Author Paul A Laviolette:

Secrets of Antigravity Propulsion Paul A. LaViolette, 2008-07-10 A complete investigation of the development and suppression of antigravity and field propulsion technologies Reveals advanced aerospace technologies capable of controlling gravity that could revolutionize air travel and energy production Reviews numerous field propulsion devices that have thrust to power ratios thousands of times greater than a jet engine Shows how NASA participates in a cover up to block adoption of advanced technologies under military development In *Secrets of Antigravity Propulsion* physicist Paul LaViolette reveals the secret history of antigravity experimentation from Nikola Tesla and T Townsend Brown to the B 2 Advanced Technology Bomber He discloses the existence of advanced gravity control technologies under secret military development for decades that could revolutionize air travel and energy production Included among the secret projects he reveals is the research of Project Skyvault to develop an aerospace propulsion system using intense beams of microwave energy similar to that used by the strange crafts seen flying over Area 51 Using subquantum kinetics the science behind antigravity technology LaViolette reviews numerous field propulsion devices and technologies that have thrust to power ratios thousands of times greater than that of a jet engine and whose effects are not explained by conventional physics and relativity theory He then presents controversial evidence about the NASA cover up in adopting these advanced technologies He also details ongoing Russian research to duplicate John Searl's self propelled levitating disc and shows how the results of the Podkletnov gravity beam experiment could be harnessed to produce an interstellar spacecraft

The Hunt for Zero Point Nick Cook, 2007-12-18 This riveting work of investigative reporting and history exposes classified government projects to build gravity defying aircraft which have an uncanny resemblance to flying saucers The atomic bomb was not the only project to occupy government scientists in the 1940s Antigravity technology originally spearheaded by scientists in Nazi Germany was another high priority one that still may be in effect today Now for the first time a reporter with an unprecedented access to key sources in the intelligence and military communities reveals suppressed evidence that tells the story of a quest for a discovery that could prove as powerful as the A bomb *The Hunt for Zero Point* explores the scientific speculation that a zero point of gravity exists in the universe and can be replicated here on Earth The pressure to be the first nation to harness gravity is immense as it means having the ability to build military planes of unlimited speed and range along with the most deadly weaponry the world has ever seen The ideal shape for a gravity defying vehicle happens to be a perfect disk making antigravity tests a possible explanation for the numerous UFO sightings of the past 50 years Chronicling the origins of antigravity research in the world's most advanced research facility which was operated by the Third Reich during World War II *The Hunt for Zero Point* traces U S involvement in the project beginning with the recruitment of former Nazi scientists after the war Drawn from interviews with those involved with the research and who visited labs in Europe and the United States *The Hunt for*

Zero Point journeys to the heart of the twentieth century's most puzzling unexplained phenomena Anti-Gravity Propulsion Dynamics Paul Potter, 2016-03 This book introduces a brand new field of scientific research based upon analysis of artifacts retrieved from crashed and damaged UFOs that have come down in Russia and America For the first time it reveals the scientific principles behind UFO propulsion dynamics and shows that these principles are known and recognized by today's physicists Potter's analyses of these UFO mechanisms are substantiated with references to a broad array of over 300 research papers published in scientific journals Potter correlates many of the phenomena observed firsthand by close encounter witnesses and abductees and pinpoints the common themes reported categorizing them according to known physical principles He produces a comprehensive orchestration of energy dynamics used inside and around UFOs His precise and lavish illustrations allow the reader to enter directly into the realm of the advanced technological engineer and to understand quite straightforwardly the aliens methods of energy manipulation their methods of electrical power generation how they purposely designed their craft to employ the kinds of energy dynamics that are exclusive to space discoverable in our astrophysics in order that their craft may generate both attractive and repulsive gravitational forces their control over the mass density matrix surrounding their craft enabling them to alter their physical dimensions and even manufacture their own frame of reference in respect to time Includes a 16 page color insert *Incredible Technologies of the New World Order* Commander X, 1997 Is there evidence of a joint alien military plot to control humankind Has a secret cabal of the planet's movers and shakers made an unholy alliance with extraterrestrials in exchange for alien technology Go inside Area 51 Learn of the latest developments in Tesla Technology Free Energy and the Ultra Top Secret HAARP Project Learn the mind blowing truth about the infamous Philadelphia Experiment and how during WW II mankind first discovered the secrets of teleportation and time travel Discover how Nikola Tesla a man who was born in the 19th century discovered the science behind anti gravity and the Particle Beam Death Ray Commander X a former military intelligence operative with insider connections spills the beans on a variety of top level classified projects generally unknown to the public Secrets of Ufo Technology Kenneth W. Behrendt, 2007-03-01 In *Secrets of UFO Technology* Kenneth W Behrendt author of *The Physics of the Paranormal* reveals some of the conclusions he reached concerning the UFO phenomenon after decades of intensive research The result is a unique treatment of the subject that is far in advance of what has been generally available to date After learning how an extraterrestrial craft negates its normal mass and weight to achieve gravity free inertialess flight you'll be ready to take inspection tours of a typical flying saucer and mother ship During your journey of discovery you'll also learn how UFOs stall automobiles how alien craft and their crews can become invisible how ufonauts levitate themselves for independent flight outside of their craft and all about the shocking details behind the cattle mutilation cases *Secrets of UFO Technology* is a profusely illustrated work that truly has the potential to revolutionize the science of ufology
