Truth and Storytelling Emily Edwards,2022-03-01 The goal of this book is to guide writers toward creating more authenticity in visual storytelling One of the needs for art is the mirror a reflection of human existence and what is glorious tragic wonderful and funny about life In an age of post truth where derivative and grotesquely bogus stories are abundant globally networked and digitally streamed this book examines what it means to both artists and audiences when the mirror is consistently distorted inaccurate and biased The book offers a guide for finding authenticity in fictional narrative regardless of genre or form The book is intended as a compass for writers to better understand and confront the truths they want to reveal through narrative stories and how to find legitimacy in the fictional characters and situations they create One element that sets this book apart from others is the use of storyboarding to explain ideas There are many books that teach fundamentals of writing and producing for the screen promising the reader great success through formula This book is a guide for writers in finding their unique creative voice While the emphasis of this book is on creating scripts intended for production of moving image

media the guide can be adapted to the creativity of various types of storytellers working in a variety of media fields

Cinematic Storytelling Thomas Robotham, 2021-08-25 This book presents a new story based approach to cinematic coverage and storytelling in film and video It breaks from the conventional idea that shots are the fundamental unit of filmmaking instead exploring the specifics of determining coverage Keyframes in patterns are introduced delivering scripted material in a context rich presentation that supports the storytelling All the analysis interpretation and creative decision making is done first with shots derived as the very last step Scripted material is divided into six categories with associated patterns Like cinematic building blocks these can freely stack up and interconnect supporting creativity and avoiding rigid formulas This approach enables filmmakers to tap into the film language that audiences already understand and put it to practical use helping the audience to feel the storytelling deeply Dozens of film examples are provided throughout plus conceptual and camera diagrams to contextualize the methods presented and exercises are provided to reinforce concepts Emphasis is placed on supporting performance and story meaning through a cinematic context With all the concepts and decision making options described and shown in examples a scripted scene is analyzed and developed through an eight step process illustrated with storyboard camera diagrams and ultimately shot list descriptions The book is ideal for filmmaking students interested in directing and cinematography as well as aspiring and early career filmmakers cinematographers and directors
