Scarcity Why Having Too Little Means So Much Sendhil Mullainathan:

Scarcity Sendhil Mullainathan, Eldar Shafir, 2013-09-03 A surprising and intriguing examination of how scarcity and our flawed responses to it shapes our lives our society and our culture

Scarcity Sendhil Mullainathan, Eldar Shafir, 2014-11-04 In this provocative book based on cutting edge research Sendhil Mullainathan and Eldar Shafir show that scarcity creates a distinct psychology for everyone struggling to manage with less than they need Busy people fail to manage their time efficiently for the same reasons the poor and those maxed out on credit cards fail to manage their money The dynamics of scarcity reveal why dieters find it hard to resist temptation why students and busy executives mismanage their time and why the same sugarcane farmers are smarter after harvest than before Once we start thinking in terms of scarcity the problems of modern life come into sharper focus and Scarcity reveals not only how it leads us astray but also how individuals and organizations can better manage scarcity for greater satisfaction and success

International Law and its Discontents Barbara Stark, 2015-04-30 In Civilization and its Discontents Sigmund Freud argued that civilization itself is the major source of human unhappiness inhibiting instincts and generating guilt In Globalization and its Discontents Joseph Stiglitz shows how the economic architecture that produced globalization has also driven the backlash against it This book brings together some of international law s most outspoken discontents those who situate their malaise in international law itself Their shared objective is to expose international law s complicity in the ongoing economic and financial global crises and to assess its capacity and its will to constructively address them Some like Freud view that which holds us together as an inevitable source of discontent Others like Stiglitz draw on the energy of the backlash How have these crises affected particular groups sovereign states and international law itself How have they responded When does crisis serve as a catalyst and for what
