

TESDA CIRCULAR

SUBJECT: Implementing Guidelines on the Deployment of Training Regulations(TR) and Competency Assessment Tools (CATs) for Commercial Air-conditioning Installation and Servicing NC III		Page 1 of 8 pages Number <u>CSC</u> series of 2021
Date Issued: 08 October 2021	Effectivity: Immediately	Supersedes:

In the interest of the service and to provide coherence and standards in the deployment of amended Training Regulations for RAC Servicing [Package-Type Air-conditioning Unit/Commercial Refrigeration Equipment (PACU-CRE)] NC III to Commercial Air-conditioning Installation and Servicing NC III, the following Implementing Guidelines are hereby issued:

I. BACKGROUND/RATIONALE

- TESDA Board Resolution No. 2021-26 dated 08 June 2021 on "Approving and Promulgating the Amended Training Regulations for RAC Servicing (PACU-CRE) NC III to Commercial Air-conditioning Installation and Servicing NC III" was issued.
- The abovementioned Training Regulations (TR) was reviewed in partnership with the Refrigeration and Air-conditioning Technicians for Development of the Philippines (RACTAP) Inc.
- The deployment of this TR is in accordance with the Operating Procedure on the Development and Deployment of Training Regulations under ISO 9001:2015.

II. OBJECTIVES

- To implement the TRs aimed at better responding to the demands of the industry. This TR will promote competencies that are readily employable, environment-friendly and compliant with the industry requirements of the Heating, Ventilation, Air-Conditioning and Refrigeration (HVAC-R) Sector;
- To strengthen the industry-academe linkages addressing the "skills-jobs mismatch" in critical sectors; and
- To build the training and assessment infrastructures for the development of industry workers in the sector.

III. SCOPE / COVERAGE

New and existing training programs registered under the No Training Regulations (NTR) or LGU/industry/other government programs relating or leading to Commercial Air-conditioning Installation and Servicing NC III shall be covered by this Circular.

Technical and Vocational Education and Training in the Philippines in the Age of Industry 4.0 Asian Development Bank, 2021-03-01 New and emerging technologies under Industry 4.0 are rapidly changing the nature of work and demand for skills around the world. Meanwhile, the coronavirus disease COVID-19 pandemic is causing significant labor market upheavals. In the Philippines, the impacts on economic growth and employment have been highly disruptive. This publication highlights the vital role technical and vocational education and training (TVET) can play in mitigating the negative impacts of these drivers. It assesses what needs to be done to ensure the country's TVET system and TESDA, the agency responsible for TVET, can meet the challenges and achieve their objectives of a competitive and socially inclusive workforce.

Official Gazette Philippines, 2003 Workforce Development in the Philippines Ligaya Valmonte, 2007 Sensor Technology: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2020-02-07

Collecting and processing data is a necessary aspect of living in a technologically advanced society. Whether it's monitoring events, controlling different variables, or using decision-making applications, it is important to have a system that is both inexpensive and capable of coping with high amounts of data. As the application of these networks becomes more common, it becomes imperative to evaluate their effectiveness as well as other opportunities for possible implementation in the future.

Sensor Technology: Concepts, Methodologies, Tools, and Applications is a vital reference source that brings together new ways to process and monitor data and to put it to work in everything from intelligent transportation systems to healthcare to multimedia applications. It also provides inclusive coverage on the processing and applications of wireless communication, sensor networks, and mobile computing. Highlighting a range of topics such as Internet of Things, signal processing, hardware, and wireless sensor technologies, this multi-volume book is ideally designed for research and development engineers, IT specialists, developers, graduate students, academics, and researchers.

Human Resource Management in the Philippine Context Vivien T. Supangco, Jessica A. Los Baños, Katrina Tala S. Ocampo, 2021 Labor Markets in Asia Jesus Felipe, Rana Hasan, 2006-07-03

This volume argues that while labor market reforms may be necessary in some specific cases, by no means are labor market policies the main explanation for the widespread increase in unemployment and underemployment across Asia. Country-specific studies undermine the case for across-the-board labor market reforms.

Scripts of Servitude Beatriz P. Lorente,2017-10-19 This book examines how language is a central resource in transforming migrant women into transnational domestic workers Focusing on the migration of women from the Philippines to Singapore the book unpacks why and how language is embedded in the infrastructure of transnational labor migration that links migrant sending and migrant receiving countries It sheds light on the everyday lives of transnational domestic workers and how they draw on their linguistic repertoires and in particular on English as they cross geographical and social spaces By showing how the transnational mobility of labor is dependent on the selection and performance of particular assemblages of linguistic resources that index migrants as labor and not as people the book provides a powerful lens with which to examine how migration contributes to relationships of inequality and how such inequalities are produced and challenged on the terrain of language *PNAC Report, 1999-2008* Philippine National AIDS Council,2009 *Forestland Management*

Official Bulletin ,2010 *Nurse Migration in Asia* Radha Adhikari,Evgeniya Plotnikova,2023-05-22 Nurse Migration in Asia explores the ever increasing need for a larger nursing and healthcare workforce in Asia where countries are undergoing rapid transformation given economic globalisation and commercial expansion The book examines some of the major forces that play key roles in the changing dynamics of 21st century nurse and care worker migration in the Asian context changes which inevitably have global implications The country case studies range from India China Singapore to Japan and the Philippines Common themes emerge the rapid and unpredictable nature of nurse migration patterns including the direction purpose and frequency of migration and the changes in professional training regulation and workforce policy Forces causing these shifts include the changing population demography global and regional economic fluctuations and finally changing professional roles and gender dynamics The book analyses the response to these transformations and how countries adjust their immigration regulations to attract foreign healthcare professionals It concludes by highlighting the importance for all countries to remain vigilant as regards the exacerbating workforce crisis and engage in developing coherent policy governance frameworks to manage healthcare workforce at the national or international levels A valuable addition to the literature this book will be of interest to academics in the field of nursing health and social care workforce studies population demography labour markets gender and international migration studies globalisation in health and Asian studies **Climate Change Research at Universities** Walter Leal Filho,2017-06-02 This unique book provides a multidisciplinary review of current climate change research projects at universities around the globe offering perspectives from all of the natural and social sciences Numerous universities worldwide pursue state of the art research on climate change focussing on mitigation of its effects as well as human adaptation to it However the 2015 Paris 21st Conference of the Parties of the United Nations

Framework Convention on Climate Change UNFCCC COP 21 demonstrated that there is still much room for improvement in the role played by universities in international negotiations and decision making on climate change To date few scientific meetings have provided multidisciplinary perspectives on climate change in which researchers across the natural and social sciences could come together to exchange research findings and discuss methods relating to climate change mitigation and adaption studies As a result the published literature has also lacked a broad perspective This book fills that gap and is of interest to all researchers and policy makers concerned with global climate change regardless of their area of expertise
