Coalition Governments In Western Europe

Wolfgang C. Müller, Kaare Strom

Coalition Governments In Western Europe:

Coalition Governments in Western Europe Wolfgang C. Müller, Kaare Strom, 2003 This volume presents a detailed empirical analysis based on a large cross national data collection covering the entire post war period from 1945 to 1999

Coalition Governance in Western Europe Torbjörn Bergman, Hanna Back, Johan Hellström, 2021-08-10 Coalition government is the most frequent form of government in Western Europe but we have relatively little systematic knowledge about how that form of government has developed in recent decades This book studies such governments covering the full life cycle of coalitions from the formation of party alliances before elections to coalition formation after elections or in the sitting parliament portfolio distribution among the coalition parties governing and policy making when parties work together in office and the stages that eventually lead to government termination A particular emphasis is on the study of how coalitions govern together even when they have different agendas Do individual ministers decide or the Prime minister or is the outcome a result of a process of coalition compromise The volume covers 16 West European countries and introduces the case of Croatia focusing mainly on governments formed during the past two decades Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterised by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.ecprnet.eu The series is edited by Susan Scarrow Chair of the Department of Political Science University of Houston and Jonathan Slapin Professor of Political Institutions and European Politics Department of Political Science University of Zurich

Coalition Governance in Central Eastern Europe Torbjörn Bergman, Gabriella Ilonszki, Wolfgang C. Müller, 2019-12-12 Coalition government among different political parties is the way most European democracies are governed Traditionally the study of coalition politics has been focused on Western Europe Coalition governance in Central Eastern Europe brings the study of the full coalition life cycle to a region that has undergone tremendous political transformation but which has not been studied from this perspective The volume covers Bulgaria Estonia the Czech Republic Latvia Lithuania Hungary Poland Romania Slovakia and Slovenia It provides information and analyses of the coalition life cycle from pre electoral alliances to coalition formation and portfolio distribution governing in coalitions the stages that eventually lead to government termination and the electoral performance of coalition parties In Central Eastern Europe few single party cabinets form and there have been only a few early elections The evidence provided shows that coalition partners in the region write formal agreements coalition agreements to an extent that is similar to the patterns that we find in Western Europe but also that they adhere less closely to these contracts While the research on Western Europe tends to stress that coalition partners emphasize coalition compromise and mutual supervision there is more evidence of ministerial government by individual ministers and their parties There are also some systems where coalition governance is heavily dominated by the prime minister No previous

study has covered the full coalition life cycle in all of the ten countries with as much detail Systematic information is presented in 10 figures and in more than one hundred tables Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterised by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.ecprnet.eu The series is edited by Emilie van Haute Professor of Political Science Universit libre de Bruxelles Ferdinand M ller Rommel Director of the Center for the Study of Democracy Leuphana University and Susan Scarrow John and Rebecca Moores Professor of Political Science University of Houston

Coalition Government in Western Europe Vernon Bogdanor,1983 *Parliaments in Contemporary Western Europe* Philip Norton,2013-10-23 The relationship between parliament and government is fundamental to a political system In this volume a distinguished team of specialists explore that relationship and consider to what extent parliaments have the capacity to constrain governments Are there particular institutional features such as specialisation through committees that enhance their capacity to influence public policy

Governing Abroad Sibel Oktay,2022-07-19 From Austria to New Zealand coalition governments often pave the road to foreign policy In Western Europe nearly 90 percent of postwar governments include two or more political parties Israel the Middle East s only consolidated democracy according to many has never experienced single party rule in its history Even the United Kingdom known for its long streak of single party rule now navigates multiparty cabinets Coalitions are everywhere but we still have little understanding of how they act in foreign affairs History shows that coalitions can sometime engage in powerful international commitments such as participating in military operations but at other times they postpone their decisions water down their policy positions or promise to do less than they otherwise would What explains these differences in behavior Governing Abroad unpacks the little known world of coalition governments to find out Oktay argues that the specific constellation of parties in government explains why some coalitions can make more assertive foreign policy decisions than others Building on the rich literature in political science on coalitions legislatures and voting behavior the book weaves together sophisticated statistical analyses of foreign policy events across thirty European countries alongside in depth case studies from Denmark the Netherlands and Finland It brings political parties back into the study of foreign policy demonstrating that the size of the coalition the ideological proximity of the governing parties and their relationship with the parliamentary opposition together influence the government s ability to act in the international arena This book challenges our existing perceptions about the constraints and weaknesses of coalition governments It sheds new light on the conditions that allow them to act decisively abroad

