Christian View Of God And The World:

The Christian View of God and the World as Centering in the Incarnation James Orr, 1893 *The Christian View of God and the World as Centring in the Incarnation* James Orr, 1907 **Christian View of God and the World** James Orr, 1989 The Christian View of God and the World James Orr, 1989-08 Foreword by Vernon C Grounds An extensive description and defense of the theistic worldview centering on the incarnation of Jesus Christ The Christian View of God and the World as Centring in the Incarnation James Orr, 1893 **The Christian View of God and the World as Centring in the Incarnation** James Orr, 1948 **The Christian View of God and the World** Charles Orr, 2018-12-18 The superb analyses of Charles Orr into the essential nature of Christianity and God in the world are underappreciated classics This edition includes Orr's notes appended at the end of each chapter Based off a series of lectures delivered in the late 19th century this work delves into the essential truths of the Christian character What it means to be a follower of Christ and how the Christian views the world around him is but the initial foray of an author determined to unveil the meanings behind the spirituality The place of Jesus as an exemplar to all Christians is investigated with Orr giving us a variety of scholarly views on how the life and deeds of Christ can and are viewed by believers Orr then broadens his examination into theism in general the human being holding a theistic outlook upon the world is sure to derive comfort and meaning from his beliefs The loss of this is in the opinion of Orr and the scholars he cites equivalent to a great misfortune The modern trends of thought toward atheism which deny the presence of a Creator are investigated Orr's inquiries reveal the negativistic elements of these views Later lectures in this volume include a deep and penetrating analysis of sin and its occurrence in the world beginning with a note of its persistence moral evils and wrongdoing continue apace in the world in spite of Christian efforts to thwart it The author compares and contrasts the traditional methods whereby Christians view and combat sinfulness but also finds much common ground between the judicial and philosophical attitudes to human sin Notably Orr observes how sin has multiplied in modern times with knowledge of many examples travelling far and wide rather than being confined to a locality Concluding with a look into the character of Christ and his centrality to Christianity Orr finishes by examining the relation of the savior with humanity's destiny The appendix appended concerns the Kingdom of God and how the Bible defines and describes its occurrence Finally this volume concludes with further long form annotations to each lecture **Christian View of God and the World As Centring in the Incarnation** James Orr, 2015-06-25 James Orr 1844 6 September 1913 was a Scottish Presbyterian minister and professor of church history and then theology He was an influential defender of evangelical doctrine and a contributor to The Fundamentals Orr was a vocal critic of theological liberalism of Albrecht Ritschl especially and helped establish Christian fundamentalism His lectures and writings upheld the doctrines of the virgin birth and resurrection of Jesus and the infallibility of the Bible In contrast to modern fundamentalists and his friend B B Warfield he did not agree with the stronger position of Biblical inerrancy Like Warfield but also unlike modern Christian fundamentalists he

advocated a position which he called theistic evolution but which would today be called progressive creationism

The Christian View of God and the World As Centring in the Incarnation; Being the First Series of Kerr Lectures James Orr, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1893 edition Excerpt communication from mind to mind sometimes by look and sight usually by words There is another world then besides this tongueleas one of inorganic nature There is in the universe this fact that between individuals capable of it direct revelation is constantly going on Where there are bcinj DEGREESs that require a medium of intelligent communication between them there we perceive some sort of speech to exist And hence it is not a suggestion prima facie opposed to the analogy of nature at all events which is offered when it is asked whether there may not be some direct personal and articulate utterance made by God to man Is there to be eternal silence between these intelligences these kindred natures with their mutual capacity for love and communion Are all creatures in the universe that have any measure of intelligence or are even sentient capable of telling out directly what is in them and have they the means and the appetency thereto Can man commune with man through the high gift of language 1 And is the Infinite Mind and Heart not to express itself or is it to do so but faintly or uncertainly through dumb material symbols never by blessed speech Is there no Word of God To give a negative answer here would be at least to go against the analogy of nature All beings that we know possessed of any intelligence such beings generally we can at all events say and especially the members of the human family speak to each other in eome direct way make an immediate revelation of what is within them and one of the strongest presumptions surely is this that a Personal God in whose image man was made would in His dealings with man if sufficient occasion called express Himself in a similar direct manner
