American On Purpose The Improbable Adventures Of An Unlikely Patriot Craig Ferguson:

American on Purpose Craig Ferguson, 2010-05-11 In *American on Purpose* Craig Ferguson delivers a moving and achingly funny memoir of living the American dream as he journeys from the mean streets of Glasgow Scotland to the comedic promised land of Hollywood Along the way he stumbles through several attempts to make his mark as a punk rock musician a construction worker a bouncer and tragically a modern dancer To numb the pain of failure Ferguson found comfort in drugs and alcohol addictions that eventually led to an aborted suicide attempt He forgot to do it when someone offered him a glass of sherry But his story has a happy ending success on the hit sitcom *The Drew Carey Show* and later as the host of CBS's *Late Late Show* By far Ferguson's greatest triumph was his decision to become a U S citizen a milestone he achieved in early 2008 In *American on Purpose* Craig Ferguson talks a red white and blue streak about everything our Founding Fathers feared

Playful, Glad, and Free Jessica Decou, 2013-09-01 This book offers a critical analysis and reinterpretation of Karl Barth's theology of culture the least studied aspect of his work revealing his significance for contemporary work in theology of culture by applying his approach to the study of popular culture and entertainment Grounding the study in Barth's eschatology which proves more amenable to secular culture than other models DeCou shows that Barth's approach recognized that the freedom of theology is qualified by the freedom of the Word and the freedom of secular culture Barth therefore offers a middle way for

evaluating and analyzing culture and religious forms This book thus opens up a new avenue of interpretation of Barth and applies the insights of Barth's theology in fresh ways to the structures of contemporary culture and its products

Audiobooks as Artifacts David Seinerberg, 2024-06-19 Their ever evolving popularity notwithstanding audiobooks remain a rather undertheorized phenomenon The prevailing handful of existing studies seem to have adopted an inherently historicist approach which fails to identify and scrutinize their aesthetic importance Thus rather than regarding them as mere recorded versions of existing literary works this book explores them as the unique products of a hitherto undefined artistic genre As performance based aural artefacts the very act of listening to them is rendered an aesthetic experience in its own right By effectively embracing an interdisciplinary approach and introducing a set of aesthetic questions and philosophical conundrums ignited by a paradigmatic application of the New Institutional Theory of Art this study establishes a new aesthetic category which in turn not only classifies audiobooks as artworks to all intents and purposes but also generates the criteria and parameters for evaluating their merit Since the proof of the proverbial pudding is purportedly in the eating in surveying a series of concrete case studies each highlighting different degrees of complexities this study mainly examines first person narratives as the most natural medium for the aesthetics of the audiobook As such the investigation herein provides one with comparative close listenings appropriately analyzing and debating their aesthetic properties Finally in exploring what this study identifies as one's informed intuition and its role in the craft of casting audiobooks this study also proposes a new understating of how aesthetic appreciation works in action
