History Is Wrong Erich von Däniken, 2025-09-12 History is Wrong will challenge your intellect and maybe a few long held beliefs This is Erich von Daniken s best book in years Erich von Daniken again shows his flair for revealing the truths that his contemporaries have missed After closely analyzing hundreds of ancient and apparently unrelated texts he is now ready to proclaim that human history is nothing like the world religions claim and he has the proof In History is Wrong Erich von Daniken takes a closer look at the fascinating Voynich manuscript which has defied all attempts at decryption since its discovery and makes some fascinating revelations about the equally incredible Book of Enoch Von Daniken also unearths the intriguing story of a lost subterranean labyrinth in Ecuador that is said to be home to an extensive library of thousands of gold panels He supplies evidence that the metal library not only has links to the Book of Enoch but also to the Mormons who have spent decades searching for it believing it to contain the history of their forefathers And what about the mysterious lines in the desert of Nazca that look like landing strips when viewed from the air Archeologists claim they are ancient procession routes Think again cries von Daniken as he reveals the data that the archeologists never even thought to check

inspired goose to the Crusades Was Captain Cook really devoured by cannibals or was it just a terrible misunderstanding
 What the hell is a periwig and why did the best dressed seventeenth century men insist on wearing them Lightbulb Moments
 in Human History From Peasants to Periwigs by Scott Edwin Williams is not the history you were taught in school It
 demonstrates that despite all evidence to the contrary our world is actually getting better So grab a mug of mead slap on
 your finest periwig and dive into the rich history of human ingenuity **Odyssey of the Gods** Erich von
 Däniken, 2025-09-12 Erich von Däniken's monumental Chariots of the Gods changed the way generations have looked at
 mythology ancient history and the possibility of advanced beings from other worlds visiting Earth Now he tackles the history
 of Greece and again challenges our beliefs about how our civilization arose Using painstaking archaeological research and
 evidence from the writings of Plato and Aristotle he suggests that the Greek myths were in fact very much a reality that the
 Greek gods were actually extraterrestrial beings who arrived on Earth many thousands of years ago Many of you may find
 von Däniken's conclusions astounding but they are argued with such vigor and clarity that you'll be forced to consider the
 implications of his findings for mankind Odyssey of the Gods includes new eye opening information about A revolutionary
 interpretation of the sites and legends of ancient Greece The conflict between alien gods and humans The true origin of
 centaurs the Cyclops and other mythical creatures A startling new explanation of the Atlantis legend **The Journal of
 Long Island History**, 1968 The Gods Were Astronauts Erich von Däniken, 2023 Why do nearly all the world's major
 religions share such similar myths and legends Whether it's the Old Testament ancient legends or the creation myths of New
 Zealand's natives you come across similar stories everywhere This book propounds and offers persuasive evidence that the
 winged angels populating the Bible Koran and other religious texts from cultures the world over were in reality
 extraterrestrials who visited the Earth in ages long past Intellectually challenging and provocative these findings may shake
 the foundations of both science and faith **The Origin of Race and Civilization, Or an Exposé of the False Christian

 and Subhuman Races, Adamic Man, Israelites, Cultures and Civilizations** Charles A. Weisman, 1990 *Cult of Alien
