Urban Sensographies Nicolas Whybrow, 2020-12-30 Urban Sensographies views the human body as a highly nuanced sensor to explore how various performance based methods can be implemented to gather usable felt data about the environment of the city as the basis for creating embodied mappings The contributors to this fascinating volume seek to draw conclusions about the constitution character and morphology of urban space as public habitable and sustainable by monitoring the reactions of the human body as a form of urban sensor This co authored book is centrally concerned as a symptom of the degree to which cities are evolving in the 21st century to examine the effects of this change on the practices and behaviours of urban dwellers This takes into account such factors as defensible retail and consumer space legacies of modernist design in the built environment the effects of surveillance technologies motorised traffic and smart phone use the integration of wild as well as domesticated nature in urban planning and living and the effects of urban pollution on the earth's climate Drawing on three years of funded practical research carried out by a multi medial team of researchers and artists this book analyses the presence and movement of the human body in urban space which is essential reading for academics and practitioners in the fields of dance film visual art sound technology digital media and performance studies

Making Connections Peggy Hackney, 2020-08-26 This book explores how we go about creating the connections within us that allow us to become fully embodied human beings in the world It provides some very personal memories of Irmgard Bartenieff and the development of her approach to Fundamentals

An Emotionally Focused Workbook for Couples Veronica Kallos-Lilly, Jennifer Fitzgerald, 2014-08-13 This workbook is intended for use with couples who want to enhance their emotional connection or overcome their relationship distress It is recommended for use with couples pursuing Emotionally Focused Therapy EFT It closely follows the course of treatment and is designed so that clinicians can easily integrate guided reading and reflections into the therapeutic process The material is presented in a recurring format Read Reflect and Discuss Readings help couples look at their relationship through an attachment lens walking them through the step by step process of creating a secure relationship bond 33 Reflections invite readers to engage with the material personally expanding their own awareness and ability to tune into their partner Discussion sections suggest relationship building exercises and a framework for conversations that promote safety disclosure and engagement Case examples along with informative illustrations are scattered throughout the book to validate illustrate and inspire couples

along their journey Clinicians conversant with EFT can use this workbook to extend the effectiveness of their work with couples by giving them structured tasks to work on between sessions For clinicians training in EFT the book can guide them in staying focused on the EFT roadmap and illuminate how important change events unfold

Unveiling the Magic of Words: A Review of "**Sensing Feeling And Action**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Sensing Feeling And Action**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book's central themes, examine its distinctive writing style, and assess its profound affect on the souls of its readers.
