The Trolley Problem, or Would You Throw the Fat Guy Off the Bridge? Thomas Cathcart, 2013-09-10 A trolley is careering out of control Up ahead are five workers on a spur to the right stands a lone individual You a bystander happen to be standing next to a switch that could divert the trolley which would save the five but sacrifice the one do you pull it Or say you re watching from an overpass The only way to save the workers is to drop a heavy object in the trolley s path And you re standing next to a really fat man This ethical conundrum based on British philosopher Philippa Foot s 1967 thought experiment has inspired decades of lively argument around the world Now Thomas Cathcart coauthor of the New York Times bestseller *Plato and a Platypus Walk into a Bar* brings his sharp intelligence quirky humor and gift for popularizing serious ideas to the trolley problem Framing the issue as a possible crime that is to be tried in the Court of Public Opinion Cathcart explores philosophy and ethics intuition and logic Along the way he makes connections to the Utilitarianism of Jeremy Bentham Kant s limits of reason St Thomas Aquinas s fascinating Principle of Double Effect and more Read with an open mind this provocative book will challenge your deepest held notions of right and wrong Would you

divert the trolley Kill one to save five Would you throw the fat man off the bridge **The Case against Death** Ingemar Patrick Linden,2022-02-01 A philosopher refutes our culturally embedded acceptance of death arguing instead for the desirability of anti aging science and radical life extension Ingemar Patrick Linden s central claim is that death is evil In this first comprehensive refutation of the most common arguments in favor of human mortality he writes passionately in favor of antiaging science and radical life extension We may be on the cusp of a new human condition where scientists seek to break through the arbitrarily set age limit of human existence to address aging as an illness that can be cured The book however is not about the science and technology of life extension but whether we should want more life For Linden the answer is a loud and clear yes The acceptance of death is deeply embedded in our culture Linden examines the views of major philosophical voices of the past whom he calls death s ardent advocates These include the Buddha Socrates Plato Lucretius and Montaigne All have taught what he calls the Wise View namely that we should not fear death After setting out his case against death Linden systematically examines each of the accepted arguments for death that aging and death are natural that death is harmless that life is overrated that living longer would be boring and that death saves us from overpopulation He concludes with a dialogue concerning the badness of human mortality Though Linden acknowledges that The Case Against Death is a negative polemic he also defends it as optimistic in that the badness of death is a function of the goodness of life

Philosophy: A Complete Introduction: Teach Yourself Sharon Kaye,2014-01-31 Written by Sharon Kaye who is Professor of Philosophy at John Carroll University Philosophy A Complete Introduction is designed to give you everything you need to succeed all in one place It covers the key areas that students are expected to be confident in outlining the basics in clear jargon free English and then providing added value features like summaries of key books and even lists of questions you might be asked in your seminar or exam The book uses a structure that mirrors many university courses on philosophy using the work of key philosophers to springboard into a discussion of all the main areas of philosophy Teach Yourself titles employ the Breakthrough method which is designed specifically to overcome problems that students face Problem I find it difficult to remember what I ve read Solution this book includes end of chapter questions and summaries and flashcards of key points available on line and as apps Problem Most books mention important other sources but I can never find them in time Solution this book includes key texts and case studies are summarised complete with fully referenced quotes ready to use in your essay or exam Problem Lots of introductory books turn out to cover totally different topics than my course Solution this book is written by a current university lecturer who understands what students are expected to know Biblical Sterne Ryan J. Stark,2021-01-14 Is Laurence Sterne one of the great Christian apologists Ryan Stark recommends him as such perhaps to the detriment of the parson s roguish reputation The book s aim however is not to dispel roguishness but rather to discern the theological motives behind Sterne s comic rhetoric from Tristram Shandy and the sermons to A Sentimental Journey To this end Stark reveals a veritable avalanche of biblical themes and allusions to be found in Sterne often and seemingly

awkwardly in the middle of sex jokes and yet the effect is not to produce irreverence On the contrary we find an irreverently reverent apologetic Stark argues and a priest who knows how to play gracefully with religious ideas Through Sterne in fact we might rethink humour's role in the service of religion

A Guidebook to Monsters Ryan J. Stark, 2024-02-23 Ryan J Stark surveys the classic monsters in great literature and film television the Bible and perhaps unexpectedly the world in which we live Monsterdom is real Stark observes but often hidden beneath the concealment spell of modern secular thought This guidebook aims to break that spell and if so to confirm once more a world that brims with high strangeness or what Christian philosophers have always called reality The book appeals to those who study the paranormal dimensions of religion and horror broadly imagined The clergy will also find it helpful as will players of monster riddled video games *CPR for the Soul* Tom Stella, 2023-10-11

Afterlives E. Beth Allan, 2013-06-25 It's 2012 and the world is in the midst of a geopolitical meltdown As earthquakes and floods threaten the land solar flares and space junk threaten the sky Nestled in the Rocky Mountains Valhalla is one of the last strongholds of civilization in the USA Except the city is divided After the council built a Wall to keep refugees out the inner districts fought for independence and the right to let them in Meanwhile one girl flees her safe suburban home in search of the people who will be partying till the very end and finds true love along the way Afterlives is the sequel to Afterhours which was based around a nightclub in 2003 Back then business was good and the parties were plenty now the club is closed and almost 20 people call it home What will become of the gang Who will survive And if they die where if anywhere will they go
