The Social and Political History of Southern Africa's Languages Tomasz Kamusella, Finex Ndhlovu, 2017-11-21 This book is the first to offer an interdisciplinary and comprehensive reference work on the often marginalised languages of southern Africa. The authors analyse a range of different concepts and questions including language and sociality, social and political history, multilingual government and educational policies. In doing so, they present significant original research ensuring that the work will remain a key reference point for the subject. This ambitious and wide-ranging edited collection will appeal to students and scholars of southern African languages, sociolinguistics, history and politics. *Dictionaries. An International Encyclopedia of Lexicography* Rufus Gouws, Ulrich Heid, Wolfgang Schweickard, Herbert Ernst Wiegand, 2013-12-18 The basis for this additional volume are the three volumes of the handbooks *Dictionaries. An International Encyclopedia of Lexicography* HSK 5 1 5 3 published between 1989 and 1991. An updating has been perceived as an important desideratum for a considerable time. In the present Supplementary Volume the premises and subjects of HSK 5 1 5 3 are complemented by new articles that take account of the practice, internal and theoretical developments of the last 15 years. Special attention has been given to the following topics: the status and function of lexicographic reference works, the history of lexicography, the theory of lexicography, lexicographic processes, lexicographic training and lexicographic institutions, new metalexicographic methods, electronic and especially computer-assisted lexicography. **Postcoloniality, Translation, and the Bible in**

Africa Musa W. Dube, R. S. Wafula, 2017-07-14 This book is critically important for Bible translation theorists, postcolonial scholars, church leaders and the general public interested in the history, politics and nature of Bible translation work in Africa. It is also useful to students of gender studies, political science, biblical studies and history of colonization studies. The book catalogs the major work that has been undertaken by African scholars. This work critiques and contests colonial Bible translation narratives by privileging the importance of African oral vitality in rewriting the meaning of biblical texts in the African sociopolitical, political and cultural contexts. Learner's English-Tswana Dictionary, 1986 *Historical Dictionary of Botswana* Barry Morton, Jeff Ramsay, 2018-06-13 The death of Botswana's last founding father Sir Ketumile Quett Masire in June 2017 marked the end of an era. Since the release of the Fourth Edition of *Historical Dictionary of Botswana* in 2008, Botswana has gone through its most turbulent and divided decade to date. Throughout September 2016, when Botswana celebrated its 50th anniversary of independence, all the successes of the Seretse and Masire era were sources of massive national pride. Botswana had expanded provisions of electricity, water, education and health services to almost all of its people.

and become a model nation that owned its natural resources and plowed the profits back into the nation's development. Despite these successes Botswana has a high unemployment rate about 20 percent and a much larger cohort of the underemployed. This fifth edition of Historical Dictionary of Botswana contains a chronology, an introduction, appendixes, an extensive bibliography, and more than 700 cross-referenced entries on important personalities and aspects of the country's politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Botswana.

Principles and Practice of South African Lexicography R. H. Gouws, D. J. Prinsloo, 2010-10-01. *Principles and Practice of South African Lexicography* is directed at experts in the field of practical and theoretical lexicography in South Africa, applying the general theory of lexicography to the South African lexicographic environment. The authors of this book are leaders in the field of South African lexicography and active participants in the international lexicographic arena, publishing regularly in national and international journals and giving papers at international conferences and workshops.

Oxford First Bilingual Dictionary Edited Dictionary, 2007. The only full colour illustrated first bilingual dictionaries in a range of South African languages.

The Bloomsbury Handbook of Lexicography Howard Jackson, 2022-02-24. A definitive guide to the long tradition of lexicography, this handbook is a rigorous and systematic overview of the field and its recent developments. Featuring key topics, research areas, new directions, and a manageable guide to beginning and developing research in the field, this one-volume reference provides both a survey of current research and more practical guidance for advanced study. Fully updated and revised to take account of recent developments in particular innovations in digital technology and online lexicography, this second edition features 6 new chapters covering metalexicography, lexicography for Asian languages, lexicography for endangered and minority languages, onomasiological lexicography, collaborative lexicography, and internet dictionaries. Thoroughly revised chapters on learner dictionaries, bilingual dictionaries, and future directions alongside a significantly updated third part on New Directions in Lexicography, accounting for innovations in digital lexicography. An expanded glossary of key terms and an updated annotated bibliography. Identifying and describing the central concepts associated with lexicography and its main branches of study. *The Bloomsbury Handbook of Lexicography* demonstrates the direct influence of linguistics on the development of the field and is an essential resource for anyone interested in this area.

The Languages of Africa and the Diaspora Jo Anne Kleifgen, George C. Bond, 2009-02-17. This book examines the social cost of linguistic exceptionalism for the education of speakers of nondominant subordinated languages in Africa and the African diaspora. The contributors take the languages of Africa, the Caribbean, and the US as cases in point to illustrate the effects of exceptionalist beliefs that these languages are inadequate for instructional purposes. They describe contravening movements toward various forms of linguistic diversity, both inside and outside of school settings across these regions. Different theoretical lenses and a range of empirical data are brought to bear on investigating the role of these languages in educational policies and practices. Collectively, the chapters in

this volume make the case for a comprehensive language awareness to remedy the myths of linguistic exceptionalism and to advance the affirmative dimensions of linguistic diversity Resources in Education ,1982 **The 1840 translation of the Gospel of Luke as a technology of power** Itumeleng D. Mothoagae ,2024-07-26 In this book the author aims to explore the impact of 19th century translations of the Bible into indigenous languages with a specific focus on the Setswana translation The translations have had a profound effect on the religio cultural practices of the indigenous people leading to erosion and alteration of their traditions and identities I argue that it is crucial to consider the translator s intentions and the associated literature such as journals and letters to understand the translation process comprehensively The Setswana Bible was the first to be translated in Africa and tracing the intentions of Robert Moffat the first translator is imperative to understanding the impact of the translation on the receptor culture The methodology adopted is interdisciplinary drawing from linguistics African languages history English literature cultural studies black studies and theology I analyse the impact of the 1840 Gospel of Luke in the context of Setswana culture in South Africa and my findings demonstrate that translations cannot be distinct from the translator To gain a deep understanding of the implications of such texts I adopt a methodology that analyses significant historical literature and primary sources including the records and works of The British and Foreign Bible Society The History of the London Missionary Society and the journals letters and writings of missionaries such as Robert Moffat and John Campbell *Disciplines as Frameworks for Student Learning* Tim Riordan,James Roth,2023-07-03 What should students be able to do and how should they be able to think as a result of study in a discipline What does learning in the disciplines look like at different developmental levels How does one go about designing such learning and assessment in the disciplines What institutional structures and processes can assist faculty to engage and teach their disciplines as frameworks for student learning Creating ways to make a discipline come alive for those who are not experts even for students who may not take more than one or two courses in the disciplines they study requires rigorous thought about what really matters in a field and how to engage students in the practice of it Faculty from Alverno College representing a range of liberal arts disciplines chemistry economics history literature mathematics and philosophy here reflect on what it has meant for them to approach their disciplines as frameworks for student learning They present the intellectual biographies of their explorations the insights they have gained and examples of the practices they have adopted The authors all demonstrate how the ways of thinking they have identified as significant for their students in their respective disciplines have affected the way they design learning experiences and assessments They show how they have shaped their teaching around the ways of thinking they want their students to develop within and across their disciplines and what that means in terms of designing assessments that require students to demonstrate their thinking and understanding through application and use This book will appeal to faculty interested in going beyond mere techniques to a more substantive analysis of how their view of their respective disciplines might change when seen through the lens of student learning It will
