- 4 concerted efforts to spur domestic investment and attract foreign direct investment to contribute to export promotion and diversification including by easing the energy and land constraints and

c strategic development and promotion of services trade

- 3 improving worker and consumer welfare by a improving skills and literacy
- b implementing labor and work safety guidelines and
- c making safety nets more effective in dealing with trade shocks and

4 building a supportive environment including a sustaining sound macroeconomic fundamentals and

- b strengthening the institutional capacity for strategic policy making aimed at the objective of international competitiveness to help bring focus and coherence to the government's reform efforts

This third volume provides in depth analysis of eight different manufacturing and services sectors of the Bangladeshi economy which help to illustrate the thematic analysis of volume 2 and ground it in sector experiences.
