Parenting Discipline Gerarld Paul Clifford,2021-03-15 While children do need to be corrected when they do wrong you can t expect them to know what to do if you don t tell them Parenting can be a scary job The way your child turns out is in your hands While their friends and community also play a part in their upbringing parents have the biggest effect While nobody can be perfect you can have the tools to do the best you can to ensure they have the best chance of being a well rounded adult We will go over how to discipline a toddler in a manner that is effective and not damaging You ll find that a lot of this is based on communication and love Within the book you will learn Why it seems as though a toddler misbehaves so much The development process of children The common discipline myths about toddlers and why they are myths How to come up with an effective discipline strategy The works discipline mistakes a person can make with their toddler How to communicate with your toddler to lower their chances of misbehaving How to set boundaries with a toddler The best ways to deal with different types of tantrums and biting And much more Discipline is likely the hardest part of parenting It is what can help or harm a child and so many people have advice on the right way to discipline While toddlers may be young they don t forget things as easily as we like to believe What might seem insignificant to us can have a lasting effect on your child Discipline has seemed to stay the same despite the change in times and the change in people s beliefs Some parents will tell you that they don t think twice about spanking Others wouldn t dare spank their child Some yell and some try to reason with their children No matter where you fall right now this book is going to give you a different form of discipline You re going to learn about positive discipline Despite the name it doesn t mean you are going to ignore anything bad that your kids may do Instead you are going to try to keep your child from doing bad things but focusing on the good One of the biggest problems with old fashioned discipline and spankers and non spankers alike are guilty of this is that people want to focus on everything their child does wrong
