and the solar system The U S led Secret Space Program has its own fleet of spaceships the Solar Warden Space Armada which patrols the edges of the solar system and poses a growing threat to the Nazi Dark Fleet **Aliens** Jamie King,2025-03-13 This intriguing anthology examines incidents that were so puzzling they led witnesses to draw one inevitable conclusion that aliens really do exist Inside you will discover some of the most mysterious reports of UFO sightings close encounters and alien abductions from across the globe Hope Restored: An Autobiography by Paul Hellyer Paul Hellyer,2018-09-07 This powerful book argues that the human species is at a tipping point when it is forced to choose between a New World Order fascist government committed to rapid depopulation or a world of peace and justice Hellyer demonstrates that God is alive well and everywhere and that humanity s choice is between the Dark and the Light To follow the Light means giving up atomic weapons replacing the oil economy with clean zero point energy developed by Americans in the 1960s having governments create 34 percent of all new money for public purposes rather than borrowing it from the 62 elite banking families a reconciliation of the two main branches of Islam and a just settlement of the Israeli Palestinian dispute to bring peace to the Middle East Finally it will be necessary for all countries races and faiths especially young people to forgive past atrocities and work together in common purpose to save the heritage they have in common The UFO Book John Michael Greer,2025-05-20 For thousands of years people have seen strange lights and hovering shapes in the sky From an ancient awareness that there might be creatures beyond this world to very recent disclosures of alien activity at a governmental level speculation about unidentified flying objects and the alien entities that might have traveled within them has animated humanity s relationship to the unknown John Michael Greer long time researcher of the unexplained chronicles 100 of the most fascinating brushes Earth s residents have had with visitors from the cosmos Illustrated with full color photos and illustrations The UFO Book includes Babylonian engravings phantom airships of the 1890s the foo fighters of the Second World War the Flatwoods Monster and Mothman Greer weaves these together into a chronological survey of an evolving understanding of alien life He also covers alien abductions from around the world and throughout time proving that they are a widespread phenomena that unites all of the residents of this planet It s undeniable that something very strange is going on and The UFO Book is a fascinating portal into a question that predates modern history and will continue into the future is the truth out there and when will it finally be uncovered **Ancient Alien Ancestors** Will Hart,2017-07-18 Explores evidence for the theory of directed panspermia that life on Earth and the landscape of Earth itself was engineered by extraterrestrials Details how the Earth was terraformed through a sophisticated geo engineering program providing clear examples such as the precise mathematical longitude configurations of the Great Pyramid of Giza with the major rivers on Earth Shows how our spectrum of blood types supports the theory of panspermia while directly contradicting the conventional out of Africa theory of evolution Examines the strongest modern UFO accounts including the Russian Roswell case as well as the suppressed UFO sightings of NASA astronauts In the early 1970s Nobel Prize winning DNA co discoverer Sir Francis Crick

and his colleague Leslie Orgel proposed that in the distant past an extraterrestrial race sent a spacecraft loaded with microorganisms to seed the Earth with life. Now more than 40 years later the fields of space research and biotechnology have advanced to the point where they can back up Crick and Orgel's claims about our ancient alien ancestors. Sharing scientific evidence of alien involvement with life on our planet and with the very landscape of Earth itself, Will Hart refines the theory of directed panspermia that life was intentionally seeded on Earth by extraterrestrials to reveal that the same ET agency also created humans and generated civilization. He shows how the Earth was terraformed through an engineering program so sophisticated and vast that it has escaped our attention so far. For example, the major rivers on Earth are precisely aligned through geo engineering with the Great Pyramid of Giza. Revealing the Great Pyramid as an alien message in stone, the author explains how the Giza pyramids could not have been built by the ancient Egyptians and examines the extraterrestrial energy technologies used to move the pyramids' massive stone blocks, methods later rediscovered by Nikola Tesla and the builder of Coral Castle, Edward Leedskalnin. He details how an advanced race implanted the basic genome on Earth as well as genetically engineered the human race and shows how our spectrum of blood types supports the theory of panspermia while directly contradicting the conventional out of Africa theory of evolution. Investigating how the extraterrestrial agency behind the origin of civilization is still working behind the scenes today, the author examines the strongest modern UFO accounts, including the Russian Roswell case and the suppressed UFO sightings of NASA astronauts. He shows that this advanced ET civilization is not an alien race in the way we normally think of aliens; they are our ancestors and as human as we are.

Military Encounters with Extraterrestrials Frank Joseph, 2018-09-11. The first comprehensive military history of armed confrontations between humans and extraterrestrials. Includes documentation of incidents from World War I, World War II, the Korean War, the Vietnam War, the Gulf War, and the ongoing hostilities in the Middle East. Reveals the U.S. Navy's defeat in Antarctica by ETs, the shoot down of flying saucers at Roswell, alien sabotage of nuclear weapons in flight, abductions of USAF and Soviet officers, and photographic evidence of the Battle of Los Angeles. Explains the link between the development of atomic bombs and ballistic missiles and the increase in extraterrestrial intervention in the 20th century. Although close encounters with alien spacecraft are reported as far back as the reign of Pharaoh Thutmose III in Egypt, it wasn't until the 20th century that UFO sightings and extraterrestrial encounters were truly documented due to advances in technology and record keeping, as well as the vast increase in incidents, particularly with military forces. Revealing his extensive research and the verifiable evidence he's discovered, Frank Joseph presents a comprehensive military history of armed confrontations between humans and extraterrestrials in the 20th and 21st centuries. He explains how, with the development of atomic bombs and ballistic missiles, the frequency of extraterrestrial intervention in human affairs increased dramatically. He documents incidents both famous and little known, including the explosive demolition of U.S. munitions factories in 1916 by unearthly aerial vehicles, the Red Baron's dogfight with a UFO during World War I, F-4 fighter sightings and battles with Allied and Axis

combatants during World War II and eye witness reports from encounters during the Korean War the Vietnam War the Gulf War in Iraq and the ongoing hostilities in the Middle East He examines the evidence for the shoot down of flying saucers at Roswell and Aztec New Mexico alien sabotage of nuclear weapons systems and in flight abductions of USAF and Soviet officers and airplanes He explores the photo evidence for the Battle of Los Angeles which occurred three months after Pearl Harbor and the details of Operation Highjump the U S Navy s defeat in Antarctica by ET forces 17 months after the atomic bomb was dropped on Nagasaki while also uncovering evidence of secret Antarctic German bases The author also examines recent 21st century examples of alien interdiction in Earthly affairs such as the meltdown of the Fukushima Daiichi nuclear plant in Japan and the fiery abort of Elon Musk s Falcon 9 missile launch both events accompanied by UFOs Offering complete disclosure of the multitude of ET events over the past century Frank Joseph gives us the first true reference book in the field of alien military encounters
