigations of program design implementation practices and policies in one way two way and indigenous immersion programs Contributors present new research and reflect on possibilities for strengthening practices and policies in immersion education to increase programmatic impact and promote higher levels of language proficiency and literacy among learners
