The Power of Team Leadership George Barna,2013-04-03 Most leadership in today s churches comes from solo practitioners individuals who bear the burden of providing all the direction the ministry they direct requires Inevitably this

results not only in burned out leaders but underutilized lay people who merely attend and observe rather than becoming actively engaged in ministry growing in discipleship and freeing professional staff to focus on pastoral priorities In The Power of Team Leadership noted researcher George Barna demonstrates the incredible difference lay team leadership can make in a church s ministry Based on Barna s latest national studies the book sets forth clearly what churches need to know in order to recruit train and deploy lay leadership teams for maximum effectiveness in the Kingdom of God **In Pursuit of**

Being the Body of Christ in the Age of Management The Rev'd Lyndon Shakespeare, 2016-08-26 The church needs effective leaders We must be more missional Better organization is required Such sentiments are commonplace among Christians concerned with the health and sustainability of their local church as well as the church universal Over the past thirty years the desire for more efficiently run effectively led and organizationally sound churches has contributed to an approach to thinking about the church in terms uncritically assumed from the business and management sector This has given rise to treating the church as if it were just another social body in need of better organization The question is what happens when we apply the logic of management techniques to an organization that identifies as the body of Christ Drawing on organizational theory theological anthropology and sacramental theology this book navigates a path for Christians that avoids reducing the church to just another organization while providing a vision for the church as the social body where all are invited to connect and be made members of Christ and each

other Such a vision provides an alternative to the social categorization that would define the church by its organizational character rather than its eschatological destiny *Pastoral Leadership* Won Sang Lee,2015-01-14 In ascending to heaven Jesus Christ gave the church the Great Commission to expand the gospel to all nations Despite this biblical commission it is still an unfinished task As leaders of local churches pastors play a crucial part in this endeavor Pastoral leadership principles have varied widely throughout history yet it is interesting to discover the similarities between pastoral leadership principles practiced by John Chrysostom AD 347 407 in Antioch and Constantinople and Won Sang Lee 1937 in Washington DC Despite ministering 1600 years apart both pastors share the same core values care for people Christ like character biblical preaching and world missions This suggests that continued emphasis on these principles will play a significant role in fulfilling the Great Commission independent of time and place **Time Management for the Christian Leader** Ken

Willard,2015-05-05 God gives each of us the same 168 hours every week Some of us seem to use that time with incredible efficiency and power But for many others this is an area of frustrating deficiency Time Management for Christian Leaders challenges leaders to evaluate goals and teaches practical techniques for improvement Author and coach Ken Willard reveals ways we inadvertently waste time and offers solutions in a step by step process at the reader s own pace This book is engaging easy to read and even entertaining Most importantly it is full of information that can transform the Christian leader s ministry and life You will want to keep this book close at hand to read again and again These strategies insights and coaching questions help readers to really manage their time Or as the title suggests to Squeeze Blood from a Turnip J Val Hastings MCC Founder President Barber Church Consulting Life in ministry moves fast and this potent book can help us to do more of what we are meant to do Aubrey Malphurs Founder of The Malphurs Group Professor of Leadership and Pastoral Ministries Dallas Seminary **Faith of the Managers** Stephen Pattison,1997-01-11 According to Stephen Pattison managers have become the cultural heroes of our time In this book he examines some of the values assumptions beliefs and practices they embrace Managerialism he argues is a form of religious faith and he criticizes the utopianism of those whom managers look upon as gurus He suggests that managers should apply to their faith some of the critical spirit that theologians have applied to religious belief His book will be of interest to all who want more from management than manipulative technique and incomprehensible jargon Graduate & Professional Programs: An Overview 2015 (Grad 1)
