I was thrilled to see content that focuses on quality improvement, patient safety, interprofessional collaboration, care coordination, and other content that supports the role of the AGNP as a clinical leader and change agent. The authors give these topics the attention that they deserve with clear, insightful guidance and, importantly, the evidence base. Profit and Punishment Tony Messenger, 2025-09-23 In *Profit and Punishment* a Pulitzer Prize winning journalist exposes the tragedy of modern day debtors prisons and how they destroy the lives of poor Americans swept up in a system designed to penalize the most impoverished Intimate raw and utterly scathing Heather Ann Thompson Pulitzer Prize winning author of *Blood in the Water* Crucial evidence that the justice system is broken and has to be fixed Please read this book James Patterson 1 New York Times bestselling author As a columnist for the St Louis Post Dispatch Tony Messenger has

spent years in county and municipal courthouses documenting how poor Americans are convicted of minor crimes and then saddled with exorbitant fines and fees. If they are unable to pay, they are often sent to prison where they are then charged a pay to stay bill in a cycle that soon creates a mountain of debt that can take years to pay off. These insidious penalties are used to raise money for broken local and state budgets often overseen by for-profit companies and it is one of the central issues of the criminal justice reform movement. In the tradition of *Evicted* and *The New Jim Crow*, Messenger has written a call to arms shining a light on a two-tiered system invisible to most Americans. He introduces readers to three single mothers caught up in this system living in poverty in Missouri, Oklahoma, and South Carolina whose lives are upended when minor offenses become monumental financial and personal catastrophes. As these women struggle to clear their debt and move on with their lives, readers meet the dogged civil rights advocates and lawmakers fighting by their side to create a more equitable and fair court of justice. In this remarkable feat of reporting, Tony Messenger exposes injustice that is agonizing and infuriating in its mundane cruelty as he champions the rights and dignity of some of the most vulnerable Americans.
