

Unit 1 Review

1. What is the difference between the three types of representative democracies: participatory democracy, pluralist democracy, and elite democracy?
 - Participatory – the people directly have the power to make policy
 - Pluralist – different groups compete/have power to make policy
 - Elite – a small group of people who have more power, make policy
2. Give examples of how participatory democracy is presented in American government.
State/local levels of government – initiative, referendum, & recall
 - Initiative – the people initiate/begin a law themselves
 - Referendum – the people vote directly on a law
 - Recall – the people can vote an elected official out of office before their term ends
3. Give examples of how pluralist democracy is presented in American government.
 - Interest groups
 - Political parties
4. Give examples of how elite democracy is presented in American government.
 - Old, white, rich, Protestant, men = Congress
 - Electoral College (electors choose the President)
5. Define popular sovereignty. How is this reflected in American government?
 - Consent of the governed/Government is created and given its power by the people
 - We choose our representatives (Congress members)
6. Define limited government. How is this reflected in American government?
 - A government that has limited powers (Constitution will limit the powers of the government)
 - Separation of powers, checks and balances, federalism, Bill of Rights
7. Define social contract. How is this reflected in American government?
 - Agreement between the people and government (people will agree to give up some freedoms/rights in order to be protected by the government)
 - Bill of Rights is not absolute (ex: can't yell fire in crowded movie theater), PATRIOT ACT after 9/11
8. Define republic. How is this reflected in American government?
 - Political system where people choose representatives to represent them
 - Electing our Congress members
9. What Enlightenment philosopher came up with the idea of natural rights? According to this person

Schreckhise, 2018-03-02

Lurking in the back of the minds of many students of American government is the question How well does the American political system work This book examines this in a way that is broad in approach and accessible to readers Such an ambitious examination of the effectiveness of the American policymaking system leads to one inescapable question how can you measure effectiveness The answer taken in this book is to employ a number of different criteria These criteria include the public s attitudes towards the institutions of government the degree in which all participate equally in political activities the level of which public policy is responsive to public opinion the ability of the actors in the process to create effective public policy the extent the political system imposes costs and benefits on us equally regardless of our economic condition race gender or age In doing so this book ties together and expands upon numerous scholarly studies conducted on American public policymaking and uses David Truman s Systems Model as a conceptual guide Because of the large amount of data presented the book will also serve as a reference source for others conducting research on American public policy

Corporate Rescue Law--an Anglo-American Perspective Gerard McCormack, 2008-01-01 a highly readable and informative text and an excellent addition to insolvency scholarship In their entirety the chapters of Corporate Rescue Law An Anglo American Perspective represent one of the most incisive and relevant treatments of comparative insolvency regimes to date This book is an absolute boon it provides the reader with a mass of legal and practical insights into the workings of two ostensibly divergent systems and challenges received wisdom in a fluent and persuasive manner Not only are legal differences examined through the lens of practice but also commercial philosophical and social responses to failure are considered and highlighted as possible drivers of those real distinctions that do exist Professor McCormack has produced an exceptional work that should be required reading for academics practitioners and policy makers alike and is to be warmly congratulated Sandra Frisby Banking and Finance Law Review The issues are well chosen They are easily the most important aspects of any corporate rescue law The careful analysis of the technical provisions the incorporation of the extensive

scholarship on the two corporate rescue regimes and the reference to practice in the real world all help to make these chapters an indispensable tool for any scholar wishing to gain a better understanding of the similarities and differences of English and American corporate rescue laws This monograph could not have come at a better time The comparative account in this book will help law reformers judges and scholars to have a better grasp of the issues and appreciate better how the two systems have dealt with them Comparative law has a critical role to play in promoting mutual understanding and respect It is hoped that this monograph will help in that respect Wee Meng Seng Singapore Journal of Legal Studies This book offers an unprecedented and detailed comparative critique of Anglo American corporate bankruptcy law It challenges the standard characterisation that US law in the sphere of corporate bankruptcy is pro debtor and UK law is pro creditor and suggests that the traditional thesis is at best a potentially misleading oversimplification Gerard McCormack offers the conclusion that there is functional convergence in practice while acknowledging that corporate rescue as distinct from business rescue still plays a larger role in the US The focus is on corporate restructurings with in depth scrutiny of Chapter 11 of the US Bankruptcy Code and the UK Enterprise Act and offers other comparative oversights Integrating theoretical and practical insights this book will be of great interest to academics and practitioners and also to policymakers in the DTI Insolvency Service and regulatory bodies

AP U.S. History Premium, 2024: Comprehensive Review With 5 Practice Tests + an Online Timed Test Option Eugene V. Resnick, 2023-07-04 Sharpen your test taking skills with five full length practice tests two in the book and three more online strengthen your knowledge with in depth review covering all units on the AP U S History exam reinforce your learning with practice questions at the end of each chapter

Judging Social Rights Jeff King, 2012-05-10 Countries that now contemplate constitutional reform often grapple with the question of whether to constitutionalise social rights This book presents an argument for why under the right conditions doing so can be a good way to advance social justice In making such a case the author considers the nature of the social minimum the role of courts among other institutions the empirical record of judicial impact and the role of constitutional text He argues however that when enforcing such rights judges ought to adopt a theory of judicial restraint structured around four principles democratic legitimacy polycentricity expertise and flexibility These four principles when taken collectively commend an incrementalist approach to adjudication The book combines theoretical doctrinal empirical and comparative analysis and is written to be accessible to lawyers social scientists political theorists and human rights advocates