Multiparty Government Michael Laver,Norman Schofield,1990 The politics of coalition is inherent in the political process of most European countries Coalition may be analyzed either theoretically or empirically this study reconciles both approaches Providing insight into contemporary coalition theory and placing it in the

context of coalition politics this work examines five basic themes the identity and motivation of those involved in coalition politics the eventual membership of coalitions durability payoffs and the impact of constitutional behavioral and historical constraints on the process of coalition bargaining *New Developments in the Study of Coalition Governments* Patrick Dumont, Bernard Grofman, Torbjörn Bergman, Tom Louwerse, 2024-12-07 This edited volume suggests promising new avenues of research in analyzing coalition politics Written by a group of leading scholars the book clarifies a number of concepts too often taken for granted in the existing literature performs theoretically driven and methodologically novel comparative studies of the effects of institutions on coalition formation revisits old empirical puzzles provides seminal analyses of how party leaders combine coalition governance solutions to anticipate risks pertaining to multiparty governing and confronts coalition theories to new empirical terrains The first chapters clarify core concepts found in the literature such as the distinction between positive and negative parliaments and investigate the internal variety of important phenomena such as early elections and caretaker cabinets These chapters provide new typologies and analyses of the conditions under which they are most likely to occur The following contributions look at the effects of institutions such as bicameralism on coalition formation processes and outcomes We then focus on one of the most enduring empirical puzzle in coalition theory minority governments One chapter provides a comprehensive analysis of the incidence maintenance and performance of these governments that do not rely on a majority in parliament Several other chapters of the volume using different research strategies and angles also revisit the old puzzle of their frequency together these chapters constitute the richest comparative study to date on what classical coalition theories failed to predict The final chapters of the volume provide an array of new research paths taken in coalition studies the first of these contributions looks at coalition governance and investigates the various combinations of mutual control mechanisms set up by coalition partners the two final chapters expand the empirical coverage of coalition studies to respectively presidential settings and the local level of government authority The latter looks in particular at one of the major challenges of coalition politics in the 21st century the increasingly burning question of the coalition participation or exclusion of radical populist parties Building on comparative theoretical and empirical knowledge over multiparty governments to draw useful lessons and recommend new research paths in increasingly challenging times for the formation and stability of coalitions across a wide range of political settings this volume will be of use to students and scholars interested in electoral politics comparative institutions and governance *Intra-Party Politics and Coalition Governments* Daniela Giannetti, Kenneth Benoit, 2008-10-27 This book explores how intra party politics affects government formation and termination in parliamentary systems where the norm is the formation of coalition governments The authors look beyond party cohesion and discipline in parliamentary democracies to take a broader view assuming a diversity of preferences among party members and then exploring the incentives that give rise to coordinated party behaviour at the electoral legislative and executive levels The chapters in this book share a common analytical framework confronting

theoretical models of government formation with empirical data some drawn from cross national analyses and others from theoretically structured case studies A distinctive feature of the book is that it explores the impact of intra party politics at different levels of government national local and EU This offers the opportunity to investigate existing theories of coalition formation in new political settings Finally the book offers a range of innovative methods for investigating intra party politics which for example creates a need to estimate the policy positions of individual politicians inside political parties This book will be of interest to political scientists especially scholars involved in research on political parties parliamentary systems coalition formation and legislative behaviour multilevel governance European and EU politics

Politics and Society in Western Europe Jan-Erik Lane, Svante O. Ersson, 1999-02-23 *Politics and Society in Western Europe* is a comprehensive introduction for students of West European politics and of comparative politics This new edition has been extensively revised and updated to meet with the new needs of undergraduate students as they come to terms with a changing social and political landscape in Europe This textbook provides a full analysis of the political systems of 18 Western European countries their political parties elections and party systems as well as the structures of government at local regional national and European Union levels Throughout the book key theoretical ideas are accessibly introduced and examined against the very latest empirical data on civil society and the state

The Logic of Pre-electoral Coalition Formation Sona Nadenichek Golder, 2006 Why do some parties coordinate their electoral strategies as part of a pre electoral coalition while others choose to compete independently at election time Scholars have long ignored pre electoral coalitions in favor of focusing on the government coalitions that form after parliamentary elections Yet electoral coalitions are common they affect electoral outcomes and they have important implications for democratic policy making itself *The Logic of Pre Electoral Coalition Formation* by Sona Nadenichek Golder includes a combination of methodological approaches game theoretic statistical and historical to explain why pre electoral coalitions form in some instances but not in others The results indicate that pre electoral coalitions are more likely to form between ideologically compatible parties They are also more likely to form when the expected coalition size is large but not too large and when the potential coalition partners are similar in size Ideologically polarized party systems and disproportional electoral rules in combination also increase the likelihood of electoral coalition formation Golder links the analysis of pre electoral coalition formation to the larger government coalition literature by showing that pre electoral agreements increase a the likelihood that a party will enter government b the ideological compatibility of governments and c the speed with which governments take office In addition pre electoral coalitions provide an opportunity for combining the best elements of the majoritarian vision of democracy with the best elements of the proportional vision of democracy

