Mandarin Chinese has become the official Chinese language after the 1911 revolution it has been taught in schools for many decades and now virtually every educated Chinese can speak the language Today Mandarin Chinese is spoken throughout the country in China a Western tourist in China will have no trouble communicating with the Chinese in Mandarin Chinese Some distinctive features of mandarin Chinese

- 1 Nouns Quantifiers Unlike the English language nouns in Mandarin Chinese need quantifiers just like articles in English This often becomes hurdles to be got over in learning Mandarin Chinese In English the words a an can be used to refer to almost any countable nouns such as a student a horse a cow a camel a ring a clock a tree and a hair A is used to refer to the above nouns On the other hand however in Mandarin Chinese the above nouns have their respective quantifiers
- 2 Verbs In Verbal Tenses And Voices Remain Unchanged Other Words mostly adverbs are used to indicate different tenses and voices As an example if you want to indicate past tense you may use such words as in the past yesterday last year If you want to indicate future tense you may use such words as next year tomorrow one day etc In nouns no distinction between singular and plural nouns The same character stands for both forms In pronouns no distinction between subject pronouns 1 he it she we you and object pronouns her him it me them us you No distinction between singular and plural pronouns this these that those
- 3 There Are Four Common Ways Of Asking Questions First use a

negative word This is like the short form of a tag question in English Second use interrogative pronouns Who Whom Where What Unlike English nouns in Mandarin Chinese need quantifiers not unlike articles in English This often becomes hurdles to be got over in learning Mandarin Chinese A standard Noun quantifier contains three characters including one number one quantifier and one noun When translated into English there are three forms 1 it contains only two words namely a number and a noun but no quantifier such as a dog 2 it contains three words namely a number a partitive as quantifier and a noun such as a dose of medicine or a packet of cigarettes Chinese Grammar Yusi Feng,2015-10-01 Mandarin Chinese is difficult to learn right Of course you can memorize thousands of new Chinese words with no problem but it is very difficult to learn Chinese Grammar and hard to make sentences correctly This book can help you study Chinese with no Grammar book You already know sentence patterns and English grammar So now you just need to learn what is different and what is similar between Chinese and English In this book the sentences are classified in different sections and each sentence with both English and Chinese for every section that we go through you can easily compare Chinese and English So you will quickly start to understand what is different and what is similar in both languages and the more you learn the easier it gets This book also Collected many Common Words and phrases and classified with illustrative sentence in Chinese and English After you read these illustrative sentence in Chinese and English you will know how to use these Words and phrases **Easy Chinese Phrase Book** Lingo Mastery,2020-07-29 What is the hardest challenge you've faced as a student of the Chinese language You can work hard on your grammar vocabulary and pronunciation but being able to communicate naturally isn't easy In fact the toughest part of learning Chinese is knowing how to speak like a native Most textbooks are made to teach you the traditional rules and structures of a language and are great for getting around the grammar and spelling questions you may have However how many of them provide you the tools necessary to have a common conversation with a best friend or someone you've just met Not many at all Language learners often complain about this a lack of material that can help you familiarize yourself with the most common phrases used in everyday conversation and in native surroundings For this reason we at Lingo Mastery have developed Easy Chinese Phrase Book Over 1500 Common Phrases for Everyday Use and Travel for you our favorite language learner so that you may find the best expressions for common usage in China and communicate with your Chinese friends colleagues and clients without any issue In this book An introduction with a detailed guide on how to pronounce vowels and consonants as well as their combinations in the Chinese tongue A list of over 1 500 common phrases in Chinese with an accurate translation in English for your understanding A phonetics pronunciation guide of each and every word in the phrases included after every translation Finally a conclusion to make sure you've learned and supply you with a final list of tips Your days struggling with natural communication with natives is finally over Our Easy Chinese Phrase Book is here It's time for you to take your Simplified Chinese to the next level *Mandarin Made Easy : 1770 Chinese Phrases* Lit Khiong Wong,2007 Essential Mandarin Chinese Grammar Vivian Ling,Peng Wang,2020-09-15
