Supporting Crisis Survivors Everton I. Anderson, 2013-07-22

CHAPTER ONE CRISIS AND TRAUMAS V PRESENT EVERYWHERE What are the Distinguishing Traits of a Crisis Research has shown that the Chinese word for crisis involves two characters one means danger and the other means opportunity One psychologist summarized the peculiarities in this manner A crisis is a turning point that usually cannot be avoided They are filled with danger because they disrupt life and threaten to overwhelm the people who are affected Furthermore a crisis also present people with the opportunity to change grow and develop better ways of coping Since people in crisis often feel confused and helpless they tend to be more opened to receive outside help including the help that comes from rescue workers from counselors and from God CHAPTER TWO THE MULTIFARIOUS ELEMENTS OF LOSS Increasing Number of Loss Individuals seem to cope with losses better when they are occasional Yet after the age of 50 or 60 they pass into a period of increasing number of losses Still grieving from the previous loss it is ever so hard to make sense of the current one Furthermore if one had never learnt to deal effectively or contend with occasional losses then it is inevitable having several will be catastrophic Equally important is that each type of loss brings its own kind of suffering and reaction CHAPTER THREE PURPOSE OF CRISIS COUNSELING When a visit is made if the crisis counselor does not have an objective the appointment will be unsuccessful Therefore the underlining purpose of crisis counseling is to support the hurting and not to encourage the avoidance of reality This means the counselor advises individuals in crisis to admit the crisis express grief normally and arrive at a healthy resolution CHAPTER FOUR THE CRISIS OF DEATH AND DYING Although human suffering in multiple dimensions is a factor of life which causes great pain and human anguish it must not be used as a reason for justifying the direct taking of human life K God must always be understood as the Creator and Sustainer of life It was Norman St John Stevas who articulated this view skillfully The value of human life for the Christian in the first century A D as today rested not on its development of superior sentience but on the unique character of the union of a body and soul both destined for eternal life The right to life thus has a philosophical foundation K Respect for the lives of others because of their eternal destiny is the essence of the Christian teaching CHAPTER FIVE COMFORTING THE SUCIDAL AND VICTIMS FAMILY The following are invaluable principles that are crucial to the helpline counseling methods The Suicidal X Activity The person needs to feel that something is being done for him or her right now This solemn promise or guarantee can alleviate his or her anxiety X Involvement of others If the caller realizes that others are now involved and caring for him or her the person will be more apt to feel the care and concern and will more likely respond The Family Counselors friends and family members alike feel guilt extreme displeasure and self blame because the death was not averted However ultimately responsibility for suicide rests with the victim who was unable or unwilling to cope with the pressures of life Ways to support Promise to visit the mortuary and advise family members to do the same If possible accompany the grief stricken relatives knowing that the initial shock and denial could be overwhelming X Resist the phrase It was an accident a terrible accident Some may think this

is helpful but its more of an expression of ones own anxiety X Do not pass judgment But he or she was up all night drinking They did not understand what they were doing It is not helpful or necessary to give reasons for the suicide X The date on which the suicide took plac Handbook on Counseling Youth John McDowell,Bob Hostetler,1996-06-09 Thoroughly researched this easy to use handbook is designed to help parents teachers pastors and youth workers guide today s young people through the minefields of adolescence From simple challenges to major crises this book will equip adults to help youth cope with situations involving emotional issues abuse addictions family issues disorders sexual issues and much more **To Walk in God's Ways** Joseph Ozarowski,2004-10-13 Now more than ever people are turning to their rabbis and communities to seek the consolation they need in times of mourning and bereavement As such the field of pastoral care is becoming increasingly important to clergy of all faiths To Walk in God s Ways Jewish Pastoral Perspectives on Illness and Bereavement illustrates how the structure and themes of Jewish tradition using cognitive empathy allow both the community and rabbi to help the patient and mourner alleviate his or her suffering An A-Z of Counselling Theory and Practice William Stewart,2005 The broad perspective multidisciplinary approach of the second edition makes it invaluable in the counselling context at any level It is comprehensive enough for full time counsellors and students but it is also a resource for health care professionals for whom counselling is an intrinsic component of their practice **Five Pathways to Wholeness** Roger Hurding,2013-06-20 Five Pathways to Wholeness examines a variety of approaches to pastoral care biblical counselling the healing ministries pastoral counselling spiritual direction and social change Bringing together material from a range of sources and offering numerous engaging real life illustrations the author compares and evaluates each of the five approaches in its own right At the same time he encourages those who favour a particular pathway to respect and understand the raison d etre of the other four All five he believes can move to a more truly integrational theological and psychological viewpoint The Spirit & the Letter David Wumbei Akonsi (PhD), The Spirit and to stimulate further discussion on the matters Christian Counselling Gladys Mwit,Alvin C. Dueck,2007 **On the Road to Forgiveness** Victor D. Marshall,2015-06-01 Each individual has been hurt emotionally physically psychologically or spiritually at some point in his or her life Although some people have been able to address their painful issue and move on far too many persons resolve that they will never forgive the person who has injured them Victor D Marshall holds the view that people who are unable to forgive and let go of past hurts have not experienced healing In fact the major principle of On the Road to Forgiveness Experiencing Healing on the Way is that for a person to forgive he needs to experience some degree of healing and to experience healing an individual needs to forgive themselves and others Out of this audacious perspective Victor has developed eight principles on which each chapter is built Marshall then identifies five stages that every individual needs to pass through in order to experience healing and move on with his or her life In his biblically grounded insightful and well researched book Victor uses a psycho spiritual approach to illustrate the impact of forgiveness on our lives A key element of

this volume On the Road to Forgiveness is the practical cases he includes to provide analytical discussions If you are struggling with issues of forgiveness this book identifies ways by which you can overcome living in the past Victor also shares some major discoveries about the psychological benefits of forgiving others one of which is that forgiveness contributes to the fulfillment of various psychological needs As you turn the pages of this intriguing book you will be helped to experience emotional freedom be encouraged to develop your spirituality further and ultimately grasp the importance of focusing on issues of eternal value May the Divine One be with you on this journey
