on Fire Scott Howard-Cooper, 2025-02-25 In the tradition of Blood in the Garden and Three Ring Circus comes a bold history of the iconic UCLA Bruins championship teams led by legendary coach John Wooden set against the turmoil of American culture in the 1960s and 70s Few basketball dynasties have reigned supreme like the UCLA Bruins did over college basketball from 1965 1975 seven consecutive titles three perfect records an eighty eight game winning streak that remains unmatched At the center of this legendary franchise were the now iconic players Kareem Abdul Jabbar and Bill Walton naturally reserved personalities who became outspoken giants when it came to race and the Vietnam War These generational talents were led by John Wooden a conservative counterweight to his star players whose leadership skills would transcend the game after his retirement But before the three of them became history they would have to make it together Los Angeles native and longtime sportswriter for the Los Angeles Times Scott Howard Cooper draws on more than a hundred interviews and extensive access to many of the principal figures including Wooden s family to deliver a rich narrative that reveals the turmoil at the heart of this storied college basketball program Making the eye opening connections between UCLA and the Nixon administration Ronald Reagan Muhammad Ali and others Kingdom on Fire puts the UCLA basketball team s political involvement and influence in full relief for the first time Perceptive and exciting this is a slam dunk for college hoops fans Publishers Weekly **Politics of Confrontation** Babak Ganji, 2006-04-28 Did the United States know more than it

acknowledges about growing unrest under the Shah in mid 1970s Iran Have historians of American Iranian relations focused too narrowly on prevailing historical theory and personal recollection In a period of escalating tension between the United States and Iran what can the two nations history of conflict tell us about their diplomatic future Covering Carter s policy from the end of the Shah s reign to the revolution under Ayatollah Khomeini Babak Ganji explores the nature of their perpetually antagonistic relations and the mistrust and misunderstanding that fuels it Politics of Confrontation is a penetrating critique

of international relations theory within the historical framework of US Iranian relations as well as a thorough examination of American policy towards Iran It is the first in depth look at documents seized by revolutionary students from the American Embassy during the infamous hostage crisis and debunks the myth that US officials were unaware of the nature of opposition to the Shah or of Soviet influence on senior clerics These findings are an essential addition to the discourse of foreign policy theorists and invaluable for historians of the US Iran and the Cold War **The Activist 1960s** Robert C.
