Scarface Armitage Trail:

Scarface Armitage Trail, 1990 *Scarface: The Novel. the Legend.* Armitage Trail, 2019-02-04 A fictionalization of the rise of American gangster Al Capone first published in 1930 *Scarface* Oliver Stone, 1981 The Mafia Roberto M. Dainotto, 2015-04-15 What is it about Tony Soprano that makes him so amiable For that matter how is it that many of us secretly want Scarface to succeed or see Michael Corleone as ultimately a hero What draws us into the otherwise horrifically violent world of the mafia In *The Mafia* Roberto M Dainotto explores the irresistible appeal of this particular brand of organized crime its history and the mythology we have developed around it Dainotto traces the development of the mafia from its rural beginnings in Western Sicily to its growth into a global crime organization alongside a parallel examination of its evolution in music print and on the big screen He probes the tension between the real mafia its violent often brutal reality and how we imagine it to be a mythical potpourri of codes of honor family values and chivalry But rather than dismiss our collective imagining of the mafia as a complete fiction Dainotto instead sets out to understand what needs and desires or material and psychic longing our fantasies about the mafia the best kind of the bad life are meant to satisfy Exploring the rich array of films books television programs music and even video games portraying and inspired by the mafia this book offers not only a social economic and political history of one of the most iconic underground cultures but a new way of understanding our enduring fascination with the complex society that lurks behind the sinister Omert of the family business

Scarface, 1993 *Violence and American Cinema* J. David Slocum, 2013-09-13 American cinema has always been violent and never more so than now exploding heads buses that blow up if they stop racial attacks and general mayhem From slapstick s comic violence to film noir from silent cinema to Tarantino violence has been an integral part of America on screen This new volume in a successful series analyzes violence examining its nature its effects and its cinematic and social meaning *Unbecoming Blackness* Antonio Lopez, 2012-11-26 2014 Runner Up MLA Prize in United States Latina and Latino and Chicana and Chicano Literary and Cultural Studies In *Unbecoming Blackness* Antonio L pez uncovers an important otherwise unrecognized century long archive of literature and performance that reveals Cuban America as a space of overlapping Cuban and African diasporic experiences L pez shows how Afro Cuban writers and performers in the U S align Cuban black and mulatto identities often subsumed in the mixed race and postracial Cuban national imaginaries with the material and symbolic blackness of African Americans and other Afro Latinas os In the works of Alberto O Farrill Eusebia Cosme R mulo Lachata er and others Afro Cubanness articulates the African diasporic experience in ways that deprive negro and mulatto configurations of an exclusive link with Cuban nationalism Instead what is invoked is an unbecoming relationship between Afro Cubans in the U S and their domestic black counterparts The transformations in Cuban racial identity across the hemisphere represented powerfully in the literary and performance cultures of Afro Cubans in the U S provide the fullest account of a transnational Cuba one in which the Cuban American emerges as Afro Cuban American and

the Latino as Afro Latino **The Noir Thriller** Lee Horsley, 2016-01-03 What is literary noir How do British and American noir thrillers relate to their historical contexts In considering such questions this study ranges over hundreds of novels analysing the politics and poetics of noir from the hard boiled fiction of Hammett Chandler and Cain to the exciting diversity of nineties thrillers with sections on the tough investigators gangsters and victims of the Depression years the first person killers femmes fatales and black protagonists of mid century the game players voyeurs and consumers of contemporary thrillers and future noir *The Great War in Hollywood Memory, 1918-1939* Michael Hammond, 2019-12-01 This is the definitive account of how America's film industry remembered and reimagined World War I from the Armistice in 1918 to the outbreak of World War II in 1939 Based on detailed archival research Michael Hammond shows how the war and the sociocultural changes it brought made their way into cinematic stories and images He traces the development of the war's memory in films dealing with combat on the ground and in the air the role of women behind the lines returning veterans and through the social problem and horror genres Hammond first examines movies that dealt directly with the war and the men and women who experienced it He then turns to the consequences of the war as they played out across a range of films some only tangentially related to the conflict itself Hammond finds that the Great War acted as a storehouse of motifs and tropes drawn upon in the service of an industry actively seeking to deliver clearly told entertaining stories to paying audiences Films analyzed include *The Big Parade* *Grand Hotel* *Hell's Angels* *The Black Cat* and *Wings* Drawing on production records set designs personal accounts and the advertising and reception of key films the book offers unique insight into a cinematic remembering that was a product of the studio system as it emerged as a global entertainment industry **Howard Hawks** Todd McCarthy, 2007-12-01 The first major biography of one of Old Hollywood's greatest directors Sometime partner of the eccentric Howard Hughes drinking buddy of William Faulkner and Ernest Hemingway an inveterate gambler and a notorious liar Howard Hawks was the most modern of the great masters and one of the first directors to declare his independence from the major studios He played Svengali to Lauren Bacall Montgomery Clift and others but Hawks's greatest creation may have been himself As *The Atlantic Monthly* noted Todd McCarthy has gone further than anyone else in sorting out the truths and lies of the life the skills and the insight and the self-deceptions of the work A fluent biography of the great director a frequently rotten guy but one whose artistic independence and standards of film morality never failed *The New York Times Book Review* Hawks's life until now rather an enigma has been put into focus and made one with his art in Todd McCarthy's wise and funny *Howard Hawks* *The Wall Street Journal* Excellent A respectful exhaustive and appropriately smartass look at Hollywood's most versatile director *Newsweek* **The Lost World of DeMille** John Kobal, 2019-10-25 Longlisted for the 2020 Moving Image Book Award by the Kraszna Krausz Foundation As only an accomplished author consummate collector and savvy insider can John Kobal tells the story of the man who invented Hollywood Cecil Blount DeMille 1881-1959 Kobal narrates the story of DeMille's life and follows the director's career from his first film *The Squaw Man* in 1914 through the