The Challenge of Coalition Government Nicolò Conti, Francesco Marangoni, 2014-12-17 Since the advent of the Second Republic in Italy in the mid 1990s a new generation of politicians has announced a shift in the system toward greater governmental leadership policy innovation government accountability and responsiveness to the

citizens Yet in recent years government has experienced frequent crises and deadlocks policy blockades and undisciplined parliamentary majorities Has the attempt to change the nature of the Italian government totally failed This book addresses this question by empirically assessing and theoretically evaluating the outcomes of the new system It asks whether there has really been a shift toward a more majoritarian democracy and examines why alternation in power has failed to produce a more efficient and responsive government It evaluates the connections between cabinet parliament parties and citizens and in doing so brings together diverse areas of inquiry such as government legislative party and public opinion studies Drawing from comparative theory but also considering the impact of country specific determinants it explains the very nature of the Italian government from the point of view of its achievements and its failures This text will be of key interest to scholars and students of government comparative and Italian politics and more broadly those with an interest in government democracy and Italy

Routledge Handbook of European Politics José Magone, 2014-12-17 Since the Treaty of the European Union was ratified in 1993 the European Union has become an important factor in an ever increasing number of regimes of pooled sovereignty This Handbook seeks to present a valuable guide to this new and unique system in the twenty first century allowing readers to obtain a better understanding of the emerging multilevel European governance system that links national polities to Europe and the global community Adopting a pan European approach this Handbook brings together the work of leading international academics to cover a wide range of topics such as the historical and theoretical background the political systems and institutions of both the EU and its individual member nations political parties and party systems political elites civil society and social movements in European politics the political economy of Europe public administration and policy making external policies of the EU This is an invaluable and comprehensive resource for students scholars researchers and practitioners of the European Union European politics and comparative politics

Minority Governments in Comparative Perspective Bonnie N Field, Shane Martin, 2022-09-29 Approximately one third of parliamentary democracies are or are typically ruled by a minority government a situation where the party or parties represented at cabinet do not between them hold a majority of seats in the national legislature Minority governments are particularly interesting in parliamentary systems where the government is politically responsible to parliament can be removed by it and needs majority support in the parliament to legislate The chapters in this volume explore and analyse the formation functioning and performance of minority governments what we term the why how and how well The volume begins with overviews of the concept of and puzzles surrounding minority governments in parliamentary systems and establishes the current terms of the debate In the thirteen chapters that follow leading country experts present in depth case studies that provide rich contextualized analyses of minority governments in different settings The final chapter draws broader comparative based conclusions from the country studies that push the literature forward and outline directions for future research on minority governments

Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary

government and politics Global in scope books in the series are characterized by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.ecprnet.eu The series is edited by Nicole Bolleyer Chair of Comparative Political Science Geschwister Scholl Institut LMU Munich and Jonathan Slapin Professor of Political Institutions and European Politics Department of Political Science University of Zurich

Policy, Office, Or Votes? Wolfgang C. Müller, Kaare Strøm, 1999-08-28 This book examines the behaviour of political parties in situations where they experience conflict between two or more important objectives

Enhancing Democracy With Coalition Governments and Politics Tshishonga, Ndwakhulu Stephen, 2024-05-20 Political coalition formation is a global strategy employed by leaders and parties in their pursuit of power This practice takes on particular significance in post colonial Africa where coalition governments have emerged as responses to challenges faced by the electoral base of liberation parties In countries like Congo Kinshasa Zimbabwe Nigeria Mauritius South Africa and the Kingdom of Lesotho coalition politics serves as a model for conflict resolution and democratic governance Enhancing Democracy With Coalition Governments and Politics delves into this complex landscape thoroughly investigating the pivotal role of coalition governments formed both before and after elections It sheds light on the challenges posed to dominant liberation movements and the urgent need for a radical agenda to address corruption maladministration and the abuse of political power The book focuses on Africa's pursuit of sound electoral democracy and democratic governance Enhancing Democracy With Coalition Governments and Politics aims to conceptually understand coalition governments trace their historical evolution in Africa interrogate the triggers for coalition formation assess their impact on electoral democracy and explore coalition politics at both local and national levels By providing theoretical and empirical insights the book equips policymakers practitioners scholars and researchers in the fields of Politics Sociology Public Administration and Development Studies with tools to comprehend form manage and sustain political coalitions as vehicles for democratic governance

