Tamdgidi, 2024-03-01 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a twelve book series of which this book is the seventh volume subtitled Khayyami Art The Art of Poetic Secrecy for a Lasting Existence Tracing the Robaiyat in Nowrooznameh Isfahan's North Dome and Other Poems of Omar Khayyam and Solving the Riddle of His Robaiyat Attributability Each book independently readable can be best understood as a part of the whole series In Book 7 Tamdgidi shares his updated edition of Khayyam's Persian book Nowrooznameh The Book on Nowrooz and for the first time his new English translation of it followed by his analysis of its text He then visits recent findings about the possible contribution of Khayyam to the design of Isfahan's North Dome Next he shares the texts and his new Persian where needed and English translations and analyses of Khayyam's other Arabic and Persian poems Finally he studies the debates about the attributability of the Robaiyat to Omar Khayyam Tamdgidi verifiably shows that Nowrooznameh is a book written by Khayyam arguing that its unreasonable and unjustifiable neglect has prevented Khayyami studies from answering important questions about Khayyam's life works and his times Nowrooznameh is primarily a work in literary art rather than in science tasked not with reporting on past truths but with creating new truths in the spirit of Khayyam's conceptualist view of reality Iran in fact

owes the continuity of its ancient calendar month names to the way Khayyam artfully recast their meanings in the book in order to prevent their being dismissed given their Zoroastrian roots during the Islamic solar calendar reform underway under his invited direction The book also sheds light on the mysterious function of Isfahan s North Dome as a space revealing it as having been to serve as part of an observatory complex for the annual Nowrooz celebrations and leap year declarations of the new calendar The North Dome to whose design Khayyam verifiably contributed and in fact bears symbols of his unitary view of a world created for happiness by God marks where the world s most accurate solar calendar of the time was calculated It deserves to be named after Omar Khayyam not Taj ol Molk and declared as a cultural world heritage site Nowrooznameh is also a pioneer in the prince guidance books genre that anticipated the likes of Machiavelli s The Prince by centuries the difference being that Khayyam s purpose was to inculcate his Iranian and Islamic love for justice and the pursuit of happiness in the young successors of Soltan Malekshah Iran is famed for its ways of converting its invaders into its own culture and Nowrooznameh offers a textbook example for how it was done by Khayyam Most significantly however Nowrooznameh offers by way of its intricately multilayered meanings the mediating link between Khayyam s philosophical theological and scientific works and his Robaiyat showing through metaphorical clues of his beautiful prose how his poetry collection could bring lasting spiritual existence to its poet posthumously Khayyam s other Arabic and Persian poems also provide significant clues about the origins the nature and the purpose of the Robaiyat as his lifelong project and magnum opus Tamdgidi argues that the thesis of Khayyam s Robaiyat as a secretive artwork of quatrains organized in an intended reasoning order as a book of life serving to bring about his lasting spiritual existence can solve the manifold puzzles contributing to the riddle of his Robaiyat attributability He posits and in the forthcoming volumes of this series will demonstrate that the lost quatrains comprising the original collection of Robaiyat have become extant over the centuries such that we can now reconstruct by way of solving their 1000 piece jigsaw puzzle the collection as it was meant to be read as an ode of interrelated quatrains by Omar Khayyam Table of Contents About OKCIR i Published to Date in the Series ii About this Book iv About the Author viii Notes on Transliteration xix Acknowledgments xxi Preface to Book 7 Recap from Prior Books of the Series 1 Introduction to Book 7 Tracing the Robaiyat in Omar Khayyam s Artwork 11 CHAPTER I Omar Khayyam s Literary Work Nowrooznameh An Updated Persian Text and Its New English Translation for the First Time 21 CHAPTER II Omar Khayyam s Literary Work Nowrooznameh A Clause by Clause Textual Analysis 147 CHAPTER III Unveiling the Open and Hidden Functions of the Mysterious North Dome of Isfahan How Omar Khayyam Designed for His Commissioned Projects of Solar Calendar Reform and Building Its Astronomical Observatory Iran s Most Beautiful Dual Use Structure for the Annual Celebration of Nowrooz 367 CHAPTER IV Omar Khayyam s Arabic and Persian Poems Other than His Robaiyat Translated into Persian from Arabic and English and Textually Analyzed 497 CHAPTER V Did Omar Khayyam Secretively Author A Robaiyat Collection He Called Book of Life Solving the Manifold Riddles of His Robaiyat Attributability

Christiaan Klieger, 2015-12-24 The concept of Greater Tibet has surfaced in the political and academic worlds in recent years It is based in the inadequacies of other definitions of what constitutes the historical and modern worlds in which Tibetan people ideas and culture occupy This collection of papers is inspired by a panel on Greater Tibet held at the XIIIth meeting of the International Association of Tibet Studies in Ulaan Baatar in 2013 Participants included leading Tibet scholars experts in international law and Tibetan officials Greater Tibet is inclusive of all peoples who generally speak languages from the Tibetan branch of the Tibeto Burman family have a concept of mutual origination and share some common historical narratives It includes a wide area including peoples from the Central Asian Republics Pakistan India Nepal Bhutan Bangladesh Myanmar People s Republic of China Mongolia Russia and Tibetan people in diaspora abroad It may even include practitioners of Tibetan Buddhism who are not of Tibetan origin and Tibetan peoples who do not practice Buddhism Most of this area corresponds to the broad expansion of Tibetan culture and political control in the 7th 9th centuries AD and is thus many times larger than the current Tibet Autonomous Region in China the Tibetan culture area As a conceptual framework Greater Tibet stands in contrast to Scott s concept of Zomia for roughly the same region a term which defines an area of highland Asia and Southeast Asia characterized by disdain for rule from distant centers failed state formation anarchist and libertarian individual proclivities      Islam and Democracy in Iran Ziba Mir-Hosseini, Richard Tapper, 2006-05-26 In today s world all eyes are on Iran which has grappled with an experiment that has had a massive global impact For some the Iranian Revolution of 1978 79 was the triumph of a modern political Islam heralding Muslim justice and economic prosperity Others including many of the original revolutionaries saw religious fanatics attempting to roll back time by creating a despotic theocracy Either way the Iranian Revolution changed the Muslim world It not only inspired the Muslim masses but also reinvigorated intellectual debates on the nature and possibilities of an Islamic state The new Islamic Republic of Iran combined not just religion and the state but theocracy and democracy Yet the revolution s heirs were soon engaged in a protracted struggle over its legacy Dissident thinkers from within an Islamic framework sought a rights based political order that could accept dissent tolerance pluralism women s rights and civil liberties Their ideas led directly to the presidency of Mohammad Khatami and despite their political failure they did leave a permanent legacy by demystifying Iranian religious politics and condemning the use of the Shariah to justify autocratic rule This book tells the story of the reformist movement through the world of Hasan Yousefi Eshkevari An active supporter of the revolution who became one of the most outspoken critics of theocracy Eshkevari developed ideas of Islamic democratic government which have attracted considerable attention in Iran and elsewhere In presenting a selection of Eshkevari s writings this book reveals the intellectual and political trajectory of a Muslim thinker and his attempts to reconcile Islam with reform and democracy As such it makes a highly

original contribution to our understanding of the difficult social and political issues confronting the Islamic world today