seventy films he directed culminating with *The Ten Commandments* in 1956 before his death in 1959. Even that first film received an enthusiastic response from the public and that popular enthusiasm would follow DeMille throughout his career. DeMille got his start by observing a film being shot once standing for hours on a box looking through a window watching every move made by the director, players, and cameraman. From that humble beginning he soon mastered the craft of directing and created one of show business's greatest careers. Autocrat and artist, DeMille immersed himself totally in each picture he directed and demanded complete fealty from his casts and crews. DeMille was said to know more about what the American public wanted than anyone else in Hollywood. He pushed the boundaries of censorship and audiences responded by forming long lines at the box office. From the American West to ancient Egypt he created such magical films as *The Crusades* and *The Greatest Show on Earth* that brought vividly to life fantasies perfectly suited to post-World War I and mid-century America. Kobal describes DeMille's impact on Hollywood as a director and showman. He argues that this master filmmaker stands for something largely lost in American filmmaking: a sort of naïve, generous, big thinking self-confidence, a belief that all things are possible. John Kobal wrote over thirty books on film and photography. His final manuscript, *The Lost World of DeMille*, was completed shortly before his death in 1991. It is published at last by University Press of Mississippi.

Theory and Practice of Sociocriticism Edmond Cros, 1988. *Theory and Practice of Sociocriticism* was first published in 1988. Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions. Edmond Cros is a leading French Hispanicist whose work is unique in Continental theory because it brings Spanish and Mexican texts into current literary debates which have so far centered mainly on the French and German traditions. Equally distinctive is the nature of his work which Cros terms sociocriticism. Unlike most sociological approaches to literature which leave the structure of texts untouched, sociocriticism aims to prove that the encounter with ideological traces and with antagonistic tensions between social classes is central to any reading of texts. Cros's method distinguishes between the semiotic and ideological elements within a text and involves the patient, exacting reconstruction of the concrete text from these elements, a process that enables the sociocritic to interpret its fault lines, its internal contradictions, in the end, its irreducibly social nature. As its title suggests, *Theory and Practice of Sociocriticism* is structured in two parts. Its opening chapters analyze sociological theories of discourse including those of Foucault, Bakhtin, and Goldman. In the second part, Cros applies theory to practice in readings of specific works: the film *Scarface*, contemporary Mexican poetry and prose, Octavio Paz, Carlos Fuentes, and the picaresque novel of the Spanish Golden Age. In their foreword, Jürgen Link and Ursula Link Heer differentiate sociocriticism from other social approaches to literature and show how Cros's method works in specific textual readings. They emphasize his resistance to the reductive modes and misreadings that dominate much of contemporary theory. Edmond Cros is a professor of literary theory and Hispanic studies at the Université Paul Valéry in Montpellier, France, and Andrew W. Mellon Professor of Hispanic Studies at

the University of Pittsburgh Jurgen Link teaches at the Ruhr Universitat Bochum and Ursula Link Heer at the Universitat Siegen both in West Germany
