keyboards a centerpiece of the sound of many top rock bands and a handful of them became icons of both sound and design. Their sounds live on digitally in the memory chips of modern keyboards and in their original form thanks to a growing group of musicians and collectors of many ages and nationalities. *Classic Keys* explores the sound lore and technology of these iconic instruments including their place in the historical development of keyboard instruments, music, and the international keyboard instrument industry. Twelve significant instruments are presented as the chapter foundations together with information about and comparisons with more than thirty six others. Both authors are avid musicians, collect, and restore vintage keyboards and are well known and respected in the international community of web forums devoted to these instruments. **Jazz Education Journal**, 2005 **Eye of the beholder** Chick Corea, 1989
