Weiss Ratings' Guide to Life, Health and Annuity Insurers Weiss Ratings, Inc, 2005-06 Weiss Ratings' Guide to HMOs and Health Insurers Weiss Ratings Inc, 2005-10 **Using Cost-Effectiveness Analysis to Improve Health Care** Peter J. Neumann, 2004-10-28 As health costs in the U S soar past 1 5 trillion much evidence indicates that the nation does not get good value for its money It is widely agreed that we could do better by using cost effective analysis CEA to help determine which health care services are most worthwhile American policy makers however have largely avoided using CEA and researchers have devoted little attention to understanding why this is so By considering the economic social legal and ethical factors that contribute to the situation and how they can be negotiated in the future this book offers a unique perspective It traces the roots of EA in health and medicine describes its promise for rational resource allocation and discusses the nature of the opposition to it using Medicare and the Oregon health plans as examples In exploring the disconnection between the promise of CEA and the persistent failure of rational intentions the book seeks to find common ground and practical solutions It analyzes the prospects for change and presents a roadmap for getting there It offers pragmatic advice for cost effectiveness analysts discussing ways in which they can better translate their research findings into the basis for action The book also offers advice for policy makers and politicians including lessons from Europe Canada and Australia and underlines the need for leadership to establish the conditions for change **Health Affairs** ,2004 **Handbook of Pharmaceutical Public Policy** Thomas Fulda, 2007-07-25 Get an invaluable view of the impact of economics and politics on pharmaceuticals in the United States Pharmacy and pharmaceutical drug use are highly regulated and the various regulatory forces interact with diverse goals Pharmaceutical Public Policy is a comprehensive review of the legislation trends business developments and policy interpretations that have shaped drug use during the last 50 years This unique single source explains drug regulatory activity the major insurance and payment systems and the impact of economics and politics on drug use in the United States Leading experts provide a thorough and objective look at public policy issues making this text perfect for upper level undergraduate and graduate level pharmacy medical and public health educators and students Pharmacists and pharmacy students must learn more than just the physical sciences and clinical aspects of the pharmaceutical industry The rationale for policies rules and regulations is integral to understanding how to best serve patients and make the entire pharmaceutical sector more equitable and cost effective Pharmaceutical Public Policy examines the most pressing issues facing the industry including control of the rising costs for drugs and ensuring correct drug usage by patients This insightful text offers an in depth perspective of the policies and the debates that surround them Chapters are well referenced and many include helpful figures and tables to illustrate facts and ideas Topics in Pharmaceutical Public Policy include pharmacy law and regulation Medicare and prescription drug coverage FDA drug approval process Medicaid and prescription drugs public health pharmacy Department of Veterans Affairs pharmacy programs Department of Defense pharmacy programs innovative
