Ryan, 2014-01-10 The idea of the complete annihilation of all life is a powerful and culturally universal concept As human societies around the globe have produced creation myths so too have they created narratives concerning the apocalyptic destruction of their worlds This book explores the idea of the apocalypse and its reception within culture and society bringing together 17 essays that explore both the influence and innovation of apocalyptic ideas from classical Greek and Roman writings to the foreign policies of today s United States **UFO Religions** Christopher Partridge, 2012-11-12 The spectre of the UFO as popularized by shows such as The X Files has brought an astonishing slant to the face of modern religious practice But what motivates the fantastical and sometimes sinister beliefs of UFO worshippers UFO Religions critically

examines some of the fascinating issues surrounding UFO worship abduction narratives UFO based interpretations of other religions the growth of pseudo sciences purporting to explain UFOs and the responses of the core scientific community to such claims Focusing on contemporary global UFO groups including the Raelian Movement Heaven s Gate Unarius and the Ansaaru Allah Community it gives a clear profile of modern UFO controversies and beliefs Apocalypse and Reform from Late Antiquity to the Middle Ages Matthew Gabriele, James T. Palmer, 2018-09-03 Apocalypse and Reform from Late Antiquity to the Middle Ages provides a range of perspectives on what reformist apocalypticism meant for the formation of Medieval Europe from the Fall of Rome to the twelfth century It explores and challenges accepted narratives about both the development of apocalyptic thought and the way it intersected with cultures of reform to influence major transformations in the medieval world Bringing together a wealth of knowledge from academics in Britain Europe and the USA this book offers the latest scholarship in apocalypse studies It consolidates a paradigm shift away from seeing apocalypse as a radical force for a suppressed minority and towards a fuller understanding of apocalypse as a mainstream cultural force in history Together the chapters and case studies capture and contextualise the variety of ideas present across Europe in the Middle Ages and set out points for further comparative study of apocalypse across time and space Offering new perspectives on what ideas of reform and apocalypse meant in Medieval Europe Apocalypse and Reform from Late Antiquity to the Middle Ages provides students with the ideal introduction to the study of apocalypse during this period **The Encyclopedia of Cults, Sects, and New Religions** James R. Lewis, 2001-03 Surpassing the scope and the thoroughness of the first edition this new edition of The Encyclopedia of Cults Sects and New Religions is the most wide ranging and accessible resource on the historically significant and more obscure sinister and bizarre religious groups Including many entries by scholarly specialists this volume explains more than 1 000 diverse groups and movements from such well known sects as the Branch Davidians Aum Shinrikyo and Heaven s Gate to obscure groups like Ordo Templi Satanas Witches International and the Nudist Christian Church of the Blessed Virgin Jesus In addition to an exhaustive index and handy cross references the second edition includes over a hundred new topical entries on subjects relevant to understanding sectarian movements from snake handling and satanic ritual abuse to brainwashing and exorcism This book a must for all libraries and schools will endure as the first and only point of reference for researchers scholars students and anyone interested in fringe religious groups **The Re-Enchantment of the West, Vol 2** Christopher Partridge, 2006-06-20 Challenging some assessments of religion in the West this study argues that although much organized religion particularly Christianity is in numerical decline in actual fact we are witnessing an alternative spiritual re enchantment of society and culture **Odyssey of an Airhead** Malgorzata Duszak, 2010-05-19 The book is written as a journal by a naive Catholic girl from Poland as she is thrown into the world where she discovers herself in the spiritual maze of beliefs and concepts She goes through life as it presents her with new experiences and she makes her way through them in the incessant longing to know and understand more She doesn t offer

dry facts of what she discovers and believes she doesn't attempt to tell the readers what the truth is or what reality is all about. She innocently and eagerly asks questions but not necessarily always gives the answers. She is not anyone's teacher but through her personal odyssey spanning a period of about eight years she compels the casual reader to think just a little less casually. The embracement of all human encounters, philosophies and ways of living remains her key to the higher understanding of the experience of life. Although perceived as an airhead by some she enthusiastically takes us through simple but large ideas, the religious and spiritual concepts the humanity developed to explain the inexplicable. Through her philosophical and esoteric growth the reader feels accompanied on their own inner search. Being a part of life's journey toward the Absolute and going at the same time through the ordinary human experience full of pain and emotions qualifies anyone to talk about what unfolds along their way. This time the journey is hers and she invites everyone to join.
