THE ENGLISH

A PORTRAIT
OF A PEOPLE

'A witty, argumentative
and affectionate book
bursting with good things'

DAILY TELEGRAPH

The English A Portrait Of People Jeremy Paxman

Robert Murphy

The English A Portrait Of People Jeremy Paxman:

The English Jeremy Paxman, 2007 What is Englishness Jeremy Paxman seeks to find out In so doing he ponders such questions as why do the English feel persecuted What is behind their obsession with games Where did the funny attitudes to sex and food come from Witty and argumentative The English presents a people unclothed *The English - A Portrait of a People* by Jeremy Paxman Michael Birklein, 2001 **A Tale Told by an Idiot** Richard Taylor, 2013-02-28 This is a story about one man's struggle to overcome class discrimination poverty and abandonment in order to achieve success wholeness and recognition It does not always make light reading but as with anything in life there are humorous elements A mixture of narrative storytelling and academic investigation provides the necessary balance for discussing a difficult subject From earliest childhood memories the reader is taken through the commotion of school life and ultimately beyond into the world of work There is a gradual reversal of roles as the ideas applied to the writer in his youth are turned outwards upon his entourage and subsequently the rest of society One need not always agree but hopefully the book will provide at the very least food for thought and demonstrate the limitations of any idea when taken to the extreme **British Cultural**

Identities Mike Storry, Peter Childs, 2002 The second edition of this successful book analyses contemporary British identity from the various and changing ways Right up to date it covers such phenomena as Posh and Becks Big Brother the Millenium Dome and Harry Potter *The Image of the English Gentleman in Twentieth-century Literature* Christine Berberich, 2007-01-01 Christine Berberich shows that the English gentleman has proven to be a remarkably adaptable and relevant ideal that continues to influence not only literature but other forms of representation including the media and advertising industries Paying particular attention to the relationship of nostalgia to Englishness Berberich demonstrates that twentieth century depictions of the gentleman have much to tell us about rapidly changing conceptions of national class and gender identity *The fall and rise of the English upper class* Daniel R. Smith, 2023-04-18 The fall and rise of the English upper class explores the role traditionalist worldviews articulated by members of the historic upper class have played in British society in the shadow of her imperial and economic decline in the twentieth century Situating these traditionalist visions alongside Britain's post Brexit fantasies of global economic resurgence and a socio cultural return to a green and pleasant land Smith examines Britain's Establishment institutions the estates of her landed gentry and aristocracy through to an appetite for nostalgic products represented with pastoral or pre modern symbolism It is demonstrated that these institutions and pursuits play a central role in situating social cultural and political belonging Crucially these institutions and pursuits rely upon a form of membership which is grounded in a kinship idiom centred upon inheritance and descent who inherits the houses of privilege inherits England **The Faith of the English** Nigel Rooms, 2012-03-29 How Christian are the English How English is their Christianity These questions are probed by Nigel Rooms in a book which is both readable and scholarly If England is a mission field how is Christian faith to be understood by the English And how are English

