Levy, 2008 What is a man Hamlet and the problematics of man In our circumstance and course of thought the problematics of conceptual scheme What should we do the predicament of practical reason Universal vs particular Hamlet and the madness in reason Defeated joy melancholy and eudaemonia in Hamlet Things standing thus unknown the epistemology of ignorance in Hamlet The problematic relation between reason and emotion in Hamlet The time is out of joint the resetting of time in Hamlet Would it were not so hypothetical alternatives in Hamlet Who s there problematizing the concept of a person in Hamlet Nor th exterior nor the inward man the problematics of personal identity in Hamlet *The Human A Priori* A. W. Moore, 2023-07-09 The Human A Priori is a collection of essays by A W Moore one of them previously unpublished and the rest all revised These essays are all concerned more or less directly with something ineliminably anthropocentric in our systematic pursuit of a priori sense making Part I deals with the nature scope and limits of a priori sense making in general

Parts II III and IV deal with what are often thought to be the three great exemplars of the systematic pursuit of such sense making philosophy in the case of Part II ethics in the case of Part III and mathematics in the case of Part IV Much of the attention throughout is devoted to the work of other philosophers Kant and Wittgenstein feature prominently and five of the essays take the form of reviews or critical notices of recent work in philosophy But the interest in never purely exegetical One of the lessons that emerges from the essays either in opposition to the views of these other philosophers or by invocation of their views is that we humans achieve nothing of real significance in philosophy ethics or mathematics except from a human point of view and hence that all three of these pursuits can be said to betoken what may reasonably be called the human a priori

Trapped in Thought Eric P. Levy, 2007-04-17 Eric P Levy s book investigates the mentality or attitude of cognitive apprehension expressed in Beckettian texts Primary areas of concern include how the Beckettian attitude began what concepts it invents or transforms to sustain its mode of thought how the mentality wards off factors which would refute or heal it and most paradoxical of all why this mentality ultimately reduces the mind to an estranged source of thought continuously repudiated by its own awareness The study uncovers the strategies by which experience is evacuated of all content but that consistent with the attitude registering it

The Concept of Woman Prudence Allen, 2024-06-20 A comprehensive account of the concept of woman in Western thought from ancient Greece through the Middle Ages to today In her sweeping three volume study Sister Prudence Allen examined how women and men have been defined in relation to one another scientifically philosophically and theologically Now synthesized for students The Concept of Woman is the ideal textbook for classes on gender in Catholic thought Allen surveys Greek philosophers medieval saints and modern thinkers to trace the development of integral gender complementarity This doctrine a living idea according to the criteria of John Henry Newman affirms the equal dignity of men and women and the synergetic relationship between them Allen pays special attention to John Paul II s contributions to this holistic idea of gender Readers will gain valuable context for current debates over womanhood and come to a greater appreciation of human personhood

This Is My Flesh Jae Hyung Cho, 2022-01-28 In John 6 51 59 John describes the Eucharist of Jesus by modeling Dionysus In particular John 6 53 unless you eat the flesh of the Son of Man and drink his blood you have no life in you is one of the most difficult verses found anywhere in the Bible To explain this a new approach is needed when one consistently contemplates why John uses flesh instead of body and This is my flesh instead of This is my body The Dionysiac ritual of eating and tearing raw flesh shows cannibalistic elements Unlike other negative descriptions of cannibalism in ancient literature Dionysus is described as both an eater and a giver of raw flesh By reevaluating the negative term of cannibalism John positively applies this Dionysiac cannibalism to the Eucharistic words in 6 51 59 Because emphatically and slightly ironically scholars arguments show that John 6 is still a hard teaching of Jesus Jesus hard saying 6 60 is a consequence of this cannibalistic language and the ambiguous features of Dionysus

The Joy of Duty James Dillon, 2023-11-25 A corporate executive is miserable and seeks the help of a psychotherapist A college

World Savors and Messiahs of the Roman Empire, 28 Bce-135 Ce Milo Kearney, James V. Zeitz, 2009 The first half of the book examines the past history of the contributing cultures in order to understand why this phenomenon occurred at this time and place It reviews the expectations or prophecies of a coming World Savior in the Zoroastrian Mithraic Jewish and Greco Roman communities Prophecies actual or perceived which dated the appearance of such a Savior are considered The second half of the book looks at the acclaimed Roman Jewish Samaritan and Greek Savors of the Soterial Age itself The question of why Jesus followers eventually prevailed over the others is addressed and the phenomenon is placed in a universal perspective with a review of soterial expectations in early religions around the globe The book concludes with the impact of the soterial movement on the Roman Empire and later Western World

Virtues from Hell: Survivors of Conflicts and the Reconstruction-Reconciliation Processes Fidèle Ingiyimbere, 2022-01-01 This book offers a critical examination of certain ideas and values such as remembering forgiveness story telling through Truth and Reconciliation Commissions etc that under gird the transitional practices and mechanisms of societies emerging from conflicts It does so by making the survivors experience the supreme and ultimate judge of the legitimacy of such practices While many scholars have dealt with these topics this book provides a unique perspective on them by using personal stories narratives and memoirs of the survivors as a checking point of the theoretical elaboration of these ideas and values By means of an existential phenomenological analysis of the situation of survivors of gross human rights violations the book assesses how many resources are still available to them so that they can contribute to the processes of reconstruction and reconciliation of their societies This analysis constitutes the background for reading the rest of the book which challenges some assumptions and presumptions of transitional practices such as healing through truth telling or providing justice through reparations It does so by presenting nuanced suggestions on the ways survivors can participate in the reconstruction reconciliation processes without jeopardizing their own well being
