K'Oben Amber M. O'Connor, Eugene N. Anderson, 2016-12-14 K Oben traces the Maya kitchen and its associated hardware ingredients and cooking styles from the earliest times for which we have archaeological evidence through today s culinary tourism in the area It focuses not only on what was eaten and how it was cooked but the people involved who grew or sourced the foods who cooked them who ate them Additionally the authors examine how Maya foodways and the people involved fit into the social system particularly in how food is incorporated into culture economy and

society The authors provide a detailed literature review of hard to find sources including out of print centuries old cookbooks archaeological field notes ethnographies and ethnohistories out of circulation and not available in English thesis documents only available in Spanish and in university archives as well as current field research on the Maya The more recent Maya foodways can be studied from cookbooks ethnographies and ethnohistorical documentation Between the two of us we have assembled a small but representative collection of cookbooks some self published and rare that were available in Merida and elsewhere in Mexico during the late 20th century Some are quite old and all reflect local traditional foodways Geographically the book concentrates on Yucatan Tabasco and Chiapas in Mexico but will include Pre Classic and Classic evidence from Guatemala and El Salvador whose foodways are influenced by Maya traditions

Juliana Awada **Yucatán** David Sterling, 2014-03-30 Winner James Beard Foundation Best Cookbook of the Year Award 2015 James Beard Foundation Best International Cookbook Award 2015 The Art of Eating Prize for Best Food Book of the Year 2015 The Yucatán Peninsula is home to one of the world's great regional cuisines. With a foundation of native Maya dishes made from fresh local ingredients, it shares much of the same pantry of ingredients and many culinary practices with the rest of Mexico. Yet due to its isolated peninsular location, it was also in a unique position to absorb the foods and flavors of such far-flung regions as Spain and Portugal, France, Holland, Lebanon, and the Levant, Cuba, and the Caribbean, and Africa. In recent years, gourmet magazines and celebrity chefs have popularized certain Yucatecan dishes and ingredients such as Sopa de lima and achiote, and global gastronomes have made the pilgrimage to Yucatán to tantalize their taste buds with smoky pit barbecues, citrus-based pickles, and fiery chiles. But until now, the full depth and richness of this cuisine has remained little understood beyond Yucatán's borders. An internationally recognized authority on Yucatecan cuisine, chef David Sterling takes you on a gastronomic tour of the peninsula in this unique cookbook, *Yucatán Recipes from a Culinary Expedition*. Presenting the food in the places where it's savored, Sterling begins in jungle towns where Mayas concoct age-old recipes with a few simple ingredients they grow themselves. He travels over a thousand miles along the broad Yucatán coast to sample a bounty of seafood, shares the people's food at bakeries, chicharronerías, street vendors, home restaurants, and cantinas, and highlights the cooking of the peninsula's three largest cities: Campeche, Mérida, and Valladolid, as well as a variety of pueblos noted for signature dishes. Throughout the journey, Sterling serves up over 275 authentic, thoroughly tested recipes that will appeal to both novice and professional cooks. He also discusses pantry staples and basic cooking techniques and offers substitutions for local ingredients that may be hard to find elsewhere. Profusely illustrated and spiced with lively stories of the region's people and places, *Yucatán Recipes from a Culinary Expedition* is the long-awaited definitive work on this distinctive cuisine. La Cueva del Sol Elias Khoury, 2010-07-15

La palabra brillante está grabada a lo largo de *La Cueva del Sol*. Una novela que nos sobrevivir. The Independent Abu Salim yace en coma en un hospital derruido del campo de refugiados palestino de Chatila. Solo Jalil, su hijo espiritual, se ocupa de cuidarlo. En un conjuro contra la muerte y la locura, Jalil adopta las muchas voces del pueblo palestino para contarle a Abu Salim su propia historia. Envueltos en un halo casi mágico, sus relatos reflejan el contemporáneo de las mil y una noches, nos guían por la trágica odisea de hombres y mujeres obligados a emigrar, a dejar atrás a sus amores y a sus muertos, a hacer lo inconfesable para sobrevivir. Una epopeya cifrada en la misteriosa y camaleónica existencia del propio Abu Salim, que quizás solo llega a ser él mismo durante sus apasionados encuentros con Nahila en la Cueva del Sol. La crítica ha dicho: Pocos han mostrado con tanta claridad los mitos, historias y rumores sobre los israelíes y palestinos. *La Cueva del Sol* es una imponente y rica novela realista, una genuina obra de arte. The New York Times Book Review: *La Cueva del Sol*, una gran novela oriental. Sin ninguna duda, uno solo puede quedar embrujado por esta embriagante narración. Le Nouvel Observateur: Las historias no son propaganda. Se trata de la vida real de muchas personas que anhelan justicia y escapar de una difícil situación que yace en el corazón del profundo conflicto de Oriente Próximo. Pero solo un novelista las puede contar de esta manera. The Times: Brillante. Elias Khoury es un artista que da voz a exiliados humildes y refugiados cautivos, a fronteras que se disuelven e identidades que cambian a exigencias radicales y nuevos lenguajes. Desde esta perspectiva, la obra de Khoury le da a Mahfuz una inevitable, aunque profundamente respetuosa despedida. Edward Said: Elias Khoury evoca el exodo palestino al Líbano, conjurando sus historias y memorias. Para convencer a los lectores, Elias Khoury no duda en seducir a través de su prosa vibrante, conmovedora y humorística. Le Monde des Livres.