Coalition Government and Party Mandate Catherine Moury, 2013-05-02 Which kind of decisions are passed by Cabinet in coalition governments What motivates ministerial action How much leeway do coalition parties give their governmental representatives This book focuses on a comparative study of ministerial behaviour in Germany Belgium Italy and the Netherlands It discredits the assumption that ministers are policy dictators in their spheres of competence and demonstrates that ministers are consistently and extensively constrained when deciding on policies The first book in a new series at the forefront of research on social and political elites this is an invaluable insight into the capacity and power of coalition government across Europe Looking at policy formation through coalition agreements and the effectiveness of such agreements Coalition Government and Party Mandate will be of interest to students and scholars of comparative politics governance and European politics

The SAGE Handbook of Comparative Politics Todd Landman, Neil Robinson, 2009-06-30 Editors Landman and Robinson have compiled an excellent tour d horizon of comparative politics

Distinguished contributors explore theoretical and methodological issues as well as examine the critical substantive domains that animate today's comparativists. Graduate students and academics will want to keep this volume on their book shelf.

Professor Mark Irving Lichbach, University of Maryland. The SAGE Handbook of Comparative Politics is a major new resource for scholars of comparative politics and of political science more generally. The Handbook covers the field with admirable thoroughness but does not sacrifice depth for breadth. The chapters are written by notable scholars who provide rich discussions of their topics and help to move the sub discipline forward.

B Guy Peters, Professor, University of Pittsburgh. The SAGE Handbook of Comparative Politics presents in one volume an authoritative overview of the theoretical, methodological, and substantive elements of comparative political science. The 28 specially commissioned chapters written by renowned comparative scholars guide the reader through the central issues and debates, presenting a state of the art guide to the past, present, and possible futures of the field. The Handbook is divided into three parts. The first considers comparative methodologies and reviews the interactions between various sub fields of comparative politics: political economy, political sociology, area studies, international relations, and institutional analysis. The second section examines nine classic issues of concern to comparativists, including government formation, political behaviour, and democratization. In the final section, nine new and emerging areas of comparative research are considered, such as terrorism, electoral corruption, human rights, and regional integration. The SAGE Handbook of Comparative Politics is an essential resource for researchers in political science, political sociology, political economy, international relations, area studies, and all other fields with a comparative political dimension.

Government Stability in Comparative Perspective Marco Improta, 2025-04-09. This insightful book provides a systematic and comprehensive analysis of government stability across democracies. Marco Improta draws on an original multilevel longitudinal dataset to investigate the factors influencing cabinet survival and identify policy recommendations to address the challenges facing contemporary governments.

Parties, Elections, and Policy Reforms in Western Europe Kerstin Hamann, John Kelly, 2010-08-30. This book provides a comparative assessment of social pacts between governments, labor unions, and employer organizations in Western Europe. Using a dataset covering 16 European countries, as well as eight in-depth country case studies, the authors argue that governments' choice of social pacts or legislation is less influenced by economic problems but is strongly influenced by electoral competition.

Enjoying the Tune of Appearance: An Emotional Symphony within **Coalition Governments In Western Europe**

In a world consumed by screens and the ceaseless chatter of immediate transmission, the melodic beauty and emotional symphony produced by the published term often diminish in to the backdrop, eclipsed by the persistent noise and disturbances that permeate our lives. But, nestled within the pages of **Coalition Governments In Western Europe** a marvelous fictional prize brimming with raw thoughts, lies an immersive symphony waiting to be embraced. Constructed by a masterful musician of language, that captivating masterpiece conducts readers on an emotional trip, well unraveling the concealed songs and profound affect resonating within each cautiously constructed phrase. Within the depths of the touching examination, we will explore the book is main harmonies, analyze its enthralling writing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

Coalition Governments In Western Europe Introduction

In today's digital age, the availability of Coalition Governments In Western Europe books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Coalition Governments In Western Europe books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Coalition Governments In Western Europe books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Coalition Governments In Western Europe versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, Coalition Governments In Western Europe books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Coalition Governments In Western Europe books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Coalition

Governments In Western Europe books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Coalition Governments In Western Europe books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Coalition Governments In Western Europe books and manuals for download and embark on your journey of knowledge?

FAQs About Coalition Governments In Western Europe Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Coalition Governments In Western Europe is one of the best book in our library for free trial. We provide copy of Coalition Governments In Western Europe in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Coalition Governments In Western Europe. Where to download Coalition Governments In Western Europe online for free? Are you looking for

Coalition Governments In Western Europe PDF? This is definitely going to save you time and cash in something you should think about.