Christians to become aware of the links and the tensions between their own culture and their faith This book is important reading for Christians in search of self understanding for all who seek for a renewal of Christian faith in England and for the many English people who are curious about the part that Christian faith continues to play in the national culture John M Hull Emeritus Professor of Religious Education University of Birmingham **The Living Church** ,2000-07 Langues et littératures Collectif,,Andrée-Marie Harmat,Lance Hewson,2001-09-18 La plupart des textes rassemblés ici ont été rédigés pour le colloque international Linguistique et langue anglaise qui s'est tenu Toulouse les 7 et 8 juillet 2000 Des linguistes des traductologues et des stylisticiens ont mis en lumière la nécessaire homogénéité de leurs outils respectifs lorsqu'ils sont appliqués à ce qui constitue le dénominateur commun de leurs diverses approches la langue En effet on peut difficilement envisager de faire passer la spécificité d'un texte d'un encodage de départ donné un encodage d'arrivée choisi pour le traductologue d'y découvrir la trace de mécanismes fondamentaux pour le linguiste d'identifier des marqueurs de subjectivité créant des écarts par rapport à une norme plus ou moins établie pour le stylisticien sans tenir compte des structures nonciatives et syntactico-sémantiques d'une ou plusieurs langues naturelles Most of the papers in this volume were written for the international conference on Linguistics and the English Language which was held in Toulouse on July 7 and 8 2000 Their authors linguists translation specialists and stylisticians underscore the necessarily homogeneous character of their scientific tools when applied to what obviously constitutes the common ground of their respective approaches language Indeed one can hardly aim at translating the specific encoding of a given source text into the chosen encoding of a target text at bringing out the traces of basic language mechanisms at highlighting the markers of subjectivity generating significant deviations from more or less pre-established norms without being fully aware of the enunciative syntactic and semantic structures of one or several natural languages This is precisely what each of the contributions selected for this volume tries to achieve with its own specified methodological device **Civilisation and Fear** Wojciech Kalaga,Agnieszka Kliś,2012-03-15 Paradoxically if nature has always been a source of fear civilisation its other and at the same time the epitome of progress and order has not only doubled fear itself but also added its new sister anxiety In effect the notions of civilisation fear and anxiety can hardly be separated Fear either linked with anxiety or distinct from it lies at the foundation of civilisation which as much promises to shelter us from these afflictions as it does proliferate them Confronted no longer with the adversary powers of nature humans have to face now the adversary powers produced by their own endeavours and ideologies Each effort aimed at attaining an equilibrium results in new unexpected rifts and breaches into which fear and anxiety grow Out of the games played between fear and civilisation there emerge new versions of the human subject homo anxious homo civilis homo rationalis This volume represents a collection of papers devoted to the many various relations between fear and society culture and civilisation both Western and Eastern contemporary and past The articles collected here approach the relationship of civilisation fear anxiety and the subject from multiple perspectives Relating to modern critical thought

including that of Kant Freud Derrida Kierkegaard and Heidegger they investigate the objects causes and effects of fear reality nature reason libidinal excess atheism critical discourse technological advances conspiracy terrorism capital punishment the diversity of cultures and the breakdown of civilisation as a whole most of all however they explore the various shades of fear itself

The Origins of the British Stephen Oppenheimer,2006-11-07 History has long maintained that the Anglo Saxon overtaking of the Iron Age Celts was the origin of the British people Celtic Britain reconstructs the peopling of Britain through a study of genetics climatology archaeology language culture and history and overturns that myth and others The Anglo Saxons who supposedly conquered the Celts contributed only five to ten percent of the British gene pool The Atlantic Celts long believed to have migrated to Britain from Central Europe around 300 BC during the Iron Age can be linked genetically to the people of Basque country And linguistic evidence suggests that besides Celtic languages a Germanic type language similar to Norse was also spoken in Britain long before the arrival of the Anglo Saxons In this groundbreaking study Stephen Oppenheimer explains the surprising roots of the present day cultural identities of the English Irish Scottish and Welsh *Edward Bulwer-Lytton's England and the English* Joachim Mathieu,2001

The British Cinema Book Robert Murphy,2009-03-31 The history and characteristics of the British cinema are covered in a range of essays in this book each written by an expert in their field **Biography** ,2001 *The Historian* ,2002

The Cultural Roots of British Devolution Michael Gardiner,2004 Arguing that cultural devolution preceded and indeed forced political change the author places this change in the context of post imperial Britain in the second half of the 20th century and looks at how underground cultures such as rave may have laid the foundations for a post British culture *Anglophone Cultures in Southeast Asia* Rüdiger Ahrens,2003

Fodor's See It Britain, 2nd Edition Fodor's,Fodor's Travel Publications, Inc. Staff,2006-11-07 Fodor's See It Britain is perfect for travelers who want to understand English history and culture before they arrive and experience the country like a native Brit while they're there Overflowing with brilliant color photography this is the only illustrated guide that provides the practical information that you need while traveling complete restaurant and hotel reviews with exact prices for lodging and dining not ranges plus time saving tips and how to avoid crowds exact admission prices to key sights great photo stops and special notes on kid friendly attractions throughout Hotels Our detailed reviews represent the best accommodations in Britain in all price ranges From five star luxury hotels to low budget pubs if you can stand a little late night noise we'll tell you what to expect in terms of price and quality through extensive coverage of hotels and their surrounding neighborhoods exact prices of double occupancy rooms including breakfast plus pictures of hotel facilities and guestrooms Restaurants If you want to experience the best that Britain has to offer pay particular attention to our outstanding restaurant coverage that will help you choose from the 5 000 local eateries that cater to every budget and dining experience From affordable fish and chips at local pubs to places where you can splurge on a romantic candlelit dinner like Midsummer House Restaurant in Cambridge you'll find it in See It Britain Each
