Sefer Raziel:

Sepher Rezial Hemelach Steve Savedow, 2025-09-12 Sepher Rezial Hemelach is the long-awaited first English translation of this famous magical text, a translation from the ancient Hebrew in the rare and complete 1701 Amsterdam edition. According to Hebrew legend, the Sepher Rezial was presented to Adam in the Garden of Eden given by the hand of God and delivered by the angel Rezial. The myth thus suggests that this is the first book ever written and of direct divine provenance. A diverse compendium of ancient Hebrew magical lore, this book was quite possibly the original source for later traditional literature on angelic hierarchy, astrology, Qabalah, and Gematria. Moses Gaster mentions this in his introduction to *The Sword of Moses* (1896), suggesting that the Sepher Rezial could be a primary source for many magic and qabalistic books of the Middle Ages. Sepher Rezial Hemelach is a compilation of five books: The Book of the Vestment, The Book of the Great Rezial, The Holy Names, The Book of the Mysteries, and The Book of the Signs of the Zodiac. It includes extensive explanatory text on the holy names of God, the divisions of Heaven and Hell, the names and hierarchy of the angels and spirits, as well as symbolic interpretations of both the Book of Genesis and Sepher Yetzirah. It also includes material on astronomy, astrology, gematria, and various magical talismans, most notably those used for protection during childbirth. In his introduction, Steve Savedow details the history, bibliographical citations, and lineage of this famous work. He lists the old and rare manuscripts still in existence and provides a bibliography of other reference works for study of the Western esoteric tradition. *The Encyclopedia of Magic and Alchemy* Rosemary Guiley, 2006 A comprehensive illustrated reference guide with more than 400 entries on the subjects of magic and alchemy. Hebrew and Aramaic Incantation Texts from the Cairo Genizah Lawrence Schiffmann, 1992-01-01 In this volume, the authors assemble a group of Jewish incantation texts which were copied in the Middle Ages and preserved in the Cairo Genizah. Most of these texts, now in the Cambridge University Library, are published here for the first time. All the texts are translated and provided with detailed philological and historical commentary, tracing the praxis and beliefs of the Jewish magical tradition of Late Antiquity. Their relation to Jewish legal and mystical teachings is also explored. Counting the Miracles: Jewish Thought, Mysticism, and the Arts from Late Antiquity to the Present Silvana Greco, Judith Olszowy-Schlanger, 2025-05-19 In honor of the writings of Giulio Busi, scholar of Jewish culture, the book investigates from a multidisciplinary perspective the extraordinary richness of Jewish culture in the Diaspora from antiquity to the latter part of the 20th century. A number of rabbinic writings, medieval manuscripts from the South of France, visual qabalah, the Yiddish language, artistic expressions, as well as the philosophical and social traditions of some prominent twentieth-century figures, will be explored. While the Jewish cultural tradition has always incorporated the cultural influences of the broader socio-historical context in which it was embedded, it has in turn been a source of inspiration for the intellectual life of the majority society. In this regard, the volume will examine the fruitful mutual exchange between Jewish scholars and Christian humanists during the Renaissance. However, the life of Jews in the Diaspora did not always take place in a context of

peaceful integration It was punctuated by harsh confrontations and persecution Finally the book will illustrate how precisely during the darkest and most tragic period of the 20th century Jewish culture was an important tool of resistance and struggle against Nazi Fascism

Kabbalah and Sex Magic Marla Segol,2021-09-08 In this provocative book Marla Segol explores the development of the kabbalistic cosmology underlying Western sex magic Drawing extensively on Jewish myth and ritual Segol tells the powerful story of the relationship between the divine and the human body in late antique Jewish esotericism in medieval kabbalah and in New Age ritual practice Kabbalah and Sex Magic traces the evolution of a Hebrew microcosm that models the powerful interaction of human and divine bodies at the heart of both kabbalah and some forms of Western sex magic Focusing on Jewish esoteric and medical sources from the fifth to the twelfth century from Byzantium Persia Iberia and southern France Segol argues that in its fully developed medieval form kabbalah operated by ritualizing a mythos of divine creation by means of sexual reproduction She situates in cultural and historical context the emergence of Jewish cosmological models for conceptualizing both human and divine bodies and the interactions between them arguing that all these sources position the body and its senses as the locus of culture and the means of reproducing it Segol explores the rituals acting on these models attending especially to their inherent erotic power and ties these to contemporary Western sex magic showing that such rituals have a continuing life Asking questions about its cosmology myths and rituals Segol poses even larger questions about the history of kabbalah the changing conceptions of the human relation to the divine and even the nature of religious innovation itself This groundbreaking book will appeal to students and scholars of Jewish studies religion sexuality and magic
