hundreds of millions of perfectly ordinary people made history they became the only ones who would remember what it was like when the Harry Potter saga was still unfinished What it was like to seek out friends families online forums fan fiction and podcasts to get a fix between novels When the potential death of a character was a hotter bet than the World Series When the unfolding story of a boy wizard changed the way books are read for all time And as webmistress of the Leaky Cauldron one of the most popular Harry Potter sites on the Internet Melissa Anelli had a front row seat to it all Whether it was helping Scholastic stop leaks and track down counterfeiters hosting live PotterCasts at bookstores across the country touring with the wizard rock band Harry and the Potters or traveling to Edinburgh to interview J K Rowling personally Melissa was at the center of the Harry Potter tornado and nothing about her life would ever be the same The Harry Potter books are a triumph of the imagination that did far more than break sales records for all time They restored the world s sense of wonder and took on a magical life of their own Now the series has ended but the story is not over With remembrances from J K Rowling s editors agents publicists fans and Rowling herself Melissa Anelli takes us on a personal journey through every aspect of the Harry Potter phenomenon from his very first spell to his lasting impact on the way we live and dream A Muggle's Guide to the Wizarding World Fionna Boyle,2004 This book has not been authorized by J K Rowling Warner Bros or anyone associated with the Harry Potter books or movies From Azkaban to zombies every aspect of the enthralling universe in J K Rowling s Harry Potter series is explained expanded and celebrated in this literary guidebook for Muggles humans who are often not aware of the magical world that witches and wizards inhabit Characters creatures locations and objects in the series are explored including the magicians school Hogwarts the sport of Quidditch and the practitioners of the dark arts Enthusiasts of the series will find supplementary information on the historical roots of the symbolism and mythology used in the series how the books and movies compare and creative ideas for throwing a Harry Potter themed party Muggles and Magic George Beahm,2007 Everyone knows the story of Harry Potter and the rags to riches success of its author J K Rowling but Muggles and Magic thoroughly examines every nook and cranny of the Potter universe including Rowling s life before and after Harry Complete with an in depth look at the real world of J K Rowling including coverage of her trip to New York City in 2006 a behind the scenes peek at the making of the Potter films and 16 big bold pages of photos Muggles and Magic is certain to appeal to Potter fans of all ages **Ultimate Unofficial Guide to the Mysteries of Harry Potter** Galadriel Waters,Astre Mithrandir,2003 An analysis of the clues mysteries and puzzles which are in J K Rowling s Harry Potter books A Guide to the Harry Potter Novels Julia Eccleshare,2002 How is it that J K Rowling s apparently simple fantasy school stories have so completely won the hearts and heads of child and adult readers all over the world Is it that an exceptional marketing campaign has bamboozled otherwise cool headed and cold hearted critics Or is it that our era has a deep seated need for calm and order to help us to cope with new and distant horizons Or could it be that children yearn for the magical lives of characters that contrast with their own increasingly constrained and protected existence **School Library Media**
