Lay, 2009-04-01 This broad ranging collection of the primary sources that have shaped the theology of Christianity spans Old Testament to modern writings This historical theology textbook includes informative introductions and guiding questions from the author **Rereading Historical Theology** Margaret R. Miles, 2008-01-01 Augustine of Hippo is arguably the most influential author in the history of Christian thought and institutions Yet he has been revered by some reviewers and vilified by others Contemporary critical approaches to historical authors can illuminate features of Augustine's thought and activities that are not noticed when reviewers' attention is either exclusively sympathetic or intransigently critical Anyone who seeks to present an Augustine who has relevance for the twenty first century must somehow hold together delight in the beauty of his prose and the profundity of his thought with dismay over some of the intentions and effects of his teachings The essays in this book endeavor to read Augustine simultaneously critically and appreciatively Miles

places his thought in the context of his classical heritage and notices how pervasive in later Christian authors are the themes that informed Augustine's thought. Understanding his writings as a passionate effort to describe a metaphysical universe that accounts for the endlessly fascinating mystery of embodied life makes many of Augustine's proposals accessible, useful, and delightful in the context of contemporary quandaries and issues. His conclusions are less important than his method. In Augustine, knowledge and life mutually illuminate, energize, and critique each other, exemplifying the practice of a fully human life. Exploring some of his most persistent themes, these essays seek to show how Augustine's theology works.

Historical Theology Jaroslav Pelikan, 2014-02-01. Change is a universal phenomenon that commands the attention of the

historian For Christian theology change raises special difficulties How are we to reconcile the notion of the revelation of an unchanging God who is abiding truth with the notion of the pervading mutability of all human affairs This problem which is as old as religion is intensified by the Christian belief in the fullness and finality of the revelation made through Jesus Christ Professor Pelikan begins his study of historical theology with this basic problem and traces the origins of the difficulties that inevitably follow upon the admission of the possibility of change His investigations lead him to critically examine the dogmatic solution of Vincent of Lerins the later dialectical interpretation of Abelard the approach of Thomas Aquinas and finally the nineteenth century s Adolf von Harnack to propose a working definition of Christian doctrine and of the task of the historical theologian Pelikan s work is a perceptive and penetrating study of the interaction of history and theology Theology must be historical because man is historical To neglect history or worse still to renounce it is to deny man and theology their common future Historical Theology is a worthy introduction to a task that must continually seek to weld past present and future into a living whole

Historical Theology Jaroslav Pelikan, 1971 *A Historical Theology of Worship* Elaine Sarah Colechin, 2024-10-29 Why does the church worship as it does Worship is central to the life and vocation of the church Yet the church's understanding of worship is more often connected to practicalities and a congregation's likes or dislikes This book seeks to take the reader beyond the practical to explore where God is in worship and the impact worship should have on the life of the church Through a historical narrative of the evolution of worship in a British Free Church the United Reformed Church and its antecedents the Congregational Church in England and Wales and the Presbyterian Church of England freedom order and participation are identified as the key elements of worship Investigation into their interrelationship develops a theology of worship that is applicable not only to churches of the Free Church tradition in Britain but potentially to the universal church
